RALEIGH EXPOSITION.

A PARTIAL EXHIBITION

Of North Carolina's Industrial and Material Wealth, Now on Exhibition at the Capital City.

The State Exposition at Raleigh is now in full blast. The low rates of railroad fare, and notoriety given to the Exposition through the Press, have succeeded in creating public interest in the Exposition, as is evidenced by the large crowds that have thronged the Exposition grounds for the past few days. On all hands, as a State Exposition, it is admitted that it has never been excelled in this country. If all the counties in the State had been represented the display would have been much more significant, and every man who visits the Exposition from counties that have no exhibit, who feels any county pride, must hang his head with shame.

Below will be found a list of the county exhibits, and it is especially commended to the county commissioners of Mecklenburg:

ALBEMARLE SECTION.

This section, embracing the counties of Currituck, Camden, Pasquotank, Perquimans, Chowan, Washington, Tyrrell, Dare, Hyde, Bertie, Martin, Gates and Hertford, is under the charge of Mr. Frank E. Vaughan, of Elizabeth City, and is an immense display, showing among other things, timbers in large quantity and variety, in log and plank, curious cypress knees, miniature lighthouse, complete collection of birds of the counties, 400 in number; fish and fish products, marls, specimens of soils, all agricultural products peculiar to that section, fruits and vegetables, fresh, canned, dried and evaporated; wines, brandies, vinegars, nuts, seines, fish-awl, weirs and seine, dutch net, fishing appliances, models of boats, wool, honey, sorghum, skins of animals, baskets, trays, buckets, staves, shingles, barrels, mats, drawings, paintings, crayons, needle work, office made from a hollow tree 40 feet in circumference, curiosities and relics, shingle machine, skull and frame of a baby whale, a cabin made of cork staves about 8x10 feet square, 10 feet high.

CALDWELL COUNTY.

Caldwell has a beautiful display, managed by Dr. R. L. Beall, of Le noir, and is in part as follows: Oil paintings, crayons, ladies fancy work, one ounce of gold, worth \$200, cotton, cotton, flax, hemp, canned fruits, honey, sorghum, rice, cranberries, Irish and sweet potatoes, vegetables, native roots and herbs, minerals in great variety, dried and green fruits, botanical specimens, pottery, woods, grains, &c.

LENOIR COUNTY.

Lenoir, the county seat is 200 miles northwest from Raleigh. The county was formed in 1841 from a part of Burke and Wilkes and named in honor of Dr. Joseph Caldwell. It belongs to the Western Division, and is situated in the northwestern portion of the State. The surface is hilly and mountainous, with dark and gray loamy soils.

CATAWBA COUNTY.

The manager of Catawba county is Mr. J. S. Tomlinson, of Hickory. The display shows minerals, cereals, woods, manufactures, cotton goods and tobacco, samples of every product raised in the county, Indian relics, plaids, drills, ladies fancy work, canned fruits, evaporated fruits, and anything you want in the dry goods line, we have it. Kid gloves all in the new shades. Ask for the Mother Patent, something new, and the very best kid in the market.

CHATHAM COUNTY.

Mr. R. J. Powell, of Pittsboro, is the chairman for Chatham. The display shows 73 varieties of woods, minerals, cotton from boll to manufactory, canned goods, cranberries and green fruits; building stones, agricultural products, whiskey, brandies, wines, map of continuous water power, and a map in mosaic of the Chatham county, showing the railroad, made by Mrs. Jackson, daughter of Governor Worth; the doorway of the exhibit is handsomely decorated with sheaf wheat.

CLAY COUNTY.

Mr. Thomas J. Dixon, of Shelby, the chairman, has arranged a display of this county fifty varieties of woods, cotton raw and manufactured, tobacco in every form, wheat, corn in all conditions, oats, 15 specimens of mica, from 6x6 inches to 24 inches square; specimens of the only tin found in America, copper, gold, iron, garnet, kaolin, clays, plows, sewing machines manufactured in the county, &c.

CRAVEN COUNTY.

Craven's exhibit in charge of Messrs. Clark and Morgan, of New Bern, is well selected and tastefully arranged, consisting of timber, specimens, agricultural products and fruits, natural curiosities, fishes, reptiles, birds, animals, an alligator 10 feet in length, and two rattlesnakes five feet long.

NEW BERNE COUNTY.

New Bern, the county seat is one of the oldest towns in the State, and is situated on the confluence of the Trent and Neuse rivers, about 115 miles from Raleigh. Craven was one of the original precincts of the Lords Proprietors, and derived its name from William, Earl of Craven. It belongs to the Eastern Division of the State, with its eastern boundary lying on the Pamlico Sound. The surface is level, with sandy loamy soils.

DAVIE COUNTY.

Mr. Chas. F. Robinson, of Farmington, has charge of the exhibit for this county, among which we noticed grains, grasses, woven domestics, canned goods, wood and minerals, old fashioned loom and spinning wheel in operation, articles patented in county, ladies fancy work, a crib in white holly, cherry and hickory, with revolving screw tobacco; space of this county reclaimed with material native to the county, and the name, "Davie," worked in cedar.

DAVIDSON COUNTY.

This county was formed in 1836, and named in honor of General W. B. Davie, Mocksville, the county seat, is 120 miles west of Raleigh. It is situated in the northwestern portion of the State, and belongs to the Eastern Division, having as its eastern boundary the Yadkin river. The surface is hilly with red clay and rich loamy soils.

DURHAM COUNTY.

Mr. T. B. Eldridge, of Lexington, is the chairman, and the county shows minerals in great variety and quantity, cereals, timbers, grasses, two small steam engines made by a boy of twelve, largest pumpkin in the South—125 pounds, garden products, and 73 out of the 85 varieties of trees grown in the county.

EDGEWATER COUNTY.

It was formed from Rowan county in 1822, and named in honor of General Wm. Davidson, of Revolutionary memory. It belongs to the Middle Division, centrally located and bounded on the north by the Yadkin river, Lexington, the county town, is 117 miles from Raleigh on the Carolina Railroad. Surface hilly, with sandy and red clay soil.

DURHAM COUNTY.

Mr. W. M. Lowe of Durham, is the chairman of this exhibit. He has displayed a sweet potato four feet long, a large pumpkin, a watermelon, tobacco rug, leather, skins, fertilizers, English Lambrequin, petrified wood, coffee, orange, lemon and almond trees. The Blackwell Durham Tobacco farm county, north of Durham, also have large exhibits.

DURHAM COUNTY.

Durham county was taken from the counties of Wake and Orange, in 1841, and named in honor of the town of Durham, which took its name from the Durham family residing at that place. Durham, the county seat, is situated on either side of the North Carolina Railroad, 26 miles west of Raleigh. Its surface is undulating, with red, gray and loamy soil varied.

FORBES COUNTY.

Mr. A. E. Conrad, of Lewisville, is the chairman of this exhibit, with Dr. J. A. Blum, of Winston, in charge. It is a large and most varied display, consisting in part of ladies' fancy goods, needle work, photographs, pictures, bonnet made of tobacco, hat made of china, banana, banana plant, butterfies, insects, hats, baskets, tuckahoe or Indian bread, tobacco—leaf and manufactured, cigars farm products, pyramid of grain, large map of county, map of Winston, Salem, Indian relics, wigwam and curiosities, collection of birds' eggs and nests, stuffed birds, flour, bread spreads, two rifles made in county, potatoes, fruits, canned goods, preserves, jellies, pickles, pine-apple plant growing with fruit.

FORBES COUNTY.

Mr. A. E. Conrad, of Lewisville, is the chairman of this exhibit, with Dr. J. A. Blum, of Winston, in charge. It is a large and most varied display, consisting in part of ladies' fancy goods, needle work, photographs, pictures, bonnet made of tobacco, hat made of china, banana, banana plant, butterfies, insects, hats, baskets, tuckahoe or Indian bread, tobacco—leaf and manufactured, cigars farm products, pyramid of grain, large map of county, map of Winston, Salem, Indian relics, wigwam and curiosities, collection of birds' eggs and nests, stuffed birds, flour, bread spreads, two rifles made in county, potatoes, fruits, canned goods, preserves, jellies, pickles, pine-apple plant growing with fruit.

FRANKLIN COUNTY.

The chairman of this county is Mr. Arthur Arrington, of Louisburg. The exhibit shows fruits, green and preserved, jellies, wines, brandies, woods table in 40 varieties of woods, cereals, vegetables, minerals, ladies' needlework, &c.

FRANKLIN COUNTY.

This county belongs to the Middle Division, and was erected from a portion of Bute in 1779, being named in honor of Benjamin Franklin, the great statesman, printer, philosopher and philanthropist. Louisburg, the county seat, is 37 miles northeast of Raleigh. The surface is level, undulating, with red clay, sandy, loamy soil.

GRANVILLE COUNTY.

Mr. John A. Williams, of Oxford, is the chairman, and Miss Sarah A. Elliott, of Oxford, has charge of the ladies' department.

Some of the exhibits are tobacco, minerals, corn, wheat, rye, oats, cranberries, fruits, large horned lady's work of 1815 Kensington stitch, Orphan Asylum exhibit, carpets made on one form, brick, rug by a lady 77 years old, knit counterpane, and a quilt, all made by the same lady. Beautiful flower work, gilt folding bed and hanker. "Bright Tobacco Showers Gold and Silver dollars over Granville, the Banner County," appears in the wreathing which are large gilt tobacco leaves.

Granville was formed from Edgecombe in 1746, and was named in honor of an English nobleman, who was created Earl of Granville. His field land under a grant from Charles II. Oxford, the county seat, is 36 miles from Raleigh. It belongs to the Middle Division, situated in the Northeastern portion of the State, and adjoining Virginia. The surface is undulating, with sandy and clay soils.

GULFURD COUNTY.

The display of this county is under the control of Messrs. James W. Albright and M. T. Hughes. It is a fine exhibit of one hundred kinds of corn, wheat, rye, oats, and other grain, and a beautiful flower work, gilt folding bed and hanker.

Halifax county has its exhibit, Mr. P. E. Smith, of Scotland Neck, and shows cotton, corn, wheat, oats, peanuts, tobacco, grasses natural and cultivated, upland rice, vegetables, marls, mineral water, building stone, antiquarian curiosities, specimens of plant collected in this county

for thirty years past, wines and brandies in extensive varieties, smokes stack of the Confederate "ram" "Albemarle," pine posts planted in 1802, taken out of the ground last month.

Halifax was formed in 1788, from Edgecombe county and was named in honor of the Earl of Halifax, who was the first Lord of the Board of Trade. It belongs to the Eastern Division of the State, and its eastern and northern boundary is the Roanoke river. Halifax, the county seat, is located on the west bank of the Roanoke river, about 87 miles from Raleigh. The surface of the county is level and undulating, with sandy and loamy soils.

JOHNSTON COUNTY.

Mr. E. S. Moore, of Selma, chairman, and Mr. B. W. Hatcher, chairman. Among other articles of interest in this exhibit are cotton, cereals, canned fruits, jellies, preserves, timbers, marls, patent cultivator, and brick.

Johnston was established in 1746, from Craven county, and named in honor of Gabriel Johnston, the Royal Governor at that time. It is traversed by its entire length by the Roanoke river, and is in the Eastern Division of the State. Smithfield, the county town, is on the Neuse river, 75 miles from Raleigh. The surface is level, with sandy and rich loamy soil.

LINCOLN COUNTY.

Mr. W. A. Graham, of Lincolnton, is manager for Lincolnton. In Lincolnton's space there are exhibits of twelve specimens of magnetic iron ore, pig iron smelted without flux, manganese, kopper, gold, kyanite, graphite, garnet, rutile, sulphur, mica, potter's clay, earthenware, whetstones, &c.

This county was originally a portion of Tryon county, so called after William Tryon, the Royal Governor, but his tyrannical course caused his name to be ignored in 1777, when Tryon was divided into Lincoln and Rutherford counties. Its northern boundary is the Roanoke river, and belongs to the Western Division. Lincolnton is the county seat, 172 miles from Raleigh. Surface undulating, with granitic and red clay soils.

MOORE COUNTY.

Moore has no exhibit. Mr. John T. Patrick has a very large and fine display in Moore county, which embraces two large growing tobacco plants, garden and field-seeds and grasses, with an inscription, "Pennsylvania and North Carolina united," cotton, corn, tobacco, wheat, rye, oats, canned and dried fruits, preserves, jellies and many other things of interest.

Moore county was formed in 1784, from Johnston county, and belongs to the Middle Division. Carthage, the county seat, is 79 miles from Raleigh. The surface is undulating, with sandy and clay soils.

MONTGOMERY COUNTY.

Mr. C. C. Wade, of Troy, is the chairman for this county, and displays gold ore, domestic silks, &c.

It was taken from Anson county in 1779, and named in honor of Gen. Richard Montgomery, a distinguished officer of the Revolution. Troy, the county seat, is 115 miles from Raleigh. It belongs to the Middle Division, in the southern portion of the State, with the Yadkin river as its western boundary. The surface is hilly, undulating with clay and sandy soil.

NEW HANOVER COUNTY.

New Hanover's display is large and well managed by Messrs. J. M. Foose and O. T. Thomas, of Wilmington. Among the articles of most interest are woods in great varieties, cane, iron, shell, which shows the process of obtaining turpentine, peanut picker and cleaner, fish, oysters, shrimps, palmetto; vanilla, sugar cane, cotton, canned and green fruits, turpentine, agricultural products, manufactured fibres, minerals, brooms, mattresses, flowers not grown anywhere else on the globe, including the floral fly catcher, fine art specimens, &c.

New Hanover was formed in 1728, and named in honor of the house of Hanover. It belongs to the Eastern Division, bounded east by the Atlantic ocean, and west by the Cape Fear river. Its county seat, Wilmington, 148 miles from Raleigh, is located immediately on the Cape Fear river, and was named in honor of the Earl of Wilmington, it was originally called Newton. The surface of the county is level, with sandy alluvial soils.

ORANGE COUNTY.

Mr. H. A. Cameron, of Hillsboro, is in charge of the Orange exhibit, among which may be seen specimens of the native woods and timbers, iron ore, brass, hematite, tobacco, cotton, wheat, oats, rye, corn, and other agricultural products, celebrated antiquities and curiosities.

Orange was formed in 1751, from Granville, Johnston and Bladen counties, and named in honor of the House of Orange. It belongs to the Middle Division, and is situated in the central portion of the State. Hillsboro, the county seat, is 40 miles west of Raleigh. The county is bounded by the Tar river, and was changed to its present name in honor of the Earl of Hillsboro. The surface is undulating, with diversified soils of gray, sandy and red clay.

PITT COUNTY.

Pitt county represented by Mr. Allen Warren, of Granville, and shows, among other things, one hundred and three varieties of natural forest growth, wheat, rye, oats, corn, cotton, rice—two varieties, millet, buckwheat, sweet and Irish potatoes, vegetables, fruits, wines, honey, marls, brick, shells and moss. In the collections are nine sections of honey, spelling a name and a beautiful cross in honey.

PITT COUNTY.

This county was formed from Beaufort county in 1760, and named in honor of William Pitt, Earl of Chatham, but its full length is traversed by the Tar river, and it is centrally located in the Eastern Division of the State. Greenville, the county seat, is located on Tar river, 102 miles from Raleigh. The county's surface is undulating, with sandy, loamy soil.

RANDOLPH COUNTY.

Mr. D. Reid Parker, of Trinity College, has the honor to preside over Randolph's exhibit. A peep revealed to sixty varieties of timbers, spokes, handles, woodwork, shuttles, pottery, agricultural products, tobacco, looms, leather, shoes, iron and gold ore, and various other articles.

This county was taken from Guilford and Bowman counties in 1779, and was named in honor of the Randolph family of Virginia. It belongs to the Middle Division and is situated in the centre of the State.

Aaboro, the county seat, is 72 miles from Raleigh, and was so called in honor of Governor Samuel Ashe. Its surface is hilly, undulating, with sandy and clay soils.

ROCKINGHAM COUNTY.

Mr. A. J. Ellington, of Reidsville, the chairman for this county, has displayed fine tobacco, agricultural products, woods, yarns, cotton and woolen goods, the very finest woolen blankets, their soft, white blankets can hardly be surpassed by those of California, and their gray blankets are the best in this country. Among the very few localities in this State, they exhibit some fine specimens of coal among their other minerals.

Rockingham was taken from Guilford county in 1782, and named in honor of C. W. Wentworth, the marquis of Rockingham—Premier of England and devoted friend of America. Wentworth, the county seat, is 15 miles from Raleigh. It belongs to the Middle Division. The surface is hilly, undulating, with grey, sandy and clay soils.

ROBESON COUNTY.

Robeson's exhibit is in charge of Dr. W. F. Earles, of Lumberton, and embraces agricultural products, woods in great variety, turpentine, ferns, ladies' needle work, chair, cypress knee, manufactured barrel, cotton, huge sunflower, varieties of pine burr, vegetable snake, opossum, medicinal plants, ladies' fancy work, and a great many other things, with an inscription: "Robeson decorates with garlands from her own soil; these her weeds."

Robeson was formed in 1786, from Bladen county, and named in honor of Colonel Robeson, who distinguished himself in the battle of Elizabeth City, July, 1781. Lumberton, the county seat, is located on the Lumber river, 93 miles from Raleigh. It belongs to the Eastern Division of the State, on the southern border, the South Carolina line being its southern boundary.

SAMPSON COUNTY.

Mr. D. B. Nicholson, of Clinton, is manager for Sampson, and has displayed agricultural products, marls, phosphates, timbers, vanilla wood for flavoring tobacco, grey moss mattresses, turpentine tree and tools, whetstone and other canned fruits, botanical specimens, Chinese tea plant, green, purple and orange sugar cane, and many other articles of interest.

Sampson was formed in 1784, from Duplin, and was named in honor of Col. John Sampson, who distinguished himself in the southern portion of the State, and belongs to the Eastern Division. Clinton, the county seat, is 74 miles from Raleigh. The surface is level, with sandy and clay soil.

STOKES COUNTY.

The exhibit for this county has for its chairman Mr. N. M. Pepper, of Danbury, with Messrs. Jas. A. Pepper and Turner in charge. Its principal are minerals and woods, which abound in inexhaustible quantities and almost endless varieties. It also shows grains, grasses, tobacco, dried fruits, quilt with 12,300 pieces, and table cloth made in 1778.

Stokes was formed in 1788, from Surry county, and named in honor of Hon. John Stokes. Danbury, the county seat, is situated on the eastern base of the Sauratown Mountains, with the river in the western suburbs. It belongs to the Middle Division, on the northern border of the State, bounded on the north by Virginia. The surface is mountainous, hilly, undulating, with grey, loam and red clay soils.

WAKE COUNTY.

The Wake county exhibit, under the management of Mr. Sol. J. Allen, of Raleigh, is a creditable effort, consisting in part of wheat, corn, cotton, tobacco, vegetables, minerals, agricultural and scientific machinery, turpentine sandstones, granite, an educational department, and various kinds of trees, timbers, &c.

Wake county was formed in 1770, from Orange, Johnston and Cumberland, and was called in compliment to the maiden name of Governor Tryon's wife. It belongs to the Middle Division and contains the capitol of the State. Raleigh, the county seat, is also the State capital, and bears the name of the illustrious Sir Walter Raleigh, under whose auspices the first colony was planted on our soil. The surface is undulating, with gray sand clay soils varied.

WARREN COUNTY.

The Warren exhibit has its chairman, Mr. H. A. Foote, of Warrenton, and numbers among its displays, tobacco, cotton, cereals, minerals, woods, canned fruits, hair and paper work, herbs, home products, live fawn, original letters of Daniel Webber, and other things of interest.

Warren county was formed in 1770, from Orange, Johnston and Cumberland, and was called in compliment to the maiden name of Governor Tryon's wife. It belongs to the Middle Division and contains the capitol of the State. Raleigh, the county seat, is also the State capital, and bears the name of the illustrious Sir Walter Raleigh, under whose auspices the first colony was planted on our soil. The surface is undulating, with gray sand clay soils varied.

This county was formed in 1779, from a portion of Bute county, which was that year divided into Warren and Franklin. Warrenton, the county seat, is 51 miles from Raleigh. It belongs to the Middle Division, situated on the northern border of the State, adjoining Virginia, and takes its name from Joseph Warren, of Massachusetts. Surface undulating, with sandy, loam and clay soils.

VANCE COUNTY.

Col. W. H. Cheek, of Henderson, is the manager for Vance. Among the articles of exhibits are bright leaf tobacco, agricultural products and ladies' needle work, extensive display of wines, minerals, &c.

Vance was formed March 5th, 1881, from Granville, Franklin and Warren counties, and named in honor of ex-Governor Z. B. Vance. The county seat, Henderson, is 44 miles north of Raleigh. It has an undulating surface, with sandy, loamy and red clay soils.

J. B. Harrington's class front is not quite complete, but still room is supplied with best and price is quite per measure. Be sure and call, and see our new assortment.

Ayer's Cherry Pectoral.

"Orville, Ohio, Sept. 10, 1882. "Having been subject to a bronchial affection, with frequent colds, for a number of years, I hereby certify that Ayer's Cherry Pectoral gives me prompt relief, and is the most effective remedy I have ever tried."

James A. Harrington, Editor of "The Democrat." "I have used Ayer's Cherry Pectoral this spring for a cough, and I feel compelled to say that it has done me more good than any other medicine I have ever used."

Proprietor Globe, Lowell, Mass. Dr. J. C. Ayer & Co., Lowell, Mass. Sold only by Druggists.
