DEMOCRATIC CONVENTION

OF THE SIXTH CONGRESSIONAL DISTRICT,

To Assemble Today at Lumberton to Nominate a Congressman for the Next | week. Two Years.

Pursuant to call, and in accordance with the plan of organization of the nominate a candidate for Congress in | committee adjourned until 3 p. m. the Sixth Congressional District will convene at Lumberton today.

In the published plan of organization of the Democratic party the following paragraph fixes the vote in the convention:

COUNTY AND DISTRICT CONVENTIONS. The several county conventions shall be entitled to elect to their Sena shall be entitled to elect to their Sena torial, Judicial and Congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties, and none but delegates or alternates so elected shall be entitled to seats in said conventions. Provided eats in said conventions. Provided, that every county shall have at least one vote in each of said conventions.

The following named counties compose the Sixth District as at present constituted, and for the purpose of convenience we give the last gubernatorial vote, (the vote which fixes the basis of representation), and the number of delegates to which each

The Blaine Organ on Cleveland.

From the New York Tribune, March 3, 1883. Governor Cleveland vetoes the five-ent fare bill. The message containing his reasons for so doing is straightforward and forcible and we straightforward and forcible and we believe will be pronounced sound by most of those who have been strenuous in their demands for a reduction of fares on the elevated roads. * * Mr. Roosevelt, of this city, one of the most influential members of the House, whose probity is as generally recognized as his ability, doubtless voiced the sentiment of many like himself who supported the bill when, after the veto was read yesterday, he confessed with characteristic manliness that he had voted for it in anconfessed with characteristic manliness that he had voted for it in answer to a popular clamor and against his best judgment, and that he now thought it should not become a law. Popular clamor had passed the bill. But Governor Cleveland did not have respects for popular clamor. He had respect for the mandates of the law.

BRAZIL, Ind., July 27.—The Commercial Bank has suspended. Liabilities about \$140,000, assets nominally about \$170,000. It is a private banking company having a capital of \$100,000 and deposits of the same amount. Among the deposits are the funds of nearly every township in the county. Indignation is felt because deposits were received after the refusal to cash checks. A slow but steady run had been going on for several days. The Strike Continues.

New York, July.—The building trades strike is still in progress and neither side shows a disposition to yield. The strikers say that since yesterday applications for bricklayers were made by three builders, and men were sent to them. They also say that only 175 men remain out of work, but the employers say the number is much larger.

No Bolters in Delaware.

We have yet to hear of the first Democrat in Delaware that will not vote for Cleveland and Hendricks; on the other hand we know a number of industrial and hard-working Repub-licans who say positively that they will not vote for "Jim Blaine," the

MEETING AT ALBANY. After Preliminaries They Proceed to Notify Governor Cleveland of Ilis Nomination --- The Streets Packed With People --- A Brief but Impressive Ceremony.

THE NATIONAL COMMITTEE IN

ALBANY, N. Y., July 29.—The National Democratic Committee met at the Delavan House and was called to order by Secretary Prince, in the absence of Chairwan Barnum. John absence of Chairwan Barnum. John S. Barbour, of Virginia, was chosen chairman pro tem. The roll call showed representives present from all the States except Connecticut, Maryland, Kentucky, Michigan and Nevada, and the Territories of New Mexico, Dakota, Utah and Wyoming. The proceedings of the meeting of This 24th were approved.

July 24th were approved. Mr. Dawson, of South Carolina, on behalf of the committee on organization, made a report which was adopted, but the committee decided not to publish it at present, the mat-ter being left in abeyance with the chairman and secretary, who will decide what portion, if any, shall be

During the meeting an effort was
made to have the report of the committee on organization given to the
newspapers, but it was voted down.

The executive committee will meet
in New York on Thursday of this The committee of notification met at 10 a. m., Col. Vilas presiding. It

was arranged that the committee should visit the Governor at 3:30. Democratic party, a convention to After signing the official letter the The rain, which had ceased at noon, set in again at about 2 o'clock.

Despite the weather, Pearl street and Broadway were lined with people standing under the shelter of umbrellas. About the headquarters of Phalanx, No. 56 State street, the crowd was greatest.

At a little before 3 o'clock the phalanx formed on State street 120

strong. They were attired in dark suits, high white hats and carried canes. Preceded by the Albany City band, they marched through State street into Broadway and to the Delavan House, where the throng was so great that the streets and sidewalks were almost impassable. Here carriages to the number of forty were provided for the distinguished gen-

provided for the distinguished gentlemen composing the committee.

At about 3:35 o'clock the procession got under way. Headed by a band, the phalanx marched up Broadway followed by the committee in carriages. The Governor's residence was reached about 4 o'clock. An immense concourse of people assemoled about the executive mansion and police were stationed about to prevent injurious trespasss upon the grounds surrounding the residence. The guests were prompt in arriving, and when the members of the two

committees were provided for there was very little extra space.

The ceremony took place in the large handsome main parlor of the man sion. The only attempt at adornment was seen in huge banks of flowers which rested upon the mantles of the parlor and library. The ceremony was brief but exceedingly

The arrival of the committee in a body was the signal for concentration in the main parlor. There the committee of notification took a po-sition ou the south end of the room and the members of the National Committee on the north. Space was eserved in the centre and as soon as the preparations were complete the Governor entered through the main hallway, standing with his back to the flower banked mantle. The ladies of the party stood near the Gov-ernor at his left.

His appearance at the doorway was the signal for a hearty and spontaneous outburst of hand clapping which continued for several minutes. As soon as this had subsided Col. W. Vilas, of Wisconsin, chairman of the late Democratic convention then addressed the Governor in a clear, distinct tone, and with marked en-thusiasm. After dwelling at some ength on the spontaneous and unaninous action of the convention he said : This choice carries with it pro-

Gov. Cleveland, who had stood meanwhile as an intent listener, replied extemporaneously and not without evidence of deep earnestness and feeling. He seemed to realize the weight of the responsibility which rested upon his shoulders as the standard bearer of the party. The address was not only a model one in thought, but was delivered with rare grace and effect. The congratulations that were showered upon him by the many distinguished leaders of the party at the close of ceremonies were sincere and hearty. After some time spent in sociable interchanges, the doors of the dining room were swung open and refreshroom were swung open and refresh-ments partaken of.

TEXAS FEVER

Appears Among Colorado Cattle Shipped to Market --- Five Hundred Kill-

ed and Quarantined at Chicago. Topeka, Kan., July 29.—N. A. Adams, of Manhattan, purchased 200 Adams, of Manhattan, purchased 200 head of Colorado steers at Kansas City last week, and 31 head of them have died with Spanish or Texas fever. One car load was stopped here, and out of that six have died. The others were taken to Manhattan and are quarantined in shipping pens there. Up to three o'clock yesterday afternoon 25 had died. Stock men are greatly excited. In answer to a telegram, Gov. Glick sent Veterinary Surgeon Holcomb to investigate the

CHICAGO.—The arrival of a num-ber of sick cattle having been report-ed at the Union stock yards in this city, an examination was made by a number of veterinaries this morning who are not yet ready to submit an official report. The fact is known, however, that they have agreed that the disorder is Texas fever superinduced by drinking water strongly impregnated with alkali. The cattle have been securely quarantined and isolated. Those in the lot that are disaffected are to be slaughtered subject to inspection of the health department. Those that are unable to recover are being shot and those that are droopy will be held in quarantine for further developments. Another train consisting of 12 cases, containing 340 head of cattle, arrived this morning. They were branded the same as the herd which was found to be diseased yesterday and are from Southern Kansas. Fifteen were found dead in the cars, 55 had been thrown out dead on the way and a thrown out dead on the way and a great many others were sick and had been trampled on. Dr. Paaren, State veterinarian, and Dr. DeWolf, city health commissioner, declare the trouble to be bloody murrain. The entire herd, including those of yesterday, were ordered to be killed, making in all about 500 head. The officials declare the cattle were evidently diseased before shipment, and from all that can be learned the entire herd was in the Kansas City tire herd was in the Kansas City stock yards thirty days before ship ment to this city. In view of the fact that the cattle will be thoroughly quarantined before killing, it is believed the trouble, whether it is Texas fever or bloody murrain, will

not extend any further. A despatch from Roadhouse, Ills. says 16 carloads of cattle from the Indian Territory arrived at the Chi cago and Alton stock yards there Sunday night. Nineteen head had died on the road from Kansas City and 'twas believed that the whole lot were infected with Texas fever. All that could stand up in the sixteen carloads were forwarded to Chicago: the cattle, denied that they had Texas fever and said they had been poisoned by eating loco weeds on the train, but L. C. Tiffany, veterinary surgeon from Jacksonville, pronounced the disease Texas fever. The stock yards here were disinfected with lime and the cattle for Chicago by the Chicago and Alton route were unloaded at Jacksonville instead of at Roadhouse. The matter has caused great excitement among the cattle and railroad men.

Assignment of an Extensive Wire Company.

DETROIT, July 29.—The Barnum wire works company, one of the most extensive plants of ornamental iron and wire works in this country, has made an assignment. This action was precipitated by some of the stock holders who became frightened and levied attachments on the property to secure advances made by them. No statement has yet been made public. Five hundred employees are thrown out of employment.

Nativity of the Cholera Victims MARSEILLES, July 29.—A classification of the deaths from cholera, according to the nationality of the victims, give the following results: French, 798; Italian, 322; Spanish, 13; Greek, 9; English, 1; Austrian, 1; German, 1, and American, 1. There were nine deaths from cholera in Marseilles last night and thirteen in Toulon. The situation in the infected districts continues to improve. Noon.-There have been two deaths

from cholera since nine o'clock this Eight Miles of Frogs.

From the San Jose Herald. Tom Barry yesterday morning took a ride to Almaden, and when just past the Sycamore Grove Exchange he saw something that made his eyes open in wonderment, and for a long time he could not credit his senses, for the road was perfectly lined with frogs, averaging the size of a large cherry. He supposed they would cherry. He supposed they would last only for a little way, but for eight miles he saw nothing but frogs, and to make sure that he was not dreaming, got out of his wagon, caught a whole box full, and brought them to town to prove the credibility of his story. He says that there are millions of them.
