### THE RESULT.

The election returns which we print this morning leave no doubt as to the result of Tvesday's elections, although there are full returns from few of the States, and but meagre returns from some, but enough is known to leave no doubt as to the result. The will not suffer in the hands of his Republicans have carried New York, Pennsylvania, Connecticut, Massa chusetts, Minnesota and Nebraska, while the Democrats have carried New Jersey, Maryland, Virginia and Mississippi. Of these the Democrats hoped to carry New York, while Massachusetts, Connecticut, Pennsyluania, Nebraska and Minnesota, it was conceded would probably be carried by the Republicans. In New York the Democrats had a candidate U. H. Parker, Secretary, is as fol for Secretary of State who was op- lows: posed by the liquor interests on account of his prohibition record, and seems to have been opposed by numbers of Catholics, for some reason. The Democracy of Pennsylvania was handicapped by a legislature which failed to meet popular expectation, and which has sat in extra session several months doing nothing at an enormous cost to the people.

The Republicans were hopeful of carrying Maryland on account of party dissensions among the Democrats, also New Jersey, and felt quite confident of carrying Virginia where Mahone had all the aid the Washing ton administration could give. Their disappointment at losing Virginia is great because it retires Mahone from the Senate and puts a Democrat in his place. All in all the Democracy have nothing to complain at over the result, although we had hoped for a better report from New York. | takings amounted to 333,469. which unfortunately is burdened with John Kelly.

SHOOFING IN STAUNTON.

Two Negroes Shot by a White Man, and a Narrow Escape from a General Rew.

STAUNTON, VA., Nov. 7.-Two neand things looked threatening when the mayor arrived and appealed to the people to disperse quietly. He said that from all he could learn the shooting was entirely improvoked and that Croghan be punished to the full extent of the law. He asked both races to act peaceable and assured them that there should be no bulldozing about the polls. If any attempts were made to interfere with voters all the power of the city should be exercised to protect every man in his rights. His speech shad a most happy effect and both crowds dispersed. Good feeling was restored and voting pro-ceeded quietly. The mayor refused to bail Crogan in any amount and committed him to jail for trial. It is impossible to obtain reliable particu-lars of the affair. There was no prelars of the affair. There was no previous difficulty between the men and vious difficulty between the men and no angry words were passed. The Democrats claim that the shooting was accidental and those of the op-posit party attribute it to drunken-ness and the feeling occasioned by the Danville riot. With this exception the day was very quiet and a tre-mendous vote polled.

# O'BONNELL'S COUNSEL.

### The Thunderer Don't Think American Counsel can appear in the case.

LONDON, October 7.-The Times dis cussing the proposal to allow Ameri-can counsel to defend O'Donnell, says to give audience to foreign counsel is novelty in England, and that no ground has been shown for making an exception in this case. It may be said without disparaging the ability of the American lawyers who offer English counsel. It is not probable that Gen. Prior will be debarred from giving to O'Donnell all possible assistance short of taking public part in the conduct of the case. More than this cannot be permitted consistently with the principles of our legal system, which in this respect resembles that of most of the American States.

### Democratic, but Somewhat Uncomfertably Mixed.

BALTIMORE, Nov. 7.-The official majority for McLane in this city 7,923. His estimated majority in the State is 12,000. Roberts, dem., for Attorney-General runs ahead of McLane, and Turner, dem., for comp-troller, acout even with McLane. Of 13 Senators, the Democrats elect 2 in the first and third districts of this city the first and third districts of this city and one in Baltimore county. Carroll, Frederick, Howard, Queen Ann, Washington and Wiconee counties, making nine, and the Republicans elect senators in Anne Arundel, Kent and Somerset, all these being Repub-lican gains, and consequently Demo-cratic loss. The Democrats gained Senators in Frederick and Washing-Senators in Frederick and Washington counties. This with five Demo-cratic and eight Republican Senators holding over will make the Senate stand 14 Democrats and 11 Republi-cans with Calvert county from which no returns have been received, yet to be heard from.

The House of delegates will be Democratic by probably 20 or more majority.

# MAHONE SHELVED.

Virginia's Democratic Majority 18,000 --Richmond Wild with Delight.

RICHMOND, VA., Oct. 7.-Prominent Readjusters here have given up the contest. There is no doubt but that the Democrats have elected a majority in both branches of the Legislature. They now claim a majority of three in the Senate and of twenty in the House which will be a senate and of twenty in the House, which will give them a majority of 23 on joint tal'ot. This insures election of Democratic United States Senator as successor of Ma-hone. If Democratic gains continue to increase at the same rate as those already received, the Democratic popular majority will reach 18,000. The wildest excitement prevails

# Batler, Silent, Disappointed bat Com-placent.

BOSTON, MASS., Nov. 7.-Gen. Butler, has refused to be intervieved and will make no statement concerning his defeat which he accepts complacently, although he acknowledges that it was unexpected. The returns in this State are complete with the exceptions of one town. Robinson's total vote is 160.161; Butler's total vote is 150.074. Almy, 1,553. Robin-son over Butler 10,087.
