One Hundred and Fifty Acres Land 15 mile of the city limits, adjoining the Fair Grounds well located for a truck and dairy farm; 15 in timber, branch running through It, about 8 acres meadow. Price \$30 or Ninth street, between D and K streets. Price \$350.

Six Thousand Three Hundred Acres Land. The owners of The Crowder's Mountain Iron works beg to call the attention of capitalists iron manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand Three

manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand Three Hundred Acres of land, located in the counties of Gaston and Cleaveland, in the State of North Carolina, at King's Mountain Depot, on the Atlanta and Charlotte Air Line railway, now owned by the Richmond and Danville railread company. The property has been used for lifty years past as an iron property, and has been worked at various points, but chiefly at the site of the celebrated Yellow Ridge Ore Bank, which has always yielded an ore noted for its richness in metallic iron, and its softness and toughness. This vein of ore, which extends for two miles in length, has been worked to the dept of 147 feet, showing at that depth a vein of ore about 40 feet wide, and analyzing as high as 66 per cent. of metallic iron. This vein has not been worked for twenty years, but the facts set forth can be fully shown. Various other veins have been worked, and within the past two years very large deposits of fron ore have been discovered at other points. Within the past eighteen months, however, the owners have discovered deposits of ore in Crowder's Mountain, (five veins of fron ore, are exposed), which were unknown before, and which will furnish an amount of good ore, easily worked and above water, that must make it one of the most desirable from properties to be found. They have discovered on the pinnacle of this mountain, which is 100 feet above the level land, 230 feet above the level and, 230 feet above the level and, 230 feet above the level and, so the properties to the found of the mountain, showing in one place about 20 feet of solid vein. This vein can be traced over the top of the mountain, showing in one place about 20 feet of solid vein. This vein can be traced over the top of the mountain. The ore is a mottled gray ore, showing on analysis from 45 to 65 per cent. of metallic fron, with a small amount of titanic acid, and wi

mountain is simply inexhaustine and or good quality.

Besides Crowder's Mountain the owners possess King's Mountain, for about seven miles, whose pinnacle is the highest point of land from Richmond to Atlanta, except Mt. Airy, in Georgia, and they have reason to believe this mountain is full of ore also. In addition to Iron ore the property has manganese, limestone clay for making fire-proof brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

As a stock and dairy farm it offers fine opportualties to those who may wish to engage in such business. It has from three to four thousand acres of level or only slightly rolling land, which produces gas, grain and all kinds of farming products anely, and it is well supplied with water by unfailing springs and branches

The other 4,000 acres embraced in the mountain sides are productive of fine grass and herdage, and afford excellent natural pasturage for sheep and cattle. The climate is so mild that but little shelter for stock is needed in the coldest winters. The whole six thousand acres are now covered with a fine growth of timber of all kinds, such as pine, hickory, oak, wainut, cedar, etc. The land is well suited to farming purposes, by those who wish to colonize. Cotton, corn, peas, oats, clover and grass, and fruits of all kinds are produced beautifully, and it is specially suited to grapes and small fruits. It could be divided into small farms that would give to each farm variety of soil, and level and hilly and. It is situated in the Piedmont belt, which is noted for the salubrity of its climate, and the healthiness of its atmosphere. It is located with great convenience to rallroad facilities, being situated at from two to four miles from King's Mountain Station, on a rallway that has the most extensive connections with all parts of the country, and which offers great inducements to those who are trying to develop the country along its lines. The owners will sell this property to suit purchasers, as follows: The whole tract, including mineral interests, for Sixty three Thousand Dollars, or will make favorable terms, reserving the mineral interest, or will sell one half the mineral interest, or will sell one half the mineral interest, or will sell one half the mineral interest, and the bought cheaply. The property is also in close proximity to the famous all Healing Mineral Springs, and to the wid

also in close proximity to the famous all Healing Mineral Springs, and to the widely-known Cleve land Springs.

The town of King's Mountain is also adjacent, where are good hotels, a flourishing and excellent high school, and several new and handsome churches. The owners invite the attention of all interested to this property, and ask an examination of it. Any further information regarding it will be promptly furnished by addressing R. E. Cochrane, Manager Charlotte Real Estate Agency.

The Yellow Ridge Ore Bank has been recently sold to a Pittsburg, Pa., company, and a German colonization company has recently bought 2,500 crea adjoining this property.

18 Tract of Land, 150 acres, located in Lincoln & Payne and others, 6 miles from Denver, 23 from Charlotte, and 13 from Davidson College. Has on it a good dwelling, 7 rooms, all necessary outbuildings, good orchard, good water, and well adapted for grains, grasses, corn, wheat, tobacco, cotton, etc.; 35 acres good bottom land. In fine state of ultivation. Price \$2,550.

19 Tract of Land, 3 miles south of Charlotte, 22 acres, known as part of the Samuel Taylor tract, on which is an undeveloped gold mine, (known in the N. C. Reports as the Sam Taylor mine), three frame tenement houses, two rooms each, good barn, good well water and good spring on the premises. Sold without reserve for \$1,750.

20 Two unimproved lots analys, on north side and the promises of the samuel for the farm. The miles from High Point, N. C.; a prem. The miles from High Point, N. C.; a prem. house, brick spring house, wagon snea, granery, buildings on the farm, besides a 4-tamp bone mill on the creek with sufficient water to run it most of the year. The creek runs through the plantation and has 22 acres of bottom or meadow land under cultivation that will produce 75 bushels corn per acre. The buildings on the place could not be replaced for less than \$5 500. A desirable place for any one wishing a well improved farm. Price \$8,000; one-half cash, balance on time at 6 er cent. Interest.

LEADING CLOTHIERS.

The Charlotte Observer.

ONLY A QUESTION OF TIME. The Boston Globe in a lengthy article on the outlook for New England cotton manufactories, quotes a prominent manufacturer as saying:

"We have nothing to fear from the South as a manufacturer of cotton. In that section they lack three things which are essential to rivalry with us, which we possess. These are capital, enterprise and skill. Unless they can command these in preponderance we have nothing to fear from them."

The three things which the South needs to rival New England as a manufacturer of cotton-capital, enterprise and skill—she may not have now to the extent of making her a formidable competitor, but when she will have them is only a question of time, and no very remote time either. The rapid progress of this industry in the South in the last ten years, but especially in the last five, shows the strides the South is making. Enterprise and capital seek the best and most profitable fields for investment regardless of geographical lines. They command skilled labor, for skilled labor works for pay and seeks the field where it will be best paid. If experience demonstrates that cotton can be manufactured to more profit in the South than it can in New England, it is only a question of time when the New England manufacturer will pull out his plant and seek a location for it nearer the cotton fields where the greater advantages are offered. There have been a number of such removals already. Lxperience has demonstrated that the South can in the lines of goods which she now manufactures not only compete with but lead New England, and she has the same field to draw from, when she can command the capital and is prepared to enter into competition in finer grades of goods, for perfected machinery and skilled labor that New England has, that is the world, A mere glance at the character of the work turned out by some of the Southern mills now in comparison with the work of ten years ago, or even a later period, will show that while the South may be behind New

England in the matter of skilled labor, she has made wonderful progress. Southern manufactures are moving prudently, and building well as they go, giving their attention and capital for the present to the manufacture of such goods as can be most cheaply made and find the readiest market. What the South needs to cover the field of cotton manufacture

in all its branches she will have, for it will be furnished, if not by her own people by other people who want to "put their money where it will do the most good." The fact that within the past year \$105,000,000 have been invested in Southern industries, including cotton manufactories, is an indication of the direction in which capital is looking, and capital is the

motive power in all these things. THE GENERAL ASSEMBLY. Report of the Proceedings of Friday,

Friday morning. 9th, 1885.

The Senate met at 11 o'clock, President Boykin in the chair. The Journal was read and approved.

The President presented to the Senate a voluminous batch of documents, which he received through the mail, relating to the contested election in the Third Senatorial district, which was referred to the committee on propositions and grievan-

Mr. Scott, from the committee on engrossed bills reported as correctly with copies of the Code.

Senate resolution instructing the secretary of the State to supply members of the General Assembly INTRODUCTION OF BILLS AND RESOLU-TIONS. The following bills and resolutions were introduced and referred to ap-

propriate committees or placed on the calendar: Mr. Troy, bill to establish criminal courts in certain counties.

Mr. Gudger, bill to prevent the importation and sale of pistols and

other deadly weapons.

Mr. Means, bill to prevent an especial election in School district No. 11. Cabarrus county was on his motion; read and passed its several readings, and was sent to the House without being engrossed.

Dr. Hackett, bill to amend the Code relating to the entry of public

Mr. Troy, bill to provide for the better protection of land owners. Mr. Winston, bill to abolish certain fees of Justices of the Peace. and to exempt them from jury duty and the payment of poll tax.

Mr. Means, bill to restore certain

persons to citizenship.

By the same, resolution to expedite public business, and to prevent confusion and waste near the close of Mr, Troy, bill to amend the Code oncerning concealed weapons.

Mr. Bason, bill to amend the Code

to provide for the payment of full fees in certain cases to solicitors.

Mr. Troy, bill to improve and develop the swamp lands of the State.

Mr. Troy, bill for the protection of life and property on the various railroads in the State. Mr. Winston, resolution instruct-

ing our Representatives in Congress to vote for the immediate repeal of internal revenue Mr. Buxton, bill to authorize the ex-sheriff of Forsyth to collect ar-

rears of taxes.

Mr. Rountree, Bill to provide for an increase of the salary of the Governor.

Mr. Troy, bill to extend the charter of Carolina City Company.

Mrt Troy, bill to prohibit the employment of convict labor on mechanical works in this State.

MESSAGE FROM THE HOUSE. Transmitting joint resolutions re-lating to a revision of the judicial system of the State proposing to amend by increasing the number of the committee to nine so as to have one from each judicial district.

Also proposing to go into the elec-tion of an enrolling clerk, at the hour of 12 m., which was agreed to. Mesars. Robins and Swain were

appointed tellers to conduct the elec-Mr. King placed in nomination J.
M. Brown, of Montgomery. No
other nomination being made, the
Senate proceeded to ballot, which
resulted as follows: Mr. Robins reported that Brown had received 109
votes in the House and 46 votes in the Senate, all the votes cast and a majority of all the votes of the General Assembly, which secured his election. Subsequently Mr. Brown presented himself at the bar of the Senate and was qualified to enter the discharge of his duties.

upon the discharge of his duties.

On motion the Senate adjourned

until tomorrow morning at 11

The House spent much of the day in a humorous discussion of Mr. Pou's bill to reduce the tax on marriage license, after which it was again referred to the committee on finance. This was the most important work of the day.

Mr. King, of Onslow, to amend an act, chapter 50, of the road law, section 2019.

Mr. Lovill, an act to prohibit the allowing of bail in certain cases. Mr. Lockey, to repeal section 18, chapter 363, laws of 1883, entitled an act to amend an act to provide ror the levying and collection of taxes.

Mr. Tate, of Burke, an act in regard to the offense of entry and de-

Mr. Stanford, an act to amend section 2834 of the Code. Mr. Bland, to repeal the clause prohibiting the sale of spirituous liquors in Burgaw.

Mr. Crawford, a bill authorizing the recording of certain wills in

Haywood county. Mr. Glenn, to amend chapter 150 of the laws of 1883—providing that no cost shall be collected in the to-bacco counties before the first of

April.
Mr. Adams, to repeal subsection 4
of section 501 of Code. Mr. Jones, of Buncombe, an act to incorporate the Scottish Carolina Timber and Land Company-limi-

Mr. Whitted, to repeal chaper 17, acts of 1883 '84. Mr. Pinnix, to change the time of holding the Superior Courts of Davie and Yadkin in the Seventh Judicial District.

Mr. Pritchard, an act to prevent the importation and sale of pistols and other deadly weapons in North Mr. Leazar, an act to amend the law in regard to appeals to the Su-

preme Court. Mr. Green, an act to promot speedy trial on certain causes.

The gentleman from Onslow moved that a joint committee be appointed on fish and fisheries; and that it be made up of gentlemen who are acquainted with the industry. Mr. Robinson though that the Eastern gentlemen would not readily agree with one another and suggested that the committee have on it also members from the West, Mr. Stanford was sure that the East would agree. Mr. Womack moved that the keeper of the capitol be instructed to buy five settees for the House-
