FIVE MINUTES MORNING'S NEWS

BY TELEGRAPH.

The dry goods store of P. M. Harrison at Paris, Texas, was burned yesterday. P. E. Sazzarin's factory burned at New Orleans. The McEnery faction captured the Louisiana State convention.

A negro in Vicksburg, who killed a white man, while being conveyed to jail was taken from the officers by a gang of negroes and lynched.

Fire yesterday in the insane asylum on Ward's I-land. New York In the Democratic convention of Louisiana yesterday a resolution was introduced denouncing the Louisiana Lot-tery, and a heated discussion took place over the adoption of a platform. The colored committee in session at Washington yesterday denounced the freedmen's ban's swindle and the com-

mission app inted to wind it up. A freight train on the Chicago, Burlington and Quincy railroad yesterday telescoped a Pullman car on a passenger train, which caught fire and burned up One person instantly killed and several

injured. Ten men charged with being engaged in the dynamite conspiracy in Glasgow, Scotland, were convicted and sentenced

The chief officer of the ship Regina. wrecked at sea was rescued by a Briti-h bark. The remainder of the crew are

The Czar of Russia had his shoulder injur-d by being thrown from a sledge A broken rail on the Alabama and Great Southern railroad, near Acron Ala., yesterday threw the sleeper down an embankment and injured Jos. Lynch, of Cincinnati.

Thirty eight men were left on the Spanish steamer St. Augustine. which was burned on the Bay of Biscay, and it is thought they were all lost. Fourteen thousand hands in the Lan

cashire cotton mills are idle in consequence of a strike. 4 report has reached London that the French forces have captured Sontay.

Admiral Courbet reports his loss in the battle at Sontay a: 3 officers and 67 men killed and 10 officers and 170 men It is reported that some pretty hard fighting was done at points about Son-

tay the French carrying some of them with the bayonet For his victories in Tonquin Admiral Courbet has been gazetted as a grand officer of the Legion of Honor.

A very bold attempt was made in King's Mountain night before last by nine masked men to kidnap a tamily of children Four of the men were captured and jailed. Great excitement pre vailed.

WORLD'S EXPOSITION AT NEW ORLEANS.

After procuring a charter from the National Congress, more comprehensive than that granted to the centennial of '76, the National Cotton Planters' Association of America, on the 24th of last April located the World's | perous condition under the progres-Exposition and Cotton Centennial in tion, asserts that the public schools of the city of New Orleans, under a the State demand the fostering care Exposition and Cotton Centennial in pledge from fifteen hundred of its of the government, and that, though citizens, that the sum of \$500,000 would be raised to insure its success.

The citizens of New Orleans, under the leadership of men of ability and prominence, have gone bravely in o the enterprise and have subscribed the \$500,000 required by their pledge, but not content with this the capital stock has been increased to \$1,000,000, and this additional stock is now being rapdly taken. During this time, the city government of New Orleans has not been idle, having made a direct appropriation of \$100,000 for the purpose of erecting a Horticultural Hall. besides having granted many municipal franchises of great value. When we remember that only about \$100,-000 was subscribed to the Atlanta Exposition, and what that accomplished, we get a faint idea of what may be expected of this truly World's Exposition.

From Commissioner-General Morehead, who is now making a tour of the States, North and South; conferring with the Governors and other State officials for the purpose of securing comprehensive State exhibits, and who is now on a visit to his kinsman, Col. John L. Morehead, of this city, we have gained much information, of a most gratifying character, concerning this mammoth undertaking. The plan of the main bulding has just been decided upon and it is most picturesque and beautiful in style of architecture, and huge in dimensions, covering no less than twenty-eight acres of ground, and being six acres larger than the main building of the centennial. It will be located in a grand park of one hun dred and fifty acres bordering the great Mississippi river for nearly a mile, and within fifteen minutes ride of the centre of New Orleans.

The park is approached by eight streets and one steam city railway, besides its access by water.

A union track for the accomodation of eight trunk lines of railway will run into a Grand Union depot on the grounds to facilitate freight and passenger traffic. It is an assured fact that railway charges for freight will be less than ever granted to any previous exposition.

Now that the success of this great national and international enterprise is assured, and all the States of the Union, as well as all the civilized nations of the world have been invited by the President of the United States to participate through collective exhibits, it behooves the people of North Carolina and the officials in charge of their destiny to be up and doing, lest the laurels so recently won at Boston be taken from us.

If North Carolina made the best exhibit at Boston ever made by any state of the Union. let it be doubled for the World's Exposition at New Orleans, for there the competition will perhaps be ten-fold what it was at

Let the plan of local county expoaltion societies recommended by the cents.

Board of Management at New Orleans, MARKETS BY TELEGRAPH. and which we are informed has already met with so much favor in Mississippi, Alabama, South Carolina and Georgia, be adopted by our State authorities, so that we may obtain a complete and comprehensive exhibit of all the resources of the State by counties-its minerals, soils, manufacturing and agricultural products. Let a generous rivalry be stimulated between the various counties as to their exhibits. Let the farmers try which can raise, the ensuing year, the best crops of every kind. Let the manufacturers vie with each other in the quality of their goods, and let our mining friends come to the front and show the value of their properties by exhaustive ex-

The State of South Carolina has just appropriated \$10,000 to make an exhibit of the resources o. that State. and while the South and the whole Union is to be congratulated upon the successful outlook of this World's Exposition, no State in the Union can make a better showing of its resources than North Carolina, if she will at once. That she will do so we have no doubt if proper efforts be made, and nothing shall be lacking

PASSED THE SENATE.

In the Senate of South Carolina vesterday, after an animated debate, the House bill limiting the power of the railroad commission, to which reference has been made in these columns, was passed by a vote of seventeen for to sixteen against. Thus the legislature has wisely modified an act which in its arbitrary provisions was doing the State an incalcul ble amount of damage.

LOUISIANA DEMOCRACY.

Denouncing the Lottery --- A Lively Squabble Over the Adoption of a Plat-

NEW RLEANS, Dec. 21.—A special to the Picayune from Baton Rouge says: The committee on resolutions of the Democratic State convention submitted majority and minority re ports. Among the resolutions of the minority is one declaring that the Louisiana Lottery company is corrupting the morals of the people and disturbing element in the politics of the State. It favors the adoption of a constitutional amendment abolishing and prohibiting all lotteries in

the state forever. Mr. Boatner offered a substitute, which was adopted, declaring hostili-A young son of Mr. M. L. Harris ty to the entire principle of lottery found a turkey and a colt too much to dealing : that the constitution de clares gambling to be a vice, yet it encourages vice in its worst form; that lotteries are not only inviting the breaching of faith and embezzle ment. but are demoralizing society. corrupting politics and impeding legislation, and concludes by demanding that the Legislature to be chosen at the ensuing election shall enact such legal measurss as are necessary for

their suppression. The platform adopted refers to the deplorable condition of the State under reconstruction, congratulates the people upon their present prossive policy of Democratic administra- Harlem much has been achieved for their promotion, a great deal more must be done to render them efficient so as to confer the benefits of education equally upon the children of every race, and opposes monopolies of all kinds. After the adoption of Boatner's amendment, given above, Marston, of Red River, demanded an opportunity to offer other amendments to the platform, which being denied, he said he would not accept such a platform, and withdrew from the hall in dis-

The majority report on platform with amendment was adopted by a vote mainly of the McEnery fa tion; ayes 236, nays 91, blank 66. An acriminous discussion preceded the adoption of the platform. Mr. Stone, of East Felciania, attacked the majority report, commenting severely on certain acts of the Democratic administration, such as land grabs, pen-with the land cases before the United States Supreme court and the latter seeking to vindicate the McEnery ad ministration against the charges made. The convention adjourned

THE FREEDMEN'S BANK.

The Colored Committee on the Bank Swindle and the flyena Commission. Washington, Dec. 21.-The Colored National Convention met this morning and appointed delegates to a convention to be held at Richmond. a., in July next. Each Congressional district was allowed two delegates and each territory one repre-sentative. Fred Douglass, B. K Bruce, of the District of Columbia. and William Merrill of Maryland were elected members of the Nationa convention from the country at large. The committee on the Freedmen's bank made a final report memoralizing Congress to reimburse the depositors and denouncing the former act of Congress in creating a co...mission at \$5,000 a year to each member | tinent o settle the affairs of the institution. In support of the adoption, Merrill the most disgraceful swindle

said that the Freedmen's Bank was that ever stained the earth or shocked high heaven. The commission appointed at \$5,000 a year each was like the hyena devouring carcass, and then like the lion smashing the bones and sucking marrow therefrom, and further more the Republican Congress made the committee pall bearers of the same carcass. The committee adjourned to meet in Chicago, June 2nd., next.

A Sleeper Telescoped ... One Life Lost and Neveral Persons Injured.

BURLINGTON, IOWA Dec. 21.-Passenger tram No. 1, of the Chicago, Burlington and Quincy R. R. ran into the rear end of a passenger train No. 5 at Gladstone, Ill., last evening telescoping a Pullman car which took fire and was destroyed. Richard Sommers, superintendent of the dining car service of the road, was instantly killed, and his body burned almost beyond recognition. Six passengers were injured but none of them it is thought fatally. Two coaches were consumed. Loss is about \$50,000 The Engineer of train No 1 did not see the rear light on train

A VERY BUSY PUMP.

Your heart, if you please. It is pumping, pumping, pumping, all the time, day and night, winter and summer, hot days and cold days, storm and sunshine, pump, pump, pump goes that industrious organ.

What is the heart pumping? It is pumping your blood. Every four minutes, at the outside, every drop of blood in your body passes through that wonderful pump. From the heart the blood is sent out through the arteries. These are large tubes, branching into smaller ones. As the blood goes through them it receives from the lungs its supply of air. Your lungs are bellows, and they are working all the time, taking in pure air, and sending out the breath which is laden with the impurities the blood has brought back in its journey home to the heart by way of the veins.

What is this blood that is pumped?

It is your life. Your vital fluid. Let it run out, and you die. Im-

poverish it, and you become weak, and puny, and pale, and miserable. Let it be laden with impurities, and you are unfitted for work, for duty, for enjoyment, for life. Keep it pure, hearty, and vigorous, and your step is firm and elastic, your mind is clear, your digestion is good, and your appe-

There must be iron in the blood that is pumped. Iron gives the color to the millions and millions of little corpuscles that are in the blood. These corpuscles are so small that 1300 of them when placed in a line make an inch in length. Small as they are, they must be kept in prime order, or you fail. To keep the blood from becoming thin or impure, Brown's Iron Bitters is the thing you need. This builds up the system by giving to the blood the only preparation of iron ever successfully made. It is the great family remedy for weakness, debility, and indigestion. Buy it of your druggist.

Gossamers.
