Su Thousand Three Hundred Acres Land. The owners of The Crowder's Mountain from Works beg to call the attention of capitalists iron manufacturers, stock and dairy men, and those who wish to settle colonies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand-Three

who wish to settle coionies, to their property, which offers inducements to the classes above named.

The property consists of Six Thousand-Three Hundred acres of land, located in the counties of teaston and Cleaveland, in the State of North Carolina, at King's Mountain Depot, on the Atlanta and Charlotte Air Line railway, now owned by the Richmond and Danville railroad company. The property has been used for fifty years past as an iron property, and has seen worked at various points, but chiefly at the site of the celebrated Yellow Ridge Ore Bank, which has always yielded an ore noted for its richness in metallic iron, and its sorfhess and toughness. This vein of ore, which extends for two miles in length, has been worked to the dept f 147 feet, showing at that depth a vein of ore about 40 feet wide, and analyzing as high as 66 per cent. of metallic iron. This vein has not been worked for Iwenty years, but the facts set forth can be fully shown. Various other veins have been worked, and within the past two years very large deposits of Iron ore have been discovered at other points. Within the past eighteen months, however, the owners have discovered deposits of ore in Crowder's Mountain, (five veins of iron ore, are exposed), which gwere unknown before, and which will furnish an amount of good ore, easily worked and above water, that must enake it one of the most desirable iron properties to be found. They have discovered on the pinnacle of this mountain, which is 1000 feet above the level and, 2200 feet above the sea level, a vein of ore eight feet wide, which crops out at various points from the top to the bottom of the mountain, showing in one place about 20 feet of solid vein. This vein can be traced over the top of the mountain, for over a mile, and this deposit alone would afford an almost inexhaustible supply of ore, easily worked, and above the water line. In addition to this four other veins have been found on this mountain is simply inexhaustible and of good quality.

Besides Crowder's Mountain the ow

quality.

Besides Crowder's Mountain the owners possess King's Mountain, for about seven, miles, whose pinnacle is the highest point of land from Richmond to Atlanta, except Mt. Airy, in Georgia, and they have reason to believe this mountain is full of ore also. In addition to iron ore the property has manganese, limestone, clay for making fire-proof brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

brick, gold and other minerals. Very pure and excellent barytese has just been found in large quantity.

As a stock and dairy farm it offers fine opportualities to those who may wish to engage in such bushness. It has from three to four thousand acres of level or only slightly rolling land, which produces grass, grain and all kinds of farming products anely, and it is well supplied with water by unfailing springs and branches

The other 4,000 acres embraced in the mountain sides are productive of fine grass and herdage, and afford excellent natural pasturage for sheep and cattle. The climate is so mild that but little shelter for stock is needed in the coldest winters. The whole six thousand acres are now covered with a fine growth of timber of all kinds, such as pine, hickory, oak, walnut, cedar, etc. The land is well suited to farming purposes, by those who wish to colonize. Cotton, corn, peas, oats, clover and grass, and fruits of all kinds are produced beautifully, and it is specially suited to grapes and small fruits. It could be divided into small farms that would give to each farm variety of soil, and level and hilly and. It is situated in the Pledmont belt, which is noted for the salubrity of its climate, and the healthiness of its atmosphere. It is a region free from malaria and other unhealthy influences. It is located with great convenience to raliroad facflities, being situated at from two to four miles from King's Mountain Station, on a railway that has the most extensive connections with all parts of the country, and which offers great inducements to those who are trying to develop the country along its lines. The owners will sell this property to suit purchasers, as follows: The whole tract, including mineral interests, for Sixty three Thousand Dollars, or will make favorable terms, reserving the mineral interest, payments to be one-third cash, balance in one or twy ear.

A valuable water power, which has been used to run large rolling mills, lies adjacent to this property, and can be bought chea

Mineral Springs, and to the widely-known Cleve land Springs.

The town of King's Mountain is also adjacent, where are good hotels, a flourishing and excellent high school, and several new and handsome churches. The owners invite the attention of all interested to this property, and ask an examination of it. Any further information regarding it will be promptly furnished by addressing R. K. Cochrane, Manager Charlotte Heal Estate Agency.

The Yellow Ridge Ore Bank has been recently sold to a Pittsburg, Ph., company, and a German colonization company has recently bought 2,500 cres adjoining this property.

The Tract of Land, 150 acres, located in Lincoln & Payne and others, 6 miles from Denver, 23 from Charlotte, and 18 from Davidson College. Has on its good orehand, good water, and well adapted for grains, grasses, corn, wheat, tobacco, cotton, etc., 35 acres good bottom land. In fine state of ultivation. Price \$2,260.

The Charlotte Observer. A PROFITLESS DISCUSSION. The Senate of the United States is composed of men of more than average mental calibre, some of them are very large brained men, but there is a good deal of human nature in them after all, and they get excited and very mad sometimes just like other folks, and under such circumstances say and do things that in their cooler moments they would not think of saying or doing. An illustration of this was furnished Monday in the discussion of Senator Hawley's resolution to procure from the Secretary of War for publication the statement of Gen. Sherman in reference to the controversy between himself and Jefferson Davis, filed sometime previous in the war department. What interest the United Staces has in a question of veracity between Gen. Sherman and Jefferson Davis does not appear, and as the Southern Senators could not see it they very properly objected to the call for the papers, especially since it was necessarily a one-sided statement in which Mr. Davis had no chance to be heard. mated, in fact, decidedly warm, the

Republican Senators who took part in it availing themselves of the opportunity to call Jefferson Davis some hard names, which the Southern Senators who took the floor spiritedly resented. While we commend the chivalric and manly spirit of our Southern Representatives we regret discussions of this kind at this late day because they do no good but keep up the sectional feeling that some leading Republican politicians are laboring so hard to keep up. Whether this was Senator Hawley's motive or not we do not know, but we incline to the opinion that it was. Whether or not it gave men on his side like Ingalls, Conger and Sherman an opportunity to hurl their barbed sh ifts which they knew would irritate where they struck, and they threw them with more satisfaction on that account. Had they been able to have sprung a question like this during the last canvass they might possibly have reaped some historical value and interest shall at political benefit from it, but there is the General's death, or, if you de no chance of political or other benefit to come from it now and hence it has not even the excuse of political strategy to justify it. It is nothing but cold-blooded, deliberate deviltry that at this latelday even the Congers, Ingalls and Shermans ought to be ashamed of. They may arouse Southern Senators to the expression of some vigorous and candid remarks, but they will neither increase or diminish the fame of Jefferson Davis.

### A FRIEND IN NEED.

HISTORY OF THE \$150,000 LOAN. How Vanderbilt Enforced His Claim to Protect the Property .- His Generons Gift which was Declined with

The following correspondence in reference to the \$150,000 loan from Wm. H. Vanderbilt to Gen. Grant, and the subsequent proceedings has been given to the public:

STATEMENT OF VANDERBILT. NEW YORK, Jan. 10, 1885. Mrs. Ulysses S. Grant-Dear Mad am: So many misrepresentations have appeared in regard to the loan

made by me to Gen. Grant, and re-flecting unjustly upon him and my-self, that it seems proper to briefly recite the facts. On Sunday the 4th of May last, Gen. Grant called at my house and asked me to lend him \$150,000 for one day. I gave him my check without question, not because the transaction was business like, but simply because the request came from Gen. Grant,

The misfortune which overwhelm-ed him in the next twenty four hours aroused the sympathy and regret of the whole country. You and he sent me, within a few days, deeds of your joint properties to cover this obligation and urged my acceptance on the ground that this was the only debt of honor which the General had personally incurred, and these deeds I returned.

During my absence in Europe the General delivered to my attorneys mortgages upon all his own real estate, household effects and swords, medals and works of art, which were medals and works of art, which were memorials of his victories and presents from governments all over the world. These securities were in his judgment worth \$150,000. At his solicitation the necessary steps were taken by judgment, &c., to reduce these properties to possession, and the articles mentioned have this day heen hought in hy me and the been bought in by me, and the amounts bid applied in reduction of

the debt. Now that I am at liberty and treat these things as my own, the disposi-tion of the whole matter most in accord with my feeling is this: I present to you as your separate estate the debt and judgment I hold gainst Gen. Grant, also the mortgages upon his real estate and all household furniture and ornaments, coupled only with the condition that the swords. commissions, medals, gifts from the United States, cities, and from foreign governments, and all articles of it, sooner, be presented to the gov-ernment at Washington, where they will remain as perpetual memorials of his fame, and of the history of his

I enclose herewith assignments as to you of the mortgages and judg ments, a bill of sale of the personal property and a deed of trust, in which the articles of historical interest are enumerated. A copy of this trust deed will, with your approval be forwarded to the President of the United States for deposit in the prop er department. Trusting that this action will meet

with your acceptance and approval, and with kindest regards to your nusband, I am yours respectfully, W. H. VANDERBILT. GEN. GRANT'S REPLY.

New York City, Jan. 10, 1885.— Dear Sir: Mrs. Grant wishes me to answer your letter of this evening, and to say that while she appreciates your great generosity in transferring to her the mortgage given to secure my debt of \$150,000, she cannot ac-

cept it in whole. She accepts with pleasure the trust which applies to the articles enumerated in your letter to go to the government of the United States at my death, or sooner, at her option. In this matter you have anticipated the disposition which I had contemplated making of the articles. They will be delivered to the government as soon as arrangements can be made for their reception.

The papers relating to all the other property will be returned with the request that you have it sold and the proceeds applied to the liquidation of the debt which I so justly owe you.

You have stated in your letter with the minutest accuracy the his tory of the transaction which brought me in your debt. I have only to add that I regard your giving me your check for the amount without inquiry as an act of marked and unusual friendship. The loan was to me personally, I got the money, as I believed, to carry the Marine National Bank over a day being assured that Bank over a day, being assured that the bank was solvent, but owing to unusual calls needed assistance until

it could call in its loans.

I was assured by Ferdinand Ward that the firm of Grant & Ward had over \$660,000 to their credit at that time in the Marine Bank, besides \$1,300,000 of unpledged securities in their own vaults.

I cannot conclude without assuring you that Mrs. Grant's inability to avail herself of your great kindness in no way lessens either her sense of the obligation or my own.

Yours truly,

U. S. Grant.

To W. H. Vanderbilt, Esq. it could call in its loans.

VANDERBILT INSISTS.

640 FIFTH AVENUE, N. Y., Jan. 11, 1885—Gen. U. S. Grant - My Dear Sir: On my return home last night found your letter in answer to mine to Mrs. Grant. I appreciate fully the sentiments which actuate both Mrs. Grant and yourself in declining

that part of my proposition relating to the real estate.

I greatly regret that she feels it her duty to make this decision, as I earnestly hoped that the spirit in which the offer was made would overcome any scruples in accepting it. But I must insist that I shall not be defeated in the purpose to which I have given so much thought and which I have so much at heart.

I will therefore as fast as the

I will, therefore, as fast as the money is received from the sales of the real estate deposit it in the Union Trust Company. With the money thus realized I will at once create with that company a trust, with proper provisions, for the income to be paid to Mrs. Grant during her life. and giving power to her to make such disposition of the principal by her will as she may elect.

Yours very truly, WM. H. VANDERBILT, To Gen. U. S. Grant,

GRANT YIELDS, New York Ciry, Jan. 11, 1885.— Dear Sir: Your letter of this date is received. Mrs. Grant and I regret The death roll from disasters on land and sea, during 1884, was 73.

The death roll from disasters on that you cannot accept our proposition to retain the property, which was mortgaged in good faith to secure a debt of honor, but your gener-

ous determination compels us to no longer resist. Yours truly, U. S. Grant. To W. H. Vanderbilt.

MRS. GRANT CANNOT AND WILL NOT. New York, Sunday, January 11, 1885.—My Dear Mr. Vanderbilt: Upon reading your letter this afternoon, Gen. Grant and myself felt that it would be ungracious to refuse your princely and generous offer.

Hence his note to you, but upon reflection, I find I cannot, I will not accept your munificence in any form.
I beg that you will pardon this apparent vaccillation and consider this answer definite and final.

With great regard and a sense of obligation that will always remain, I am yours, very gratefully,

JULIA D. GRANT.

Swift Vengeance. GALVESTON, Jan. 13.—A News Greenville special says: At 1 o'clock yesterday morning, Tom Peddy, a negro, went to the house of Mrs. Webb. a widow, broke in the door and attempted to outrage her. Her outcries caused the negroe to flee. He was apprehended some hours afterwards and jailed. Late last night 200 masked men demanded the prisoner. The sheriff seeing that he was powerless surrendered the negro and the mob hanged him.

Production of Lead. In the lead production of different countries Spain holds the first place, the amount reaching some 120,000 tons in one year, or one-sixth more than America which comes next on the list, while Germany follows with 90,000. Of Spain's total production 67,000 tons are derived from one district, that of Linares, in which more than 800 mines are registered.

Increase of Suicide.

From the Chicago Herald. Official returns show a remarkable increase of suicides in France. Five years ago the number per 100,000 in-habitants was 17; it is now 19. Hanging and drowning are most popular, and next in favor are fire-arms and charcoal fumes. April. May and June are the favorite months of the Parisian suicide.
