16 Six Thousand Three Hundred Acres Land. One owners of The Crowder's Mountain Iron Works beg to call the attention of capitalists iron manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named. The property consists of Six Thousand Three Hundred Acres of land, located in the counties of Gaston and Cleaveland, in the State of North Carolina, at King's Mountain Depot, on the Atlanta and Charlotte Air Line rallway, now owned by the property has been used for fifty years past as an iron property, and has been worked at various points, but chiefly at the site of the celebrated fellow Ridge Ore Bank, which has always rielded an ore noted for its richness in metallic iron, and its soffness and toughness. This vein of ore, which extends for two miles in length, has been worked to the dept f 147 feet, showing at that depth a vein of ore about 40 feet wide, and analyzing as high as 65 per cent. of metallic iron. This wen has not been worked for twenty pears, but the facts set forth can be fully shown. Various other veins nave been worked, and within the past two pears very large deposits of iron ore have been discovered at other points. Within the past eighteen months, however, the owners have discovered deposits of ore in Crowder's Mountain, (fave veins of iron ore, are exposed), which were unknown before, and which will furnish an amount of good ore, easily worked and above water, that must make it one of the most desirable iron properties to be found. They have discovered on the pinnacle of this mountain, which is 1000 feet above the level land, 2200 feet above the sea level, a vein of ore eight feet wide, which crops out at various points from the top to the bottom of the mountain, showing in one place about 20 feet of solid vein. This rein can be traced over the top of the mountain for over a mile, and this deposit alone would afford an almost inexhaustible supply of ore, easily worked, and above the water line. In addition to this four other veins have been found on this mountain. The ore is a mottled gray ore, showing on analysis from 49 to 65 per cent. of metallic iron, with a small amount of titante acid, and without any sulphur or phosphorus. The quantity of ore in this mountain is simply inexhaustible and of good quality.

Besides Crowder's Mountain the owners possess King's Mountain, for about seven miles, whose planacle is the highest point of land from Richmond to Atlanta, except Mt. Airy, in Georgia, and they have reason to believe this mountain is full of ore also, in addition to iron ore the property has manganese, limestone clay for making fire-proof brick, gold and other minerals. As a stock and dairy farm it offers fine opportunities to those who may wish to engage in such business. It has from three to four thousand acres of level or only slightly rolling land, which produces stass, grain and all kinds of farming products snely, and it is well supplied with water by unfalling springs and branches.

The other 4,000 acres embraced in the mountain sides are productive of fine grass and herdage, and afford excellent natural pasturage for sheep and cattle. The climate is so mild that but little sheller for stock is needed in the coldest winters. The whole six thousand acres are now covered with a

COMMIT NO WRONG, SUBMIT TO

The deputy United States marshal seems to be one of the chief dependencies of the Republican managers in the doubtful States. With the large sums of money they hope to be able to control enough of the doubtful States to elect Blaine and Logan. Thousands of these deputy marshals have been appointed in the doubtful States of the North and in several of the Southern States, including North Carolina. They have not regarded the law in the appointment of these deputies, nor do they expect these marshals to obey the law. That is not what they appointed for. Their mission will be to intimidate voters when they can, and thus control the ballot boxes in the interest of the Republican party.

These high handed-proceedings have created a good deal of indignation, vigorous remonstrance and strong denunciation, in the Northern States where the game is being played, and where the people have not been accustomed to it.

A ringing address has been issued by the Democratic committee of New Jersey to the Democratic voters of that State, reviewing the methods resorted to by the Republican managers, and the laws under which deputy marshals may be called into presence at the polls, and the powers the coming election in that State the address is summed in these words: Let Democrats "Commit no wrong; submit to none." This is good advice not only to the Democrats of New Jersey but to Democrats everywhere. "Commit no wrong; submit to none." Attempt no violation of law, no in vasion of another citizen's rights, and see that no one violates the law and deprives you of yours.

The Republicans are bold, they are desperate. They are now fighting in the last ditch. All they have and all they hope for is at stake. For twenty five years they have held this government and plundered the treas ury out of hundreds of millions of dollars, which has enriched them and given them cash in abundance to be used in perpetuating that power, and in retaining control of that treasury which they have found such a bonanza. The party is led by audacious, unscrupulous men who will hesitate

at nothing, and who believe that anything in politics that wins, from bribery to murder, is justifiable. They are making their last fight under Blaine if he is beaten, for that will be the end of the Republican party and the end of them, and they know it. Hence the desperateness with which they work and the criminal methods they employ. Hence their corruption funds and their thousands of bulldozing deputy marshals. But the people who love their liberty, and desire honest government can beat them if they will, if they act upon the advice, "Commit no wrong; submit to none."

A revenue ring striker boasted in Winston the other day that they would capture the State. He said: "We are going to carry this State and mean to buy votes enough to do it. We don't expect Democrats to

vote for or with us but we will pay them to stay away from the polls.' These venal villains think the people of North Carolina as corrupt as the voters of NewHampshire who are pub licly bought and sold on election day. Let the people of North Carolina resent the insult and rebuke the insult-

Beecher says if they who accuse Gov. Cleveland of violation of moral laws were to vote for him his majority in New York would be 200,000.

Beecher says Blaine is a "brilliant iar, a constitutional, educated and national liar."

The Blaine papers started in the campaign with occasional remarks about Thos. A. Hendricks' sore toe, but when they saw the lively manner in which he was getting around among the Western sovereigns they concluded they had better let his toe alone. To the White Voters of North Carolina

Are you willing to live under negro rule? If you are, be sure to vote the Radical ticket; for Democracy and negro rule don't run together in North Carolina. But, if you are not willing to live under negro govern-ment, and think this is a white man's country, be sure not to let the Radi-cals get into power. If they do get in power, let white Democrats look

Less than two months ago, a depuy marshal' at the order of a Federal Commissioner, actually went into the very office of the Governor of Texas to arrest him while in the discharge of his duties as Governor; and for what? Because the Governor kept in the penitentiary a negro who had been duly convicted of having married a white wife in violation of the State law of Texas which forbids negroes and white people to intermarry! The deputy did not arrest the Governor only because somebody advised him that he was not the right deputy to do the dirty work, that he was outside of the territory in which he had jurisdiction!

If this bill passes, our State law and our State constitution forbidding

mixed schools and mixed marriage will be as worthless as waste paper.

Are you ready for this, white men of North Carolina? If you are, vote for York and the whole Radical ticket, for every man on it stands on the platform and sustains Blaine. If you are not ready for it, then vote the straight Democratic ticket. Democrats "take no negro in theirs, while every man who joins the Rad-ical party is obliged to be "hail fel-low well met" with every negro he

sees and troat him as an equal. What a spectacle that was in Ral-eigh the other day in the Radical County Convention! The white Radicals and the negro Radicals got to quarrelling, and the negroes told their white brethren that they were liars and cowards, and professed to be quite ready to settle the difficulty in any way the white gentlemen might wish! And what was the re sult? The white Radicals had to

Ringing Address From the State Democratic Committee on the Methods to NEW ORLEANS, Oct. 31.-The fol-

lowing address, issued by the Demo-cratic State Central Committee will show the somewhat dangerous attitude of the campaign committees to-wards each other and the possibility of trouble at the polls Tuesday. To the Democrats of New Orleans

"Tomorrow, Friday, the federal judge who has displayed his parti-sanship by appointing to represent you at the polls as United States supervisors men who are notoriously opposing your regularly constituted organization and nominees, may assume the power of deciding whether 700 duly registered citizens of New Orleans shall be stricken off the pollocal and the po Orleans shall be stricken off the poll books at the request of some of these so-called Demecratic supervisors, and their Republican colleagues. You are desired to be confronted at the polls by supervisors instructed by their chief, Norton, to resist arrest by State officers with or without warrant. According to these outrageous instructions, your State officers can be lawfully shot down in the performance of their duty. These acts recall the usurpations of 1872, 1874, 1876 and 1877 in this State, and of the late murderous elections in Republican ticket can't afford to buy transportation at the cheap rates made this committee furnishes them with tickets.

Dr. Grissom's Opinion of York.

Indianopolis, Oc. 29.—The Democrats are making a careful selection of their most reliable men in each precinct for service on election day. If the Republican managers force United States marshals into wards where they do not reside there promises to be some serious trouble.

Reliable information was received today from Nebraska that the Republican National Committee has ordered into service in Indiana on election day one of the most notorious des-peradoes of the West who will be accompanied by cowboys to support Republican villainy. His name is not given. They will get a warm recep-

tion.

The Democrats throughout the State are subscribing generally to the campaign fund. As soon as the national committee said they needed all the aid they could get, movements were made promptly in every county among the farmers and laboring classes. The results reported are gratifying and unprecedented.

The Democracy were never so thoroughly organized, and are literally spoiling for the fight. An air of mystery around the Democratic rooms is construed into a good sign, and the

The Independents now estimate their strength at thirty five hundred, which is thought to be the very lowest figures. By Independents are meant those who voted for Garfield and who will have noted for Garfield, and who will now vote for Cleveland.

The Democrats have their final big rally on Saturday night. Pendleton and Thurman, of Ohio, Palmer, of Illinois, Voorhees and others, are expected. Then victory!

Dr. Grissom's Opinion of York.
Parties and policies have no value in my eyes save as they may protect not despoil the people; save as they may guide and not mislead in the path of the State's prosperity, and hence I cannot support York.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States.
