THE SLANDERS REFUTED.

We have heretofore in these columns referred to the miserable slanders on the private life of Governor Cleveland, which first found the light through the columns of an insignificant little local paper in the city of Buffalo, and from that were copied into a number of Republican papers of greater pretensions, and thus heralded through the country. Some of the leading Republican organs, laying claim to respectability, declined to publish the slanders as they originally appeared, but so referred to them editorially as to convey the impression that they were true, and not published only because they were not fit to be read. They did all they could to give the slanders credibility by a more than half way

editorial endorsement. We publish today a full and complete denial of these slanders, not from Democratic sources, but from Republicans who know Governor Cleveland, and who are actuated not from partisan motives, but in the interest of truth, and they do what the slanderers of Governor Cleveland did not do, and dare not do, give their full names to the public that their identity and responsibility may be known. The report which they make bears upon it such evidence of a true and impartial statement that it would pass for evidence in a court of justice. No truth-seeking person could ask for a more complete or satisfactory refutation of the charges made.

One thing is worthy of attention and remark throughout this whole business, and that is from the time the slander first appeared until now neither Governor Cleveland nor any of his party friends opened their mouths in contradiction of it, but treated it with silent and dignified contempt. The several investigations that have been made were made by men net of the Governor's political household, and it is from them his complete vindication comes. Falsehood travels with lightning speed and truth with a leaden step, but truth travels in a straight line and nearly always catches the lie before the race is ended.

Now let the slander-mongers hide their heads, and let their abettors who lay claim to respectability try some more manly and honorable method of attack.

In our press dispatches will be ound the substance of a slander found the against James C. Blaine, given cur-rency through the columns of the Indianapolis Sentinel, and the prompt denial and action taken by Mr. Blaine. It is a cold-blooded accusation, involving, as he says, the honor not only of himself, but the honor of his wife and children, and would never have seen the light, probably, had not Mr. Blaine's indiscreet friends put on foot that malicious slander against Governor Cleveland. This is a dirty business all round, and in the City, Missouri, says: The Democratic

PARLIAMENT PROROGUED.

The Queen's Speech Congratulates the Country on the Happy Outlook. London, Aug. 14.—Parliament was prorogued today with the usual ceremonies. The Queen, in her speech closing the session, said: I sincerely egret that an important part of your abor failed of its result in legislative enactment. Friendly intercourse subsists with all foreign powers. Diplomatic relations have been resumed with Mexico, and a preliminary agreement for a treaty of commerce has been signed. I have to lament the failure of the conference to devise means to restore the finances of Egypt which are so important to the well being and good order of the country. I shall continue to fulfil faithfully the duties

more county, six for Talbott; Cecil county, four for Talbott; Carroll county, five for Shaw, and Harford county, five for Hopkins, precisely as all the former ballots. Up to two o'clock twenty additional ballots were growing out of the presence of my troops in the valley of the Nile. I trust that the special mission which I have determined to send there will materially aid me in considering taken without a change. A large attendance of Baltimore county politicians is present at the convention. Outside of the district the public take what steps to adopt. I view with unabated satisfaction the mitigation and diminition of agrarian crime in Ireland, and the EATEN BY HIS COMPANIONS.

substantial improvement in the condition of the people. I design at an early period to call your attention to the great subject of representation of the people. I rejoice to observe amid the numerous indications of interest in the subject constant proofs of loyalty to the Queen, and respect for the law. These indications inspire me with the full belief that the great national aim will be pursued with order and moderation, the best securities for such a settlement as may conduce to the happiness and liber-ties of the people and the strength of the Empire.

The speech closes with the expression of thankfulness for the favorable season, which is alleviating the pressure that has so long and so seriously affected agricultural industry. THE BANKERS' MEETING.

Election of Officers for the Current

Year --- Resolution Adopted. SARATOGA, August 14.-At today's meeting of the American Bankers' Association the officers for the ensu-ing year were elected. They are the same as last year, with the exception of E. Francis Riggs, of Riggs & Co., bankers, in place of Jno. A. J. Cress-well, Washington, for the District of Columbia; Joseph H. Oglesby, presi-dent of Louisiana Bank, New Orleans, for Louisiana, in place of J. J. Pan-leton, cashier of Citizens' National Bank, of New Orleans; Abraham A. Bigelow, president of the Massachusetts National Bank of Boston, in place of Chas. F. Smith, of the Coninental Bank of Boston, and Isaac Danforth, Jr., president of the First National Bank of Richmond, in place of Jno. P. Branch, president of Merchants National Bank of Richmond. The following resolutions was

adopted: Resolved, That the thanks of the association are due to the newspaper press for publicly exposing and de nouncing certain schemes for blackmailing banks and bankers of the country through public actions and llegal demands sent to them through the mails, and that the banks and pankers be cautioned against noticing or responding to such demands. Charge of Seduction Against Mr. Blaine

and His Indignant Denial. Indianapolis, Ind., August 14.-On the 8th inst. the Sentinel, of this city, contained an editorial charging that Blaine had seduced his present wife in Kentucky and then fled to Maine; that the young lady and her father followed him and that he married her at the muzzle of a shot gun. This having reached Blaine, he sent the following despatch to Col. Halloway

BAR HARBOR, ME, Aug. 14. Col. W. R. Halloway.—I have this moment received the atrocious libel of the Indianapolis Sentinel. It is utterly and abominably false in every statement and in every implication. Political slanders I do not stop to notice, but this editor assails the honor of my wife and my children. I desire you, without an hour's delay, to employ a proper attorney and have the responsible editor of the Sentinel sued for libel in the United States District Court of Indiana. It is my only remedy. I am sure that honorable Democrats, alike with honorable Republicans, will justify me in defending the honor of my family if need be with my life.

JAS. G. BLAINE. Col. Halloway placed the matter in the hands of Senator Harrison's law firm, and the papers are now in course of preparation in accordance with Blaine's direction.

Please read carefully and observe strictly, the rules as published on cards posted beside your Telephones. This is essential to a prompt and reliable service, such as I desire you shall have.

In order to avoid all necessity for using call-wires for any other than their legitimate purpose, viz: the transmission of orders to the central office, Two signals in quick succession will indicate that a line the subscriber has just asked for is in use; ONE ring will indicate that the connection has been made.

Subscribers are earnestly requested to notify promptly in ease they experience any trouble in the use of their Telephones.
