The following is the full text of the bill to aid in the establishment and temporary support of common schools as it passed the Senate: Be it enacted by the Senate and House of Representatives of the United States of America in Con-gress assembled, That for eight years next after the passage of this act there shall be annually appropriated from the money in the treasury the following sums, to-wit: The first year the sum of seven million dollars, the second year the sum of ten million dollars, the third year the sum of fif-teen million dollars, the fourth year the sum of thirteen million dollars, the fifth year the sum of eleven million dollars, the sixth year the sum of nine million dollars, the seventh of nine million dollars, the seventh year the sum of seven million dollars, the eighth year the sum of five million dollars; which several sums shall be expended to secure the benefits of complon school squation to all the children of the school age mentioned hereafter bring in the United States.

Section 2. That such money shall annually be divided among and paid out in the several States and Territories in that proportion which the whole number of persons in each, who being of the age of ten years and over, cannot write, bears to the whole number of such persons in the whole number of such persons in the United States. Such computation shall be made according to the census of eighteen hundred and eighty. Sec. 3. That no State or Territory shall receive any of the benefits of this act until the Governor thereof shall file with the Secretary of the Interior a statement, certified by him, showing the character of the common school system in force in such State or Territory; the amount of money expended therein during the last preceding school year in the support of common schools, not in-cluding expenditures for the kent, repair or erection of school houses; whether any discrimination is made in the raising or distribution of the common school revenues or in the common school facilities afforded between the white and colored children herein, and, so far as is practicable, the sources from which such reve-TINWARE. LAMP GOODS and mes were derived; the manner in which the same were apportioned to the use of the common schools; the number of white and the number of colored common schools; the average attendance in each class, and the length of the school term. No money shall be paid out under this act to any State or Territory that shall not have provided by law a system of free common schools for all of its children of school age, without dis-tinction of race or color, either in the raising or distributing of school revenue or in the facilities afforded; provided, that separate schools for white

and colored children shall not be considered a violation of this condition. The Secretary of the Interior shall thereupon certify to the Secretary of the Treasury the names of the States and Territories which he finds to be entitled to share in the benefits of this act, and also the

amount due to each. Sec. 4. That the amount so apportioned to each State and Territory shall be drawn from the treasury by warrant of the Secretary of the Treasury upon the monthly estimates and requisitions of the Secretary of the Interior as the same may be needed, and shall be paid over to such officers as shall be authorized by the laws of the respective States and

Territories to receive the same. Sec. 5. That the instruction in the common schools wherein moneys shall be expended shall include the art of reading, writing and speaking the English language, arithmetic, geography, history of the United States, and such other branches of useful knowledge as

may be taught under local laws. Sec. 6. The money appropriated and apportioned under the provisions of this act to the use of any Territory shall be applied to the use of common and industrial schools therein by the Secretary of the Interior.

Sec. 7. That the design of this act

not being to establish an independent system of schools, but rather to aid for the time being in the development and maintenance of the school erstem established by local government, and which must eventually be world maintenance by the States and Territories wherein they exist, it is hereby provided that no greater part hereby provided that no greater part of the money appropriated under this act shall be paid out to any State or Territory in any one year than the sum expended out of its own revenues, or out of moneys raised under its authority in the preceding year for the maintenance of common schools, not including the sums ex-

pended in the erection of school ouildings. Sec. 8. That a part of the money apportioned to each State or Territo ry, not exceeding one-tenth thereof. may yearly be applied to the educaschools therein, which sum may be expended in maintaining institutes or temporary training schools or in extending opportunities for normal or other instruction to competent and suitable persons, of any color, who are without necessary means to qualify themselves for teaching, and who the lagres in writing to devote them.

If t shall appear to the Secretary of the Interior that the funds received under this act for the preceding year by the State or Territory have been faithfully applied to the purposes contemplated by this act, and that the conditions thereof have been ob-

served, then the Secretary of the Interior shall distribute the next year's appropriation as hereinbefore pro-vided. The Secretary of the Interior shall have power to hear and exam-ine any complaints of misappropria tion or unjust discrimination in the use of the funds herein provided, and shall report to Congress the results Sec. 12. That on or before the first day of September of each year the Secretary of the Interior shall report to the President of the United States whether any State or Territory has forfeited its right to receive its apportionment under this act, and how forfeited, and whether he has with-

held such allotment on account of such forfeiture; and each State or Territory from which such apportionment shall be withheld shall have the right to appeal from such decis-ion of the Secretary of the Interior to Congress. Sec. 13. That the Secretary of the Interior shall be charged with the practical administration of this act in the Territories through the com-missioner of education, who shall report annually to Congress its prac-tical operation and briefly the condition of common and industrial educa

tion is affected thereby throughout

the country, which report shall be transmitted to Congress by the Secretary of the Interior, accompanying the report of his department. And the power to alter, amend or repeal this act is hereby reserved. Sec. 14. No State or Territory that does not distribute the moneys raised for common school purposes equally for the education of all the children without distinction of race or color, shall be entitled to any of the benefits of this act.

NEWS NOTES.

A riot has taken place at Kidderminster, England, directed against the employment of female labor. In New York, Tuesday, Carrie B. Morse, the female stock hroker, who is alleged to have operated in Philadelphia, Washington, Boston and other cities, was held for trial on charges of obtaining money under false pretenses of ladies whom she made believe would make fortunes in

stock speculations. At Halifax, Nova Scotia, Tuesday, Holmes and Brecken, the Americans charged with having dynamite and other dangerous explosives in their possession, who were arrested in September, were found guilty and sentenced to two years in the peniten-

The only safe way for purchasers is to insist on having the genuine article, and not allow themselves to be swindled by having plasters said to be "just as good," or "containing superior ingredients," imposed upon them. These are only tricks to sell nferior goods that no more compare with ALLCOCK'S POROUS PLASTER than copper does with gold. One trial of

will convince you that it is the best external remedy ever made; it cures without causing blisters, abrasions of skin, or the slightest inconvenience. Opinion of Dr. MOTT, late Government Chemist, of ALLCOCK'S Porons Plaster.

My investigation of Allcock's Po-ROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster. These ingredients are so perfectly proportioned that the Allcock's Porous Plaster will not cause blisters or excessive irritation, and I find it superior to and more efficient than any other plaster.
