The Charlotte Observer.

(ENTERED AT THE POST- FFICE AT CHARLOTTE,

A PROPOSED STATE EXHIBITION. The success of the North Carolina exhibit at Boston, which closed last week, attracted such universal attention, and was so gratifying that a move has been started in Raleigh for a grand State exhibit at Raleigh some time next Fall. At a meeting of citizens last Friday evening it was proposed, favorably considered and a committee appointed to cooperate with the State Agricultural Department, and citizens of the different counties of the State who may take an interest in it, to the end that it may be made a grand success. We endorse the movement. But don't let Raleigh undertake this thing unless she means business and intends

to labor to make it a success. She must not count upon the work altogether of the Department of Agriculture, nor depend upon putting on exhibition the Boston display, which though good, very good, is not as good as it might have been had there been more time for the collection and more money at the disposal of those who had it in charge. The exhibit should be a complete representation of the varied products of the State, of field, forest, mine manufactory and shop, with samples of the soils and stratifications of the different sections, with the chief products of each section carefully noted. By securing the active assistance of a competent man in each county, a man of push and intelligence who would take an interest in the work, such a collection ready on hand, as to astonish not on ly visitors from abroad, but even North Carolinians, many of whom, even among the well informed, have but a faint conception of the magnificent resources of their own State.

In order to make the exhibition the more attractive let our neighboring States be invited to participate in it, an invitation which some of them

eration we trust steps will be taken to secure a representation of our pro- A Family Poisoned by Belogna Sauducts at the exposition which is to be held at New Orleans in December of 1884, which promises to be one of the most colossal affairs of the kind ever held in this country. We have a full year to work on that, and in the meantime with the collection already on hand and such additions as may be made to it, North Carolina can make such a display as was never s en under one roof anywhere, and one that would far surpass her Boston exhibit, splendid as it was.

To-day elections will be held in ten States, and to-night there will be a good many sick politicians.

WILD VENGEANCE.

Fiendish Work of a Revenge Seeking

ST. ALBANS, VT., Nov. 5.—A train on the Mississguio road due here at 1:05 a. m., was thrown from the track near North Enosburg, this morning by a misplaced switch and the engine was precipit ted into the river. The engineer Thomas Flood, jumped off and had both legs broken and his skull fractured. The fireman, Fred Hanver, went down with the engine and was killed. There is strong evidence to prove that the switch was turned on the gravel track and then locked by one Ed Ellis, brakeman on the Southeastern road, in revenge for being forbidden to ride on the train without a pass. The fireman's body was found between the engine and tender. Flood is not expected to re-cover. There are persons who say they saw Ellis hurrying through the woods at the time the train left the track. Some men at once went in pursuit but at last accounts had not caught him. No passengers were hurt, the breaking of a rail having thrown the passenger cars up on a sand bank.

A FOUL MURDER.

A Boy Murdered by a Heartless Father

PRINCETON, WIS., Nov. 5.—Mrs. Ellen Long, a widow, and L. S. Whitmore, father of the boy found in the river with his throat cut, have been arrested for the murder. The detectives who took the case had their suspicions turned to Mrs. Long, because of rumors that she had once attempted to poison Whitmore's wife, and failed. In searching her house they found bloody clothes which she had worn up to the time of the murder, and a butcher knife and two razors stained with blood. In a well on her premises was found a club with blood marks on. The neighbors say that a criminal intimacy has existed between the widow and Whitmore, and that it was known to his 11-years old son who was probably thus disposed of to stop the scandal. The boy was missing for 10 days but the father made little effort to find him. The theory is that the boy was killed by Mrs. Long in her cellar, and that the father carried the body to the river and hid it in the place where he pretended to first discover it to days later.

China Astonished.

London, Nov. 5.- The Marquis Ti Seng, the Chinese ambassador, has received a telegram expressing the utmost astonishment of the Chinese utmost astonishment of the Chinese government at the statement contained in the dispatch of M. Tricon to Prime Minister Foci that Le Hung Chang did not agree with the course pursued by the Marquis Ti Seng in the Tonquin matter. Both the government of China and Le Hung Chang deny having expressed the slightest desire that M. Tricon should remain in China as the French agent and testify their unqualified approval of the manner in which the Marquis Ti Seng has carried out his instructions on the Tenquin question. on the Tonquin question.

Glass Works Burned.

CHICAGO, Nov. 5.—A special dispatch to the Daily News from Lasalle, Ill., says, two of the three furnaces of the Desteiger glass works were burned this morning. Loss about \$50,000; insurance \$7,500. One hundred and fifty workmen are thrown out of employment.

Hysrama and Nervous Prostration.

We give our readers an extract from a cheerful letter, written by Mrs. Elizabeth Smith, of Richmond, Ind., who says: 'Samaritan Nervine cured me of hysteris and nervous prestration."

VIRGINIA EXCITED.

The Danville Rist Comes Near Causing Frouble in Fredricksburg -- A Fever-

1sh Feeling Throughout the State. NEW YORK, Nov 5 .- A special dispatch to the Evening Post from Richmond says the riot which occurred at Danville Saturday evening has produced a most intense feeling all over the State. White people in all sec-tions are highly indignant over the outbreak and the influences that led to it. This morning a disturbance took place in the town of Fredricks-burg which almost brought about serious trouble. Capt. Morris Rowe, a prominent white citizen of that place, while discussing the Danville riot was overheard by a negro named Street who denounced a statement about the riot as a funder outrage. The negro knocked Rowe down, Rowe succeeded in getting him off and beat him pretty smartly. The affair attracted a large crowd of whites and blacks. For a time serious trouble was anticipated but it was prevented. There is feverishness in nearly all districts in the State and fears are entertained that other riots will occur in several places to-morrow, if not to day. More arms have been sold in the State in the past ten days than ever before in a time of peace except probably just after the war.

DISTURBED DANVILLE.

The City Under Special Police and Military --- Proclamation by the

DANVILLE, Nov. 5.—The city remains under control of the military and the town sergeant. Mayor Johnston this afternoon issued a proclama-tion in which he says all good citizens deprecate the present disturbed conthe restoration of peace and good order. He has appointed eleven special constables for each ward and called into service the Danville Grays could be made, in addition to that al- as military coadjutors of this special constabulatory: He says further: "So complete and reliable is this arrangement for the preservation of the peace and protection of the town, that I feel fully warranted in assuring my fellow citizens that peace and order will be maintained. I therefore call upon all good citizens to resume their usual avocations, and cease ap pearing upon the streets armed with shot guns and other weapons, and thus, by pursuing a quiet, conserva-tive course, you will aid and assist would doubtless accept with pleasure. me in restoring peace and good order, Whilst this matter is under consid- as all good citizens should do.

READING, PA, Nov 5.-Calvin Haines, his wife and three children, residing at Topton, ten miles from here, were poisoned last night by eating bologna sausage purchased at the village store. They were all seized with spasms and vomiting. Two daughters who had not eaten any of the bologna were not attacked. The youngest child died and the others are very ill.

Dismissed for Fraudulent Practices. WASHINGTON, Nov. 5 .- Postmaster General Gresham has dismissed Postal Inspector Amos P. Foster, of Texas, for knowingly rendering to the department false and fraudulent accounts, and thereby obtaining money to which he was not entitled.

No Longer Needed. The old fashioned, slow acting plaster

'must go." Benson's Capcine Perous Plasters are the best 25c.

A Pretty Wide Margin

NEW YORK, Nov. 5.-E. B. Haskell, editor of the Boston Herald, writes to the Mail and Express, of this city, that Gen. Butler will be defeated by from 10,000 to 25,000 votes.

THE CONFLICT between disease and nealth is often brief and fatal. It is better to be provided with cheap and simple remedies for such common disorders as coughs, colds, &c., than to run the risk of contracting a fatal disease through neglect Dr. Wm Hall's Bal sam is a sure and safe remedy for al diseases of the lungs and chest If taken in season it is certain to cure, and may save you from that terrible disease, consumption. It has been known and used for many years in America, and it is no exaggeration to say that it is the best remedy in the world for coughs, &c Ask for Dr. Wm. Hall.s Balsam for the Lungs, and take no other. Sold by all druggists.

Further Trouble Feared.

WASHINGTON, Nov. 5.-A letter re ceived at the Bureau of Internal Revenue to-day from Danville, Va., reports that further trouble is feared there, and says threats have been made against revenue officers.

Канока, Мо., Feb. 9, 1880. I purchased five bottles of your Hop Bitters of Bishop & Co. last fall, for my daughter, and am well pleased with the bitters. They did her more good than all the medicine she has taken for six WM. T. McCLURE. The above is from a very reliable farmer, whose daughter was in poor health for seven or eight years, and sould obtain no relief until she used Hop Bitters. She is now in as good health as any person in the country. We have a large sale, and they are making remarkable cures. W. H. BISHOP & CO.

A VERY BUSY PUMP.

Your heart, if you please. It is pumping, pumping, pumping, all the time, day and night, winter and summer, hot days and cold days, storm and sunshine, pump, pump, pump goes that industrious organ.

What is the heart pumping? It is pumping your blood. Every four minutes, at the outside, every drop of blood in your body passes through that wonderful pump. From the heart the blood is sent out through the arteries. These are large tubes, branching into smaller ones. As the blood goes through them it receives from the lungs its supply of air. Your lungs are bellows, and they are working all the time, taking in pure air, and sending out the breath which is laden with the impurities the blood has brought back in its journey home to the heart by way of the veins. What is this blood that is pumped?

It is your life. Your vital fluid. Let it run out, and you die. Impoverish it, and you become weak, and puny, and pale, and miserable. Let it be laden with impurities, and you are unfitted for work, for duty, for enjoyment, for life. Keep it pure, hearty, and vigorous, and your step is firm and elastic, your mind is clear, your digestion is good, and your appe-

There must be iron in the blood that is pumped. Iron gives the color to the millions and millions of little corpuscles that are in the blood. These corpuscles are so small that 1300 of them when placed in a line make an inch in length. Small as they are, they must be kept in prime order, or you fail. To keep the blood from becoming thin or impure, Brown's Iron Bitters is the thing you need. This builds up the system by giving to the blood the only preparation of iron ever successfully made. It is the great family remedy for weakness, de-bility, and indigestion. Buy it of your druggist.
