DENONCING THE COURT.

It will be noted that the speakers in the few indignation meetings that have been held to protest against the recent civil rights decision of the U. S. Supreme court, with but few exceptions, took occasion to denounce in unmeasured terms the action of the court. They seem to regard that court as a partisan body whose business it is to render partisan decisions, and therefore as the court was composed of a majority of Republicans it should have perverted the law to sustain the unlawful enactments of a Radical congress. The fact is that Republican judges, with few exceptions, have been so long the tools of the party managers that any departure from that line creates surprise and indignation among a certain class of politicians, who set party success above the law. What increased their surprise and indignation perhaps the more was the fact that the decision was rendered by Judge Bradley who achieved world-wide notoriety by the conspicuous part he took in the grand steal of the presidency in '76, in which he won the imperishable soubriquet of Alton Joe. They evidently did not look for any honest interpretation of law on a question of a political nature from such a source.

One of the best signs of the times is that the courts are delivering opinions which call down upon them the indignation of Republican politicians, a pretty sure index that they are returning from their erring ways.

CIVIL SERVICE REFORM.

How M. C. O'Hara, Colored, Plays the Fiddle and Collector Young Dances.

As an illustration of how civil service reform works in this State we publish the following rich and interesting note to Deputy Dudley, colored, from Col. I. J. Young, collector of the 4th district, which we find in the Newbern Journal of the 25th instant. In view of the pretended civil service reform it is entertaining reading. Here it is:

U. S. INTERNAL REVENUE. COLLECTOR'S OFFICE, 4TH DISTRICT, NORTH CAROLINA. RALEIGH, Oct 16th, 1883. E. R. DUDLEY, Esq. Sir:—Hon. J. E. O'Hara has just been to see me and insist on your removal. I hope you and your friends will appreciate my position and the partiality I have shown you by retention so long against the demand and wish of our M. C. I had hoped that time would soften him and bring about some concessions and I yet feel in patience and forbearance on the part of yourself and friends that all differences may be healed and equal justice done to all concerned. I shall appoint Mr. Palmer your successor. Be ready to turn over to him Nov. 1st.

Very Respectfully, I. J. Young, Collector. A STRANGE CASE. How a Man Struck into a Bed of Coals and was Burnt Up. PITTSBURGH, Oct. 26.—A special from Kent, Ohio, reports that yesterday Samuel Beihl, aged 24, who had been working for a week at Day, Williams & Co's glass works, was standing by the furnace just after the retort had been placed in it, when one of the workmen told him to stand aside as he wished to get at the furnace. Beihl replied, and throwing his pipe on the ground he plunged headlong through a ring whence melted glass is taken and passing over a pot landed on intensely hot coals that surrounded it. So sudden and unexpected were his movements that no effort could be made to restrain him. The heat was so great that death must have been instantaneous. A simple breath drawn in that fiery furnace would have shrivel the lungs. There were but few fragments left of the body.

WASHINGTON, Oct. 26.—Surgeon General Hamilton of the marine hospital service received a telegram from commander Welch of the Pensacola navy yard to-day reporting that an agreement had been reached between himself and the president of the board of health to continue the cordon around the navy yard until November first. St. Louis, Oct. 26.—A dispatch from Walnut Ridge and other places, received late last night say that the men who stopped the train on the Iron Mountain Railroad, were wood choppers, who were expecting a lot of supplies, and when they found that the goods were not aboard the train retired without further demonstration. This dispatch corroborates reports from Little Rock.

An elastic step, buoyant spirits, and clear complexion, are among the many desirable results of pure blood.

The possessor of healthy blood has his faculties at command, and enjoys a clear and quick perception, which is impossible when the blood is heavy and sluggish with impurities. A great Sarsaparilla is the best blood purifier and vitalizer known.

CITY COTTON MARKET. OFFICE OF THE OBSERVER. CHARLOTTE, N. C., Oct. 27, 1883. The city cotton market yesterday closed steady at the following quotations:

SOME PEOPLE.

SOME PEOPLE are complaining nearly all the time, without having very much cause for complaint. They have fallen into the habit of it, and would not be happy unless they thought they had something to complain about.

SOME PEOPLE can endure a great deal of pain without making much noise about it. When they suffer severe wounds or terrible surgical operations, they simply set their teeth and resolutely determine not to utter a cry or a groan. These are the heroes.

SOME PEOPLE are all the time suffering from inward troubles which the outside world know nothing about. The cause of their suffering is hidden, but the pain is there, deep, bitter, and constant. Dyspepsia has its martyrs, many of them brave, patient, and enduring.

SOME PEOPLE, if they did but know it, are putting themselves to a great deal of needless trouble and worry in harboring pains which they might as well be rid of as not. Why don't these people try Brown's Iron Bitters? This is an iron medicine, compounded with the highest degree of skill. It drives dyspepsia out, and gets rid of dyspeptic pains. It scatters rheumatism and relieves rheumatic sufferers. It regulates torpid livers, and relieves people from liver complaint. It tones up the nerves and banishes neuralgia. It enriches the blood, and gives it a good red color, strengthening the system and giving health instead of disease, and pleasure instead of pain. Ask your druggist for a bottle of Brown's Iron Bitters.
