BUSINESS NOTICES.

WOMAN. What is the right of the ballot to a woman of mared with her privilege of enjoying health and happiness in the charmed circle of her social and domestic relations? Among the many discoveries tending to promote the happiness and advancement of the human race, nothing is so intimately connected with the health and happiness of women—the centre and source of our highest earthly enjoyments—as the discovery of a remedy which meets her peculiar wants, and fits her for the enjoyment of life, and for ministering to the happiness of those with whom she is associated in the tender relations of sister, wife and mother. This remedy is found in Dr. J. Bradheld's Female Regulator, "Women's Best Friend." By it woman is emancipated from the lilis peculiar to her sex. Before its magic power all irregularities of the womb vanish. It cures 'whites," suppression of he 'menses," and removes interine obstructions, at cures constipation and strengthens the system, braces the herves and purifies the blood, and thus doing, it does more for her, and through her, for the whole human family than any discovery of modern times. It never falls, as thousands of women will testify. Prepared by Dr. J. Bradheld, Atlanta, Gs. Pric.— has size. 75c; large size, \$1.50. For sale by all druggists. Proclamation-Freedom for Women.

# No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron BITTERS is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case. take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron

Cin., O., Nov. 16, 1881. Gents :- The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity: and if applied, will save hundreds who resort to saloons for temporary recuperation.

Brown's Iron Bitters has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

The Charlotte Observer.

Index to New Advertisements. J.jT. Williams-Skating Rink Be opened. S. Watson Reid and others-To Contractors.

HOME BRIEFS.

Charlotte Commandery No. 2, K T, to-night-Masonic Hall.

The skating rink reopens this evening for the balance of the season. There will be a meeting of the Chamber of Commerce in their new quarters this evening.

The Buford House got twentysix passengers from the Richmond and Danville train Tuesday night. Judge Mackey, of South Carc-

lina, passed through the city yesterday on his way home in Chester, from Washington city. Mr Frank Devereux, a work-

man at Liddell's machine shops, was painfully hurt yesterday by a heavy piece of machinery falling on his foot. A second skating carnival is to

be given at the rink for the benefit of

the McSmith band, and the first Tues-

day evening after Lent, is the time set

for it. Mr Jack Myers one of the able members of the House from this county, returned home yesterday morning. Mr Bailey has been detained in Raleigh

by sickness. Father Wright, pastor of the Catholic church in this city returned home yesterday afternoon from Charles ton, where he had been to attend Bishop Northrop's installation.

A man named Hargraves was killed by a freight train on the North Carolina Railroad, between High Point and Lexington Tuesday. His body was taken to High Point, his home. We could not get at the particulars.

Col. L. C. Jones, superintendent, accompanied by Maj. J. C. Winder and Capt. J. M. Robinson, passed up the Carolina Central road in a special car to Shelby yesterday afternoon. They every movement of the old man. They will be in Charlotte to-day.

The new iron stairway along the side of Dr. T. C. Smith's, drug store, is quite an improvement on the old one. It is only twenty inches wide, and it is not every man in town that can go up

The Patrick suit vs the Richmond & Danville Railroad, was by consent of both parties continued until the next term of the Superior court. Col Andrews and party left the city at four o'clock yesterday morning, returning to their homes.

Mr Otto G Gorter, who made many friends in this city during his stay among us in 1881, was accidentally shot in Baltimore about the last of February, and died a few days since from the wound. Mr. Otto superintended the erection of the machinery at the Hopewell mine.

Mr. J. E. Wofford and Mr. M. L. Furr, of Cabarrus county, while camping in Carson's back lot, night before last, were bombarded with brick bats by some unknown parties. They are indignant at their treatment, and are very desirous of finding out who the bombarders were.

The wrangle about the Baptist church bell, as reported in THE OB-SERVER last Sunday, has been settled. Mr. Smith, the junk dealer to whom it was sold, agreed to let them have it back, only asking to be reimbursed for the slight expense entailed in moving the bell to his shop.

Ernest Henderson, colored, was before the mayor yesterday on charge of beating a little white boy named Will Murry. The mayor fined him \$5, but let him off with the costs on condition that his father give him a good flogging, which condition was fully complied with.

Mr. W. I. Eddins, the veteran mail agent who was transferred from the Carolina Central Railroad to the Charlotte, Columbia & Augusta road, has been put back on the Carolina Central. The colored man who was put in his place on the Carolina Central, has been transferred to the CC & A, and peace once more reigns.

The board of aldermen recently passed an ordinance requiring that all gates in the city should be changed so as to open on the inside, and a great many have accordingly been changed. There are many that still swing open across the pavement, and this is a timely suggestion to the owners that they lay themselves liable to a heavy penalty. Better change them.

If that party of young men did have an uncomfortable time riding home night before last without a stirrup to their saddles, they stood around the street corners yesterday afternoon, and had a good laugh among themselves. The practical joker who played the trick on them, had to fork over \$12 to the livery stable man for the missing stirrups. "He laughs best who laughs

Arrangements are being made to give

a grand Purim ball in this city, on the 26th day of this month. The ball will be given at the Pleasure Club's rooms. It will be given for charitable purposes and tickets of admission will be sold at \$2 each.

Dead by the Track. The engineer of the Charlotte bound freight train No. 20, when near Salisbury day before yesterday, discovered the dead body of a negro man lying by the track. The train was stopped and the body was taken on board and carried to Salisbury. What the man's name was, or what was the cause of his death we have not been able to learn. No marks were found on his body, so far as the train men knew, to indicate that he had come to his death

by any unnatural causes. is reported as having recently said: "If on the left. It has not yet it were not for me, the world would have seen three great wars less, and third story will be put. The rooms eighty thousand who died in their and halls have been wainscotted and bloom might have lived, and how many everything will be fitted up in first tears?" These men who from ambition and desire of conquest precipitate wars between nations, have a fearful record building in the rear, to be used as an to face when they stand for final judg-

ment before the omnipotent judge. The retention of any waste matter in the system produces injury. The collection of "phiegm" or diseased mucus in time of cold or throat affection should be prompily removed. Dr. Bull's cough syrup does is more quickly and effectually than any other cough syrup made.

SENATOR DAVIS' WEDDING. Happily Married at Tokay Vineyard Yesterday--His Departure with His

Bride for Illinois. pecial to The Observer. The long expected and much talked about wedding of Senator David Davis to Miss Addie Burr, cousin to Captain. Wharton J. Green, took place yesterday at Capt. Green's residence, Tokay Vineyard, near the town of Fayetteville. The ceremony was performed by the Rev. Mr. Huske, of the Presbyterian church, at 11 o'clock in the morning,

and directly thereafter, Senator Davis and his newly made bride took the boat for Wilmington. They were to arrive at Wilmington at midnight last night, and take the train for the Senator's home in Illinois. Dr W C McDuffie was the only citizen of Fayetteville invited to the feast. Miss Burr's residence is located four miles from Fayetteville and though no invitations were extended except to the relatives, and to a few near and dear friends of the bride, the house during the ceremony, and for several hours previous, presented a novel spectacle. The yard was filled with a curious, eager crowd all anxious to catch a glimpse of the Senator, but it was not until the ceremony was over and the newly married couple emerged from the house on their way to the boat that the curiosity of the crowd was gratified. Boxes were rolled up to windows and as many as could stand on them craned their necks and strained their eyes in the hope of seeing something of what was going on inside. The crowd followed the happy pair to the boat, and did not disperse until the paddle wheels began to revolve and the boat, with its happy load moved out of sight down the river. Senator Davis arrived in Fayetteville last Saturday night and a swarm of newspaper reporters alighted from the same train and kept him well under cover. Thirteen reporters for as many

did not leave him even at the end of the ceremony, but went on the boat with him to Wilmington. The attempt to make the wedding a quiet affair was an utter failure. Monday morning it was given out by the sympathetic friends of the groom that the wedding had been postponed to the latter part of the week and would take place in the town of Warrenton, but this only had the effect of making the tongue of gossip wag more vigorously. Senator Davis showed himself but very little, being driven from the depot immediately on his arrival to the bride's residence, where he remained until after the wedding. He expressed his firm determination to retire to the quietude of his Illinois home and never again to enter public life, of which he has become heartily disgusted. That his happiest dreams may be fully realized is THE OBSERVER'S wish. Our

papers in Chicago and New York, and

one special telegraph operator, com-

posed the crowd that followed the

congratulations, David. RALEIGH, N. C., March 14.-To-day at 11 o'clock, at Tokay, the residence of Hon. Wharton J. Green, four miles from Fayetteville, N. C., Judge David Davis was married to Miss Addie Burr. It was a quiet wedding with few guests—the Rev J C Huske officiating with the Episcopal service. The presents

were numerous and costly. At one o'clock the happy couple left on the steamer Murchison, which had been specially prepared and beautifully decorated, for Wilmington. He was accompanied by Judge Otto, Mr and Mrs Thatcher, Dr and Mrs Cook and Miss Cook.

The bride is a native of Massachusetts, but her parents have resided in Illinois. Her aunt married first Captain Ellery and by him had a daughter. She afterward married Gen Green, of North Carolina, who by a previous marriage had one son, W J Green, who inter-married with Miss Ellery. Miss Burr is a most accomplished and

elegant lady of 35 and has made her home chiefly with Mr and Mrs Green. The affair was elegant in all its surroundings. The bridal party will make a tour of the North and West.

A Little Premature, but Something

Coming. While in this city Col Talcott said nothing about his rumored change of base from the Richmond & Danville to the Coast Line, and the appointment of Col Rives to be general manager. It was given out as understood, though, that the rumor is correct in some particulars, but is a little too previous. Some important developments are expected to be made at the meeting of the board of directors shortly to be held in Richmond. Speaking of this rumored change, the Richmond State says that about a week ago we published a paragraph from the Baltimore Sun, in which it was stated that Col A L Rives, general manager of the Mobile and Ohio road, had been offered the position of general manager of the Virginia Midland. Paragraphs have since been going the rounds that Col Rives has accepted the position of general manager of the Richmond and Danville system, including the Virginia Midland. Upon inquiry at Richmond and Danville headquarters to-day we learn that the position offered to Col Rives is not that of general manager, but second vicepresident of the Richmond and Danville, which office is now vacant. fact that the livery stable man who Should he become second vice-president of the Richmond and Danville railroad he will be made vice-president of each road in the system. His office will be in Richmond."

Work on the City Hall.

The reporter yesterday made an inspection of the new city hall, which is now being rapidly put in readiness for occupancy. A small but handsome portico from the second story windows adorns the front of the building, and other little improvements to be added will greatly change outside appearances for the better. The mayor's room will be the first room to the right on entering, and on the left is the office of the city clerk and treasurer. The second story will be used as a fireman's hall on Prince Bismark is in failing health, the right, and a council chamber meetand suffers much from neuralgia. He ing room for the board of aldermen been decided to what use the parents, brothers, sisters, widows, class style. Masons are at work on the would have been spared their grief and brick addition to the north side of the building, to be used as the house for the Hook and Ladder truck and on another engine house. The city government will take charge of its new quarters about the 1st of May, if not before.

Hogdord' Acid Phosphate is recommended for headache occasioned in indi-gestion, and whenever there is a general feeling of sluggishness and lack of energy. The Louisiana Drawing.

Pull out your tickets and compare the numbers. The following is the list of figures that drew the big prizes in the monthly drawing of the Louisiana State Lottery last Tuesday: No. 8,564 drew \$75,000; No. 29,669 drew \$25,000; No. 93,395 drew \$10,000; Nos. 84,710 and 91.172 drew \$6,000 each. Each of the following numbers drew \$2,000: 1,745, 8,284, 25,616, 25,678 and 22,847.

Called Meeting of the County Commis-

sioners. The board of county commissioners will meet in called session next Monday morning for the purpose of appointing judges and registrars of election for Charlotte. Besides appointing for Charlotte, the board will also appoint judges and registrars for the towns of Pineville, Huntersville, Davidson College and Matthews Station. The board may transact some other business, but the meeting is called for the special purpose stated above.

Prizes for the Farmers. Mr M E Crowell, an enterprising merchant of Matthews Station, who advertises extensively in the WEEKLY OBSERVER, has struck upon the idea of giving premiums to his guano customers. A ticket with a number on it is given to every farmer who buys a ton of guano, and when three hundred tons have been sold the drawing takes place. The first distribution of premiums was made this week, and Mr W A Noles, who held No 299, drew a ton of guano. Mr J S Grier, who held No 166, drew a ton of acid. The drawing scheme seems to take well, and Mr Crowell has announced a second distribution of premiums to take place on the 1st of November.

Branch House Opened in Texas. Mr Walter Liddell has gone to Dallas. Texas, to take charge of a branch manufacturing house of Liddell & Co, of this city, recently opened there. The shops in Dallas will only turn out wood work for the construction of the "Boss" cotton press, all the iron work necessary being made at the shops here and shipped to Dallas. The demand for the Boss press out West is so great that the enterprising manufacturers found that the cheapest way to do would be to establish a branch factory in Texas, and make them right in the midst of the people, who can get them without having a big freight bill to pay. Liddell & Co also have a branch factory in Montgomery, Ala.

Judgment in Favor of Chalk for \$1.

073.06. That tough old suit of G. W. Chall vs the Charlotte, Columbia & Augusta Railroad, went off the docket last night in a victory for the plaintiff. All day long the court heard the wrangling of the lawyers and just before sundown the jury were permitted to retire for deliberation. They hung fire for a couple of hours, but about 8:30 o'clock last night they came in with a verdict in favor of the plaintiff for \$1,073.06, this being what they considered to be the value of the flour destroyed in the fire, and for which the railroad company in whose depot it was stored, was responsible. A good deal of interest was manifested in the progress of the trial, and the verdict of the jury is just about what everybody expected it would be.

St. Patrick's Day.

The observance of St Patrick's day is becoming more general by the Irish people in the South, since the past few years, and it will be more extensively observed this year than on any previous time. There will be no public display in this city, but a large party of Irish citizens have arranged to go to St Mary's College in Gaston county and celebrate the day in fitting style. The day falls on Saturday the 17th. In Wilmington, as we learn from the Review, there will be no imposing demonstration, but in the morning, the Hibernian Benevolent Association will meet at Germania Hall, where they will march in procession, with Mr John W Reilly as chief marshal, to St Thomas' Catholic church, where they will listen to a sermon appropriate to the occasion. Thence they will return to Germania Hall, and elect the necessary officers for the ensuing year, after which they will adjourn.

Marriage Last Night. The parsonage of the Tryon Street Methodist church was last night the scene of a happy occasion, being the wedding of Mr Frederick C Moles, to Mrs Sallie A Murray, widow of the late PM Murry. Rev J T Bagwell performed the ceremony in the presence of a few friends of the groom. Mr Moles is a son of Rev Adam Moles, D. D., of Belfast, Ireland, and has been in this country only about two years. Since his stay in this city he has won many friends, all of whom extend their right hand to him in his good luck and wish him endless prosperity and happiness. The wedding as a quiet affair was a great deal more successful than was that of Sehator Davis, and but for the the carriage to Fred, got into the secret he might have gone home with his bride and no one except the parson and a couple of witnesses would have been any the wiser until this morning.

Disappointment in matters of pleasure is hard to be borne, in matters affecting h aith i. b. comes cruel. Dr. Bull's cough syrup never disappoints those who use it for obstinate coughs, coids, irritation of throat and lungs, etc.

Wando Phosphate Company. Attention is directed to the advertisement of this company, whose fertilizers are so favorably known in this State.
