St. Augustine creek. — Available, \$3,417; asked for, -Of the improvement of Charleston harbor, Col. Gilmer says: A large appropriation is necessary to effect within a comparatively small period a decided improvement of the new channel, not only by extending and raising both jettys, but also by dredging between them. Preparations for dredging upon the scale originally contemplated are in project, and the estimate should begin at once, but this will be impracticable unless the funds are provided much more liberally than heretofore. It is of the utmost importance that the period of bad navigation, during which Pumpkin Hill will be undergoing further deterioration while the jetty channel is not ready for use, should be anticipated and proper measures taken to render it as brief as possible. Nothing but vigorous and continuous prosecution of work can do this. The delays that have already occurred cannot fail to have a notable effect on the ultimate cost of the improvement. Indeed, if the policy of small appropriations and consequently of slow, intermittent and uncertain progress is continued, it is perhaps not too much to say that the original estimate may be nearly, if not quite, doubled by the time the works are completed. Under this policy it has been impossible to prosecute the works under the conditions in such a manner as to secure the results contemplated. I am confirmed in the belief that if sufficient funds were now available to provide for eighteen months of uninterrupted work, carried on simultaneously upon both jettys, together with the dredg-ing contemplated in the original estimate, the tonnage capacity of the Charleston approach would be nearly quadrupled before the expiration of

that time—that is to say, vessels of the greatest tonnage adapted to the present channel could then be re-placed by others of nearly four times their carrying capacity.

Relative to the improvement of the entrance to Cumberland Sound, the entrance to Cumberland Sound, the engineer says: Unless a contract very advantageous to the United States can be made I do not see the expediency of expending the recent appropriation of '\$75,000 until additional funds shall have been provided.

Notification and Acceptance. CUBA, N. Y., Aug. 25.—The Prohisbition ratification proceedings were held at St. John's campmeeting circuit grounds, a beautiful grove 2 After an hour's engagement the miles from Cuba village today. A French retired. The Chinese fire temperance campmeeting to last five days is in progress. The principal leaders and speakers of the Prohibiopened with music and prayer, after are heathen, who are to be killed or which Prof. Dickey, chairman of the

tion movement are in attendance and will address the meetings during the week. An audience of 3,000 was in attendance today. The exercises ratification committee, was introduced to the audience and candidates, and spoke to candidates St. John and Daniel as follows:
GENTLEMEN:—I am to speak for
the committee representing here to-

day the National Convention of the Prohibition party recently in session at Pittsburg. In harmony with poslitical usages and in keeping with the dignity and importance of the high position in which we shall endeavor to place you, we are here for the pur-pose of notifying you in this official and formal manner, of your selection as the candidates of the National Prohibition party for the position respectively of President and Vice President of the United States. The convention which thus honored itself by so wise a selection of candidates, was no ordinary gathering. Men were there under the weight of many years who, a generation ago, gathered in the same hall to organize for victory what seemed to some a hopeless cause, to do battle against that other slavery, and strong men were there in the full maturity of their powersmighty with the force of an overmastering conviction. Young men were there with ardor of youth and devotion of heroes; women were there -Frances Williard and Mary Woodbridge and Mrs. Burk and Mary Lathrop and Ester Hugh, representa-

tives of the best brain and heart of American womanhood. It was a convention of earnest men and pure women who were there to express their conviction that the government ought to be a government of the people, by the people and for the people, and not a government of the saloon. by the saloon and for the saloon. It was a convention representing a powerful constituency composed of citizens who have grown tired of the spectacle of the two old political parties rivaling each other in their eagerness to serve liquor traffic; going down on their faces in the dust before the Moloch of men and crying out in languages of scripture, "am I not thine ass upon which thou hast ridden." I need not assure you that

the Prohibition party will give you a most ardent support. We may not succeed in electing you ---Statement of the Amounts Immedi- to the high position for which you have been named, but we shall enjoy Washington, August 25.—The fol- the proud satisfaction of knowing voke the blessing of Almighty God to rest upon, and may that Divine power which rules and overrules the nations of men, vouchsate unto you such measure of strength and courage and wisdom as shall enable you to bear well the burdens which the National Prohibition porty, with supreme confidence now confers upon

> Gov. St John replied as follows: Mr. Chairman and Members of the Committee:

In receiving this formal notice of my nomination for the highest office within the gift of the people by the national convention of the Prohibition party, permit me, notwithstanding distinction was neither sought or desired by me, to assure you in view of the unanimity with which it was given, of my appreciation of the very great honor it confers. There are more political parties in the field today than there are political issues. Upon the great question as to what should be done with the traffic in intoxicating liquors as a beverage, both the Democratic and Republican parties are united in favor of making the traffic permanent, while Prohibi tionists demand that it shall be for ever placed under condemnation of

the laws of the land. Thus an issue is clearly made, and I think it safe to say, one that reaches the heart and for, \$600,000.

The conscience of the citizen. Upon this issue we go to the people—the source of all political power. Let us appeal to reason rather than prejudice. Let those resort to personal abuse and the second of the citizen. scandal who have nothing better to uphold their cause. The Prohibition Party was not organized as a mere threat or menace. It is the out-

growth of rapidly increasing crystalized sentiment against the great evil of the age-an evil that the old parties dare not attack, but against which this young party of people, in defense of the homes of the nation, has entered upon warfare that shall never cease so long as the flag of our country waves its protecting folds over legalized dram shops. In this struggle let us ever remember that we are accountable to God; that our duty to him is paramount to our allegiance to any political party that political ties will never, in his sight, excuse ballot for any party that does not stand up fearlessly for the right. for home will have nothing to fear if the people vote as they pray.

mon Elders. SALT LAKE, Aug. 25.—The memorial services in respect to the memory of the Mormon elders assassinated in Tennessee were held yesterday in all large and many of the small towns in Utah. A congregation of about 7,000 attended services at the Tabernacle in this city. Remarks of speakers which echoed the sentiment of the congregation were conciliatory and consoling, reflecting in no way on the people of Tennessee gen-erally, but attributing the murders to the result of bigotted prejudice on the part of the ignorant and misin-formed individuals. The prevailing sentiment among leading Mormons and the Mormon people generally is that such acts are the outgrowth of floods of misrepresentation and falsehood, chiefly emanating from this city and continually kept before the country at large by their enemies.

The Albion Bank Failure.

ROCHESTER, August 25.—The Union and Advertiser today publishes a schedule of the Burrows estate at Albion as it existed in 1879, the date of Burrows' death. It shows that the estate was worth \$1,750,000 at the lowest estimate of real estate. The bank safe was opened today. Examiner Williams refuses to reveal the contents, but it is said that the security cell was empty. Eliza Glenn has begun suit in the Supreme Court for the appointment of a receiver for the bank.

NEW YORK .- An Albion, N. Y. special says it has been discovered that \$60,000 in bonds of the First National Bank of Richmond, Va., have been disposed of by Mr. Warner for his private purposes.

Another Call for 3 Per Cent. Bonds---The Crops Generally Good.

Wasaington, August 25.-A call was issued from the treasury today for ten million dollars of 3 per cent. bonds for redemption. This is the one hundred and thirtieth of the bond calls. It matures September 13. Prof. Dodge, statistician of the Department of Agriculture, says the reports show that crops have been somewhat damaged by drougth in Ohio, Indiana, Illinois and Kentucky. The injury, however, he says, is not sufficient to cause any panicky feeling, as there is every indication that the general crop will be good.

African Affairs.

LONDON, Aug. 25 .- There is another chance for a misunderstanding beween England and Germany in regard to West African Territory. On July 12, the Germans took possession of Comron river, upper Guinea and adjoining country. This caused great dissatisfaction among English traders there who think that Engand should have taken the river long ago. On July 28rd, Hewitt, the British Consul, held a meeting of merchants and the local king and chiefs at old Calabar. As a result of this the king and chiefs signed a treaty placing themselves and their dominions under British protection.

Mr. B. P. Dodge, yard master of the Ga. R. R., Atlanta, writes: "For seven years my wife has been a great sufferer from catarrh, which resisted the treatment of physicians and the use of all patent remedies, until she used B. B. B. A few hottles of this truly wonderful blood medicine effected a cure, and I cheerfully recommend it as a quick and magical blood purimer." Sold by all druggists, at \$1.00, or six for \$5.00. Expressed on receipt of price.

MAY mean "Folsoned with Potash." This is the case with hundreds who have been unwise enough to take Sarsaparilla, Potash mixtures, etc., until digestion is almost fatally impaired. Swift's Specific is a vegetable remedy, and restores the system to health and builds up the waste made by these poisons. "I was suffering with Blood Poison, and treated several months with Mercury and Poison, only to make me worse. The Potash took away my appetite and gave me dyspepsia, and both gave me rheumatism. I then took Sarsaparilla, etc. All these Sarsaparilla mixtures have Potash in finem. This made me still worse, as it drove the poison farther into my system. A friend insisted I should take Swift's Specific, and it cured me of the Blood Poison, drove the Mercury and Potash out of my system, and to-day I am as well as I ever was."

A never failing remedy for MALARIA, CHILLS AND FEVER, INTERMIT.

TENT FEVER, BILIOUS FEVER and kindred diseases—Puroly vegetable, absolutely certain in their remedial effects, and act more promptly in curing all forms of MALARIAL DISEASES than Calomel or Quinine, without any of the injurious consequences which follow their use. If taken occasionally by persons exposed to Malaria they will expel the poison and protect them from attack. Endorsed by the leading Chemists and Physicians as being the Best, Cheapest and Pleasantest Remedy known. The youngest child can take them. Sold by Druggists and Medicine Dealers, or by mail.

PRICE, TWENTY-FIVE CENTS A BOX.

What the People Say.—My wife and myself have used your "Standard Cure Pills" with great satisfaction. We anticipate no further trouble with MALARIA as long as the Pills are about.—Harry J. Shoemaker, P.M., Tülltown, Pa.—I took the Pills according to directions and they proved to be just what was needed.—Rev. F. J. Cochhan, Pastor M. E. Church, St. George, Del.—I am well pleased with "Emory's Standard Cure Pills." Have tried them on a great many cases of different fevers, have proved successful in every instance. They work like a charm on Chills and Fever and all Malarial diseases.—M. J. German, M.D., Dallas, Texas.—I use your remedy in my practice with good results.—Lorenzo Watte, M. D., Pittsfield, Mass.—I have handled your pills for Malaria for the past four years with better satisfaction than any other remedy for same diseases.—Fred. S. Harr, Drughs, Jersey City, N. J. —Your Chill Pills have cured many very stubborn cases, —Rev. M. E. Vall., Caledonia Miss.,—I use them in my practice.—Gro. 6.
