Price 94 750 14 One Hundred and Fifty Acres Land 1/2 mile of the city limits, adjoining the Fair Grounds well located for a truck and dairy farm; 1/2 in timber, branch running through it, about 8 acres meadow. Price \$30 per acre.

timber, branch running through it, about 8 acres meadow. Price \$30 per acre.

15 One unimproved lot 99x198 on Ninth street, between D and E streets. Price \$350.

16 Six Thousand Three Hundred Acres Land. The owners of The Crowder's Mountain Iron Works beg to call the attention of capitalists iron manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand Three Hundred Acres of land, located in the counties of Gaston and Cleaveland, in the State of North Carolina, at King's Mountain Depot, on the Atlanta and Charlotte Air Line railway, now owned by the Richmond and Danville railroad company. The property has been used for fifty years past as an iron property, and has been worked at various points, but chiefly at the site of the celebrated Yellow Ridge Ore Bank, which has always yielded an ore noted for its richness in metallic iron, and its softness and toughness. This vein of ore, which extends for two miles in length, has been worked to the depth of 147 feet, showing at that depth a vein of ore about 40 feet wide, and analyzing as high as 65 per cent. of metallic iron. This vein has not been worked for twenty years, but the facts set forth can be fully shown. Various other veins have been worked, and within the past two years very large deposits of iron ore have been discovered at other points. Within the past eighteen months, however, the owners have discovered deposits of ore in Crowder's Mountain, (fev veins of iron ore, are exposed), which were unknown before, and which will furnish an amount of good ore, easily worked and above water, that must make it one of the most desirable iron properties to be found. They have discovered on the pinnacle of this mountain, which is 1000 feet above the level land, 2200 feet above the sea level, a vein of ore eight feet wide, which crops out at various points from 45 to 65 per cent. of metallic iron, with a small amount of ttanic acid, and witho

quality.

Besides Crowder's Mountain the owners possess King's Mountain, for about seven miles, whose pinnacle is the highest point of land from Richmond to Atlanta, except Mt. Airy, in Georgia, and they have reason to believe this mountain is full of ore also. In addition to iron ore the property has manganese, limestone clay for making lire-proof brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

cellent harylese has just been found in large quantity.

As a stock and dairy farm it offers fine opportunities to those who may wish to engage in such business. It has from three to four thousand acres of level or only slightly rolling land, which produces coas, grain and all kinds of farming products anely, and it is well supplied with water by unfalling springs and branches

The other 4,000 acres embraced in the mountain sides are productive of fine grass and herdage, and afford excellent natural pasturage for sheep and cattle. The climate is so mild that but little shelter for stock is needed in the coldest winters. The whole six thousand acres are now covered with a fine growth of timber of all kinds, such as pine, hickory, oak, walnut, cedar, etc. The land is well suited to farming purposes, by those who wish to colonize. Cotton, corn, peas, oats, clover and grass, and fruits of all kinds are produced beautifully, and it is specially suited to grapes and small fruits. It could be divided into small farms that would give to each farm variety of soil, and level and hilly and. It is situated in the Piedmont belt, which is noted for the salubrity of its climate, and the healthiness of its atmosphere. It is a region free from malaria and other unhealthy influences. It is located with great convenience to railroad facilities, being situated at from two to four miles from King's Mountain Station, on a railway that has the most extensive connections with all parts of the country, and which offers great inducements to those who are trying to develop the country along its lines. The owners will sell this property to suit purchasers, as follows: The whole tract, including mineral interests, for Sixty three Thousand Dollars, or will make favorable terms, feserving the mineral interest, payments to be one-third cash, balance in one or two years.

A valuable water power, which has been used to run large realing the suiter production.

Mineral Springs, and to the widely-known Cleve-land Springs.

§ The town of King's Mountain is also adjacent, where are good hotels, a flourishing and excellent high school, and several new and handsome churches. The owners invite the attention of all interested to this property, and ask an examination of it. Any further information regarding it will be promptly furnished by addressing R. E. Cochrane, lianager Charlotte Real Estate Agency.

The Yellow Ridge Ore Bank has been recently gold to a Pittsburg, Pa., company, and a German colonization company has recently bought 2,500, acres adjoining this property.

17 146½ acres, a well improved farm, one mile from Third Creek Station, on the Western N. C. Railroad, good dwelling, 6 rooms, with all necessary outbuildings, good orehard well, adapted for grain and grass. Stock and farming implements will be sold with the place if desired. Terms casy. Price \$19 per acre.

8 Tract of Land, 150 acres, located in Lincoln county, N. C., adjoining lands of Goodson

arlotte, and 13 from Davidson College. Has o a good dwelling, 7 rooms, all necessary outbuffe 525, good orchard, good water, and well adapte f grains, grasses, corn, wheat, tobacco, cotte 5, 35 acres good bottom land. In line state titivation. Frice \$2,250.

cultivation. Frice \$2,250.

10 Tract of Land, 8 miles south of Charlotte, 52 acres, known as part of the Samuel Taylor tract, on which is an undeveloped gold mine, (known in the N. C. Reports as the Sam Taylor mine), three frame tenement houses, two rooms each, good barn, good well water and good spring on the premises. Sold without reserve for \$1.750.

20 One Dwelling, 6 rooms, two-room kitchen, well of water, lot \$5x215 on west side of Myers street, near Fourth. Price \$1.500.

21 One unimproved lot, \$5x219 feet on corner of Myers and Fourth streets. Price \$350.

22 On Dwelling, 4 rooms, on Fourth street, near Myers, lot \$6x198. Price \$550.

Two unimproved lots 50x198, on north side of West Fifth street. Price \$200 each.

PUT HIM IN BELL.

'In the joint discussion Monday at Marshall between Gen. Scales and Dr. York, according to the reports we have, Dr. York got completely off his balance and let his indiscreet temper run away with him. Gen. Scales was pinning him down to a definite answer as to where he stood upon the civil rights plank in the Republican platform which he "endorses in full." He squirmed and dodged. Finally, fretted by the pertinacity of Gen. Scales, who insisted upon knowing what Dr. York proposed to do with the negro, he replied, "Put him in hell." Now, Dr. York, doubtless, did not mean this literally, and he probably would not have said it if he had retained his mental equilibrium, though he has doubtless wished more than once since he endorsed the Chicago Republican platform that that particular plank was in that place or some other far off region, for it is proving exceedingly troublesome among the white men from whom he expected to get some votes on his former Democratic record.

But while we do not believe that Dr. York literally meant what his language said, he expressed the feeling of more than one of the Republican managers of the State who would gladly get rid of the negro as a factor in their party if they could, and who, if they could dispense with the negro vote, and replace it with white votes, would give the negro the cold shoulder in short order. The demands of the colored element within the last couple years for recognition and a proportionate share of the offices has increased this feeling and the growing sentiment for a white man's Republican party, such as was started last year in Georgia by Gen. Longstreet and other Republican politicians.

Ex-Gov. Plaisted, of Maine, says that the Madigan knownothing circulars were not only printed in the office of the Kennebec Journal, Blaine's paper, but from Blaine's manuscript. Practically it don't matter whether Blaine was a knownothing or not. He had a perfect right to be, and it was right that he should be if he thought he was right. The wrong is in denying it and in now pretending to have been the life long friend of the people whom he then antagonized and endeavored to proscribe. The denial is a greater offense than the original charge.

The Illinois militia, in camp at sioned by the drawing of the color line. A colored company from Chicago was ordered by the Adjutant General to go into camp with the Second brigade, which is from the same city. The white militia refused to camp with the blacks, and so they had to flock off all by themselves. The ante bellum spirit of John A. Logan seems to be marching on in

SALEM SPARKS. Happenings in and About the Twin Towns.

ondence of THE OBSERVER.

SALEM, August 5.—On last Saturday Mr. Timothy Vogler attained his seventy-eighth birthday. Mr. Vogler is one of Salem's old time gunsmiths and yet carries on the business. Rifles of his make years ago are still to be found among the mountaineers of this and neighboring States in as good condition almost as when first

"Happy Hill" was depopulated for awhile Monday afternoon, all of its citizens, male and female, being summoned to appear for and against John Bitting, who it seems was the chief actor in the usual Sunday's row over there last Sunday. The trial was conducted by Justice Dou-thit and John was found guilty in two indictments-one for carrying a concealed weapon, for which he was bound over to the Inferior court in a bond of \$50. The other was for loud and boisterous swearing on the Sabbath, for which a fine of one dollar was imposed. During the taking of the evidence it leaked out where the Happy Hill gents get their liquor on Sunday, and the prospect is that another citizen of that much disturbed village will come to grief, as it is as unlawful to deal in liquor there without license and on Sunday as it

syth county, which takes place on 20th and 21st of this month, has been issued. Messrs, F. & H. Fries offer special premiums for Forsyth county, and Messrs. Hinshaw & Bynum, of Winston, offer special premiums for the State. The fair will be held in the Farmers' warehouse in Winston, and from present indications will, as heretofore, be a success. The surplus receipts of the fair, after paying the expenses, will be added to Forsyth's appropriation of \$499 to aid in getting up the county exhibit

for the State exposition. The many friends of Lieut. S. C. Lemley, U. S. Navy, one of the officers of the Thetis, which rescued Lieut. Greeley in the Arctic regions, will be pleased to learn that in a letter written to his parents in Salem he says that he is well and all right. Mr. J. L. Tomlinson, superintendent of the Winston graded school, gets married today in Winston to Miss Mamie Adams, of that town. Mr. W. A. Lemly, president of the Wachovia National Bank, Winston,

is completing a handsome addition to his residence in Salem. At the practice of the Twin City Rifle Club on Monday afternoon, Dr. S. W. Battle again won the badge, his score being 85 out of a possible Springfield, had a little breeze, occa- 100, which was the best shot made. At this practice a beautiful Monchoir case, presented by the ladies of Salem and awarded as a premium for

summer, have returned home. SALEM.

Worth Knowing. Poisoning from canned fruit and vegetables is not common, but it

occurs occasionally. An expert physician gives the following good advice on the subject: 1. Every can should be examined and if two holes are found in it, send the can at once to the health board with the contents and name of the grocer who sold it.

2. Reject every article of canned food that does not show the line of the rosin around the edge of the solder of the cap, the same as is seen on the seam at the side of the can. 3. Reject every can that does not have the name of the manufacturer or firm upon it as well as the name of the company and the town where manufactured. "Standards" have all this. When the wholesale dealer is ashamed to have his name on the

goods fight shy of them. 4. Press the bottom of the can. If decomposition is commencing the tin will rattle the same as the bottom of the oiler of your sewing machine does. If the goods are sound it will be solid, and there will be no rattle to the tin.

5. Reject every can that shows any rust around the cap on the inside of richest man in that State. A few the head of the can. If housewives are educated to these points, then muriate of zinc amalgam will be a process to reduce refractory ores led "swills" have to seek some other occupation.

THE STATE CAMPAIGN.

Democrats--- The Speaking at Mar-Gov. Jarvis and Col. Rowland ad-

ressed a large turnout of Democrats in front of the city hall in Wilmington, Tuesday night. Gen. A. M. Scales will address a mass meeting in Concord next Tues-

day night. Wilmington Review: Col. Wharton J. Green is popular in the Third District, and "don't you forget it!"

The Fifth Ward Democratic Club held a meeting in Wilmington, last Monday night as we see by the Review, at which the following resolutions were adopted: Resolved, While there are many of the Democrats of the Fifth Ward who are somewhat disappointed in the selection made at Lumberton for Congressman from the Sixth Congressional District by the Democratic convention -in not nom inating our beloved townsman and fellow citizen, the Hon. A. M. Waddell, for Congress, yet for the sake of the great principles involved in the approaching campaign, together with the ultimate success of the Democrat-ic party to National and State authority, we, as Democrats, believe it to be our indispensable duty to bury all personal preferences and past indifferences, as regards individual choice, and unite ourselves together as a band of brethren, fighting shoulder to shoulder, breast to breast, and heart to heart, in the great cause for the good of the whole country. We believe this to be our duty as Democrats, and nothing less.

24. We therefore ratify and en

dorse the action of the Sixth Congressional District convention, in their unanimous choice of the Hon. R. T. Bennett as our candidate for Congressman. His official record in the past as a faithful servant of the people, commands the utmost confidence. and is a sufficient guarantee of his success in the present campaign. We, the Democrats of the Fifth Ward, will use all bonorable means in our power to secure the election of the distinguished statesman, Christian gentleman, Hon. R. T. Bennett, to the Congress of the United States of American, and we ask all Democrats to join us.

News and Observer: The joint canvass at Marshall, Madison county, Monday last, was exciting. There were about a thousand people present, of which number 200 were from Asheville. It was a capital audience, and gave close attention to the The premium list for the third annual wheat and cattle fair of Forto the prejudices of poor white men and negroes. He refused to say whether he was a Democrat or Republican. When Gen. Scales put the inquiry if York favored civil rights and if he desired to admit the negro to hotels; etc., where would he put him, York sar-castically said, "Put him in hell!"
