Frightful Catarrh.

PIECES OF BONE. For four years I have been afflicted with a very troublesome catarrh of the head. So terrible has its nature been that when I blew my nose small pieces of bone would frequently come out of my month and nose. The dis charge was copious, and at times exceedingly offensive. My blood became so impure that my general health was greatly impaired, with

poor appetite and worse digestion. Numerous medicines were used without re lief, until I began the use of B. B., and three bottles acted almost like magic. Since their use not a symptom has returned, and I feel in every way quite restored to health. I am an old citizen of Atlanta, and refer to almost any one living on Butler street, and more particularly to Dr. L. M. Gillam, who knows MRS. ELIZABETH KNOTT.

A LITTLE GOLD. Mr. Z. A. Clark, of Atlanta, Ga., in speaking of \$480.00 in gold, desires to say to the readers of this paper, that the whole of the above amount was spent in a fruitless effort in finding relief from a terrible Blood Poison affecting his body, limbs and nose-presenting ugly running ulcers. He is now sound and well, having been cured by the most speedy and wonderful remedy ever before known, and any interested party who may need a Blood Purifler will learn from him that three bottles of B. B. B, restored his appetite, healed all ulcers, re lieved his kidneys, and added twenty-one pounds to his weight in thirty days.

TWO DRUGGISTS.

We have been handling B. B. B. only a few months, and take pleasure in saying it is superceding all other Blood Remedies. It sells well, gives our customers entire satisfaction, and we cheerfully recommend it in preference to any other Blood Purifier. ASHER & MOORE, Druggists.

appropriations of the United States Senate, as the head of that committee,

overhauled thoroughly the accounts of the Treasury Department. He forced from unwilling witnesses, all of whom were officers of the treasury,

the testimony that there were 1,300

erasures on the treasurer's books, and millions of dollars entered, so as

to make the books balance, without

a single item to show when the entries were so made or what had be-

come of the money. This extraordinary showing did not attract proper

attention at the time because we were

in the midst of great prosperity. Now

the case is reversed. Grant & Ward's failure had the effect of drawing special attention to public institutions and public officers. Every man in

his private business is having a bal-

Cure for Hog Cholera.

Every paper in the United States ought occasionally to keep the fact before its readers that burnt corn is a certain and speedy cure for hog cholera. The best way is to make a this District, he will make such a pile of corn on the cobs, effectually canvass as will reflect credit upon scorch it and then give the affected hogs free access to it. This remedy was discovered by E. E. Docks at the time his distillery was burnt in Fulton county, Ill., together with a lot of store corn which was so much injured as to be unfit for use and was hauled out and greedily eaten by the hogs, several of which were dying daily. After the second day not a single hog was lost, and the disease entirely disappeared. The remedy has been tried in a number of cases and never failed

Cornered by a Little Dried Up Man. Raleigh News and Observer.

They tell a good joke on Dr. York that took place at King's Creek when York was canvassing alone. The inconsistent Doctor was pouring hot shot into the Democrats quite regardless, and after awhile he pitched into Hendricks without gloves. Presently a little dried up Wilkes county man asked him if he didn't vote for Hen-dricks in 1876. York was completely nonplussed. At first he attempted to deny voting for him, but after squirming and twisting, said he "reckoned if Hendricks was on the ticket with Tilden he maybe voted for him."
