15 One unimproved lot \$9x198 on Ninth street, between D and E streets. Price \$350.

16 The owners of The Crowder's Mountain Iron Works beg to call the attention of capitalists fron manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand Three Hundred Acres of land, located in the counties of Gaston and Cleaveland, in the State of North Carolina, at King's Mountain Depot, on the Atlanta and Charlotte Air Line railway, now owned by the Richmond and Danville railroad company. The property has been used for fifty rears past as an iron property, and has been worked at various points, but chiefly at the site of the celebrated Yellow Ridge Ore Bank, which has always yielded an ore noted for its richness in metallic iron, and its softness and toughness. This vein of ore, which extends for two miles in length, has been worked to the depth of 147 feet, showing at that depth a vein of ore about 40 feet wide, and analyzing as high as 66 per cent. of metallic iron. This vein has not been worked, and within the past two years very large deposits of iron ore have been discovered at other points. Within the past eighteen months, however, the owners have discovered deposits of ore in Crowder's Mountain, (five veins of iron ore, are exposed), which were unknown before, and which will furnish an amount of good ore, easily worked and above water, that must make it one of the most desirable iron properties to be found. They have discovered on the pinnacle of this mountain, which is 1000 feet above the level land, 2200 feet above the sea level, a vein of ore eight feet wide, which crops out at various points from the top to the bottom of the mountain, showing in one place about 20 feet of solid vein. This vein can be traced over the top of the mountain for over a mile, and this deposit alone would afford an almost inexhaustible

quality.

Besides Crowder's Mountain the owners possess King's Mountain, for about seven miles, whose pianacle is the highest point of land from Richmond to Atlanta, except Mt. Airy, in Georgia, and they have reason to believe this mountain is full of ore also. In addition to iron ore the property has manganese, limestone clay for making fire-proof brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity. brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

As a stock and dairy farm it offers fine opportunities to those who may wish to engage in such business. It has from three to four thousand acres of level or only slightly rolling land, which produces grass, grain and all kinds of farming products finely, and it is well supplied with water by unfailing springs and branches.

The other 4,000 acres embraced in the mountain sides are productive of fine grass and herdage, and afford excellent natural pasturage for sheep and cattle. The climate is so mild that but little shelter for stock is needed in the coldest winters. The whole six thousand acres are now covered with a fine growth of timber of all kinds, such as pine, hickory, oak, wainut, cedar, etc. The land is well suited to farming purposes, by those who wish to colonize. Cotton, corn, peas, oats, clover and grass, and fruits of all kinds are produced beautifully, and it is specially suited to grapes and small fruits. It could be divided into small farms that would give to each farm variety of soil, and level and hilly and. It is situated in the Piedmont belt, which is noted for the salubrity of its climate, and the healthiness of its atmosphere. It is a region free from malaria and other unhealthy influences. It is located with great convenience to railroad facilities, being situated at from two to four miles from King's Mountain Station, on a railway that has the most extensive connections with all parts of the country, and which offers great inducements to those who are trying to develop the country along its lines. The owners will sell this property to suit purchasers, as follows: The whole tract, including milneral interests, for Sixty three Thousand Dollars, or will make favorable terms, reserving the mineral interest, payments to be one-third cash, balance in one or two years.

A valuable water power, which has been used to

able and upwards nd them. CO.,

Mineral Springs, and to the widely-known Cleve-land Springs.

The fown of King's Mountain is also adjacent, where are good hotels, a flourishing and excellent high school, and several new and handsome churches. The owners invite the attention of all interested to this property, and ask an examination of it. Any further information regarding it will be promptly furnished by addressing R. E. Cochrane, Hanger Charlotte Real Estate Agenor.

The Yellow Ridge Ore Bank has been recently sold to a Pittsburg, Pa., company, and a German colonization company has recently bought 2,500 acres adjoining this property.

W. KAUFMAN & CO.'S. 18 Tract of Land, 150 acres, located in Lincoln county, N. C., adjoining lands of Goodson & Payne and others, 6 miles from Danver, 23 from Charlotte, and 13 from Davidson College. Has on it a good dwelling, 7 rooms, all necessary outbuildings, good orchard, good water, and well adapted for grains, grasses, corn, wheat, tobacco, cotton, etc.; 35 acres good bottom land. In fine state of cultivation, Price \$2.250,

cultivation. Price \$2.250.

19 Tract of Land, 3 miles south of Charlotte, 82 acres, known as part of the Samuel Taylor tract, on which is an undeveloped gold mine, (known in the N. C. Reports as the Sam Taylor milne), three frame tenement houses, two rooms sach, good harn, good well water and good spring on the premises. Sold without reserve for \$1.750.

20 One Dwelling, 6 rooms, two room kitchen, well of water, lot 85x215 on west side of Myers street, near Fourth. Price \$1.500.

21 One unimproved lot, 85x219 feet on corner of Myers and Fourth streets. Price \$350.

22 On Dwelling, 4 rooms, on Fourth street, near Myers, lot 75x198. Price \$560.

23 Two unimproved lots 50x198, on north side of West Fifth street. Price \$200 each.

24 House and lot corner Tenth and B streets. Lot about 110x198 feet, fine shade, nice grassy lawn and good garden with a quantity of select grape vines, House has five rooms; two room kitchen attached; Stables, carriage house, poultry house and well good water with brick dairy. Price \$1,750.

A CALL FOR FUNDS. Mr. B. F. Jones, chairman of the National Republican Committee, has issued the following call for funds, which is addressed to all parties hold-

ing government positions: Dear Sir.—The pending Presiden-tial campaign is of unusual importance to the country. Every Republican is deeply interested in its result.

The National Committee, on behalf of the Republican party, desires to make it justly vigorous and effective and success certain in November. Funds are required, however, to meet the lawful and proper expenses of the campaign, and to find the same the committee finds itself dependent upon the liberality of Republicans to make such voluntary contributions as their means will permit and they

feel inclined to give.
You are therefore respectfully invited to send, as soon as you conveniently may, by draft on New York or postal money order, to the order of B. F. Jones, chairman Republican National Committee, 242 Fifth avenue, New York city, such sum as you may desire to contribute for the object before mentioned. A receipt for the same will be sent by return

The committee cheefully calls the attention of every person holding any, place, or employment under the United States or any of the departments of the Government, to the provisions of the act of Congress entitled "An act to regulate and im GINGHAM UMBRELLAS, Gents' hand-made and exerted in conformity therewith.

B. F. Jones, Chairman. Mr. Jones' committee cheerfully calls attention to the civil service laws, intending thus to relieve the parties addressed of the apprehension that they will be forced to contribute or be bounced if they do not, when every mother's son of them knows that if they fail to respond promptly and "voluntarily" that they will be unceremoniously lifted out of their places in the event that the gentleman from Maine be elected Presi dent. All this talk about respect for the civil service regulations, and about the contributions being purely voluntary is most arrant hypocrisy and humbuggery which everybody with a grain of sense fully under-

It is said that Mr. Jones' committee have discovered a new way to raise the wind and add to their soap supply. About a thousand promotions are to be made in the government service; these promotions are not governed by civil service regulations, and it is given out among the clerks and other employees that for all who cared to partake. those who contribute most cheerfully MOSQUITO CANOPIES and freely will stand the best chance of promotion. It is said that within the past week eighty promotions were made in the Pension Office, and that some of the clerks have stated in conversation with others the amounts they were expected to contribute. A friend of Carl Schurz was removed from a clerkship he held in the Pension Office, and another saved his position by contributing \$50 and announcing his intention to support and work for Blaine and Logan. This not only saved him, but secured him \$200 promotion. So in spite of eivil service reform, which all the A large lot of Ladies', Misses' and Children's Hose and Republican bosses from Blaine down Silk and Lisle Thread Gloves to be sold at 50c. on the dollar, profess to respect, the tapping goes on and government employees are expected to dance up to the demands that the looters make upon them.

> We publish today the address of the Democratic State Committe, and commend it to the attention of the readers of THE OBSERVER. It presents plainly and foreibly the claims of the Democracy for popular support of the National and State tickets, and while confident of success, very properly urges that nothing should be left to chance, but that there should be thorough organization and willing work among the people to the end that our victory may not only be certain but over-

R. D. Locke, U. S. Marshal for the Southern District of Georgia was in Washington a few days ago and represented the South as enthusiastic and solid for Cleveland and Hendricks, but thinks that Florida and North Carolina are worth looking after, "because these two States might be been evicted, was visited last night by moonlighters, who shot the Careneeded to elect Mr. Blaine." Doubtless these two States will be "looked

President Arthur expresses the opinion that we have had quite enough of Arctic exploring expeditions, none of which, he correctly says, have paid for the extreme suffaring and loss of life occasioned. What good is ever to be accomplished by such expeditions, even if they resulted in finding the open seas talked about, remains among the mysteries.

The Georgia melon crop was short this year, not amounting to more than half what was expected, on account of June rains and cool

The Baltimore Sun publishes a spec ial to the effect that an alliance has been formed between the Baltimore & Ohio, the Postal and the Bankers & Merchants' telegraph companies, to compete with the Western Union. They have consolidated for a period of

The Liberals are the only body of men that are not the willing slaves of the greedy, grasping, liberty des-troying bosses. They are independ-ent of both the other factions and can take their choice of men regard less of party.—Salisbury Examiner Well, then, what are you going to do with Dr. York since he flopped over into the Republican camp?

twenty-five years.

The following is an extract from Gen. Scales' speech at Raleigh: "We hear much about a free ballot and a fair count. I desire simply to say that on these rests the hope of the government. If in the Providence of God I am called on to preside over this commonwealth, every man in it shall have a free vote and it shall be fairly counted."

S. B. Elkins, Blame's manager, who will have charge of the "soap" department since Mr. Dorsey has retired, says that Mr. Blaine will not take the stump. He will be too busy during the fall exhibiting himself at agricultural fairs.

Some of Blaine's boomers tried to get the business men of Bangor to give their candidate a certificate of good character, but several leading Republican firms refused to sign their names to the document.

A cave occurred Friday in a well being dug at the tobacco factory of Duke & Sons, at Durham. There were seven men at work in the well, three of whom were rescued and four killed.

The Chicago Convention. Washington Cor. Baltimore Sun. It was the subject of general re-

mark that the recent National Democratic convention in Chicago brought together a larger mass of people thon had ever before been prove the civil service of the United States," approved January 16, 1883, and states that its influence will be during the convention week so blockfore his departure as to the business of the two leading hotels, the Grand Pacific and the Palmer, which will give an idea of the hotel business generally. Eleven hundred people slept every night under the roof of the Grand Pacific, and more than 1,500 ate every day at its tables. Some 2,100 persons lay in the beds and cots at the Palmer House each night, and 5,000 were fed in its spacious dining rooms. Although there so many more persons in town during the Democratic convention than during the sessions of the Republican convention, it was a subject of common remark that there was much less drinking at the latter than at the former With several thousand more strangers in town, the daily receipts at the bar of the Palmer House for the period covered by the Democratic convention averaged only \$1,000, as against \$1,400 per day when the Republicans held possession. It may be that one of the reasons for this was because every one at the Democratic convention had to pay for what he drank, while at the Republican convention the overflowing barrel of some of the candidates "put up"

liquid refreshments by the wholesale Gen, Scales at Raleigh. Ralegh News and Observer. Our local has given an extended account of the ratification meeting held here on Tuesday night. It was indeed an occasion worthy of Kaleigh and gave an excellent send off to the campaign. The speeches were all admirable and were appreciated by the crowd that had assembled to purticipate in the demonstration. was the first opportunity our people here have had to hear Gen. Scales, and notwithstanding the high expectations that were naturally entertained in regard to his powers on the stump, he surpassed them. He put himself at once en rapport with his audience and displayed vigor of thought foliaity of approximations. hought, felicity of expression and hat natural and unstudied action in narmony with the sentiment he was expressing, which is the basis of true oratory. Our people were greatly pleased with their candidate for Governor, and we may be pardoned for saying that GeneralScales was greatly gratified by the result of his visit to Raleigh.

Major Stedman.

Wilmington Star, 18th inst. Major Charles M. Stedman, Democratic candidate for Lieutenant-Gov ernor, left for the West yesterday evening. He goes to Raleigh to confer with the chairman of the State Executive Committee, thence to Greensboro, where in response to telegram from Gen. A. M. Scales, Democratic candidate for Governor, he will remain until about the 10th of August, when he expects to begin his canvass of the western counties unless otherwise determined by the State Executive Committee. Major Stedman is full of zeal and

enthusiasm in behalf of the Demo cratic State and National tickets and will do his full duty in the campaign now about to open. Irish Moonlighters.

Malaria positively cured with EMORY'S STAND-ARD CURE PHLLS, a never failing remedy; purely vegetable, contain no quinine, sugar-coated. 24c.

The Baltimore & Ohio Telegraphic Alliance.

It is definitely and authoritatively

announced that an alliance has been formed between the Baltimore & Ohio, the Postal, and the Bankers and Merchants' Telegraph Companies "to insure the country a permanent and progressive opposition to the Western Union." The ability of the allied companies to carry out their programme would seem to be thoroughy well grounded from the fact that they have already a mileage equal in the aggregate to one-third the aggregate of the Western Union, and reaching throughout the import ant territory which yields about eighty percent. of the entire telegraph business of the United States. The arrangement is made for a period of twenty five years. The line's offices and business of the system is to be managed by a joint board composed of Messrs. Garrett, Mackey, Bennett and other prominent and wealthy parties, with Mr. D. H. Bates, of the Baltimore & Ohio, in commend as Baltimore & Ohio, in command as executive officer, and Mr. G. S. Mott. of the Bankers and Merchants'. general manager. The Mackey-Bennett cable forms part of the com bination. Mr. Garrett's long cherishproject of a great telegraphic system, of which the Baltimore & Ohio should be the nucleus, has thus been practically realized.

New Yorkers Who Withdrew Their Offer to Back Blaine in the Pools.

A Baltimore special of the 14th says: Some interest was excited here today by the publication in the New York Tribune of this morning of a dispatch from this city stating that George Cassidy, the well known saloon keeper here, had said that he had in his safe, in packages of \$200 each, the sum of \$10,000 which he was prepared to bet on Blaine's election. Political color was given to the matter by stating that Cassidy was a Democrat. It was also intimated that the money had been put up by sporting Democrats who lost teavily on Hancock. It is true that Cassidy is a Democrat, but aside from this fact the story is almost entirely false.

Asked for an explanation today Cassidy said: "It is not true that had this money ready to bet yesterday. I did have it, though, several days ago. It was sent to me by par-ties in New York with orders to bet it against Cleveland. I arranged to place it, but the very next day came a telegram telling me not to bet a

Civil Service Examinations

The series of civil service examinations to be held in different cities for the purpose of filling the 150 places as pension examiners, provided for by the recent appropriations, will begin with the examinations in this city next Saturday. The examina-tion will begin at 10 o'clock at the rooms of the civil service commission. Applications will be received up to the time of the examination. A circular issued by Secretary Graham, of the civil service commission, respecting the examinations state that they do not embrace applicants for the position of medical examiners or reviewers and there appears to be no vacancies in that branch of the service. About 25 of the special examiners will, it is expected, be appointed from the candidates heretofore examined for such places. This will leave about 125 place to be filled, for which several hundred applicants

are expected. North Carolina Coal for the Exposition.

Raleigh News and Observer. The State exposition have been all along anxious to use North Carolina coal in the boilers used in the exposition, and after being in correspondence with various mine owners in case North Carolina coal could not be had, found today from the reports of Dr. Chance (who is examining the coal measures of the State) to the board of agriculture, now in session, that he could get out in time as much as would be needed. The board then resolved that this coal would be furnished the exposition company at the cost of mining. The Cape Fear & Yadkin Valley railroad will deliver t freight free to Sanford, and President Robinson and Messrs. Winder and Clark, of the Seaboard lines, will deliver the coal from Fanford to Raleigh with no charge for freight. The Death Rott.

MARSEILLES, July 19 .- The deaths here from cholera last night number-Toulon.-There were 17 deaths here from cholera last night.
