U. S. Grant, Jr., must have been a soft snip. Fred Ward not only got away with him, but Keely roped him in for 5,000 shares in the motor which will not mot.

The Raleigh Chronicle says that one of the blessings the poor enjoy is that they do not get mashed up in these Wall street busts. That's what makes the average newspaper men so lappy.

Gen. Sherman warns the Republicans not to rely for success upon Democratic divisions. He says: "I have known them for years and never but once in a Presidential fight were they divided, and then two conventions were held. They will be sold this fall."

Some of the French girls have got to lighting themselves up with electric lights, which sparkle on their bosoms, from ornaments in the hair, pendants in the ears, etc., supplied by little buttons carried stored away in their clothes. The boys had better be careful how they fool around those batteries.

Some of the Republican organs have discovered since Dr. York's nomination that he is not only a man of colossal proportions physically, but that mentally he is a whale, so to speak. Considering his gigantic proportions it is strange they did not discover him sooner.

ABOUT THE STATE.

Wilmington Star: It has been decided that the Cornet Concert Club will go to Charlotte with the Howard Steam Bell's Fire Engine Company next week. There will be at least forty men, including the band. A good time is in prospect for the "fire ladders" and their musical escort.

Clinton Caucasian: A little colored girl, daughter of John Newkirk, was accidentally killed on Mr. Jno. D. Kerr's plantation, in Franklin township, a few days ago. The child's mother was at work in a new ground, and the child was sitting near where the woman was cutting. The latter cut two trees which lodged upon a third tree; one of those lodged against it flew round and struck the child, breaking her neck.

Concord Register: Last week, on Friday, Mr. Luther Lantz, of Mt. Pleasant was rolling logs down a hill. His little son Lewis, aged 7 years, was with him and amused himself chasing the logs as they rolled down. The little fellow was following a large one, and was very near it, when he stumbled and fell on the log, and was carried over it by the impetus of his fall, the log rolling over him and crushing him to death. His father saw the accident but was powerless to prevent it.

Beaufort Telephone: Five large black fish from twenty to twenty-five feet in length, were caught at Cape Banks last week and were sold to Mr. M. P. Green for forty dollars. The fish of all kinds are quite plentiful now but the very warm weather makes a poor market and the prices are low. Messrs. Taylor and Buckman shipped during the past season 4,400 bushels of claims to New York. Three other dealers were engaged in the business besides which about twelve hundred bushels were purchased and carried off by the captain of the sloop Bronn.

Wadesboro Intelligencer: On Wednesday of last week a little colored child, aged about two years, was drowned on the plantation of Mr. S. R. Hatt, in the upper part of this county, by falling into a tub of water. Its mother left it alone in the house for some time, and when she returned, found it lying headfirst in the water. A terrible grief was expressed over the upper part of the county Sunday afternoon last, literally despoiling all the growing crops where it fell. The shower was about a mile and a half in width, and the hail remained on the ground in some places in great heaps until late the next day.

Reidsville Times: Last Monday's train on the Narrow Gauge Railroad from Satterly's to Milton was boarded by a couple from old Halifax, a handsome pair too—Mr. Charles T. Lovelace, of South Boston, and Miss Bettie E. Lodge, of Pace's. The two best men along was Mr. T. S. Easley and Mr. M. H. Pinnix. The car was decorated with blackberry blossoms. They were married by N. M. Lewis, of Milton. The big Newfoundland dog owned by Mr. Craven Huffine, near Benaja, went mad the other day and travelled a circuit of about twelve miles, biting a number of dogs, and was finally shot by Gain's mill in the upper portion of the county. On the route he seized one little dog in his mouth and ran with him several miles, and then bit him to death. He was a monster dog, liver colored. The children rode him and worked him to a wagon.

Too Particular For Him.

Kentucky State Journal. The other day Gen. King White, of Pine Bluff, while walking along the street met a negro boy wearing a shirt which was suspiciously like garments owned by himself. "Look here, young man; where did you get that shirt?" "Dis hea shirt?" "Yes, that there shirt." "Got it at home, sah." "What's your mother's name?" "Aunt Cynda." "She does my washing, and has allowed you to wear my shirt." "Wall, boss, dis is a mighty mistake. We thought dis shirt belonged ter Mr. Mat Hudson, but if it's yourn I'll take it right off an gin it ter yer. Mammy allus gins me out de shirts. Wore one o' Col. Grace's las' week an' he got mad 'bout 'em. Biebe I'll go up ter Little Rock an' war Col. Logan Root's garments er while, fer yer folks down heah is too particular for me."

Jack Frost.

LANCASTER, PA., May 17.—There was a heavy frost throughout Lancaster county last night. It is feared considerable damage has been done to young tobacco plants.

Breezes in the Spice Islands are not laden with more fragrance than a breath renewed, pure and aromatic with SODONIT, which restores whiteness to yellow teeth and soundness to defective ones. Neither man nor woman can hope to carry any point by the force of persuasion, until a mouthful of SODONIT is taken, and an impressive breath, SODONIT remedies such these repulsive physical traits, and is peculiarly suitable as well as effective.
