LENTERED AT THE POSTOFFICE IN CHARLOTTE, N. C., AS SECOND CLASS MATTER.]

THE INAUGURATION. The inauguration of Gov. Scales and the State officers elect takes place today in the City of Oaks, and it will be an interesting ceremony one, too, in which those present will participate with a different, and we might say a better feeling than on any of the similar occasions since the war, not that they hold the Governor elect in higher esteem than they did Gov. Vance and Gov. Jarvis, but the circumstances are different. In addition to a Democratic State government, we will have, on the 4th of March next, an administration at Washington in sympathy with our people, and not antagonistic, as has peen the case since the triumph of time since then the sectional line has ceased to be a factor in the administration of our national affairs, and our people feel that the State they call theirs stands in the eyes of those vested with national authority on an equal footing with the States North of the imaginary dividing line. This is one of the results for which they have struggled for years, and in which they bave at last, in God's providence, been successful.

North Carolina has been singularly fortunate in the choice of her three last Governors: in Vance, who led the attack that overthrew Radicalism in 1876, in Jarvis, who succeeded him, and now in Scales, who succeeds Jarvis, all honest, big brained, progressive men. Gov. Vance, with far seeing wisdom and progressive ideas, inaugurated the policy which lifted North Carolina from the weight under which she had been crushed and started her on the highway of prosperity. Gov. Jarvis, inspired by the same spirit and broad liberal views, followed in an administration brilliant with success, and now it remains for Governor Scales to continue the work they left, and add to the beauty and grandeur of the structure, if we may so speak.

We predict here that he will not disappoint the hopes or expectations of his friends, and that while he will be a careful and a prudent Governor. he will also be a practical and progressive Governor, and that at the end his term the people will look back with pleasure and pride to the inauguration of today.

Senator Zebulon B. Vance was yesterday elected by the unanimous vote of the Democratic members of the General Assembly for another term in the U.S. Senate. The Republicans cast a complimentary vote for Dr. Tyre York. This is a proper recognition of the devoted patriotism, the eminent services, and the universally recognized ability of our distinguished Senator, of whom North Carolina is proud, and who is proud of North Carolina.

The Senatorial contest in New York revived the fact that Mr. Evarts once took a fee of \$60,000 from Fisk, Gould and other railroad men for a short opinion, which was at the rate of \$566 a word. But that didn't prevent him from being elected Sena-

# THE PANAMA TROUBLE.

A Dispatch From Commander Lewis Clark and a Reply Made by the Secretary of the Navy. Washington, Jan. 20.-The Secre-

tary of the Navy yesterday received the following telegram from Commander Lewis Clark, commanding the United States Alliance, dated Panama, January 18: "Revolution in progress. The

President of Panama announces his inability to protect the property of the Panama Railroad company. At the request of the authorities I shall land a force as soon as possible to protect American property in Aspin-wall. Will keep you informed of the state of affairs. Have put the Alliance alongside the dock to assist against the demonstration. Please give such instructions as you think proper. The United States minister at Bogota cannot be communicated with. Wires cut and Bogota in a state of siege.

To this the Secretary of the Navy replied immediately: 'Your action approved. Act discreetly in the interests of humanity and for the protection of American citizens and property but avoid taking sides in political or military controversy."

Another dispatch was received from

Commander Clark this morning stating that the trouble is over and the force withdrawn.

# SOMEWHAT MIXED.

How an Auditor's Clerk Scattered Valnable Papers. RICHMOND, Va., Jan. 20.—Investigation into the condition of the Auditor's office continues to develop new irregularities and carelessness, par-ticularly on the part of William R. Smith, clerk, who has been under arrest for some time past, charged with embezzlement, and since his arrest he has been allowed several times to go to the Auditor's office. and has brought to light papers covering the value of about \$30,000, and today a valise was delivered up by his wife containing other papers in the shape of remittances from the clerks of the various courts of the State, covering about the same amount. These papers Smith had taken to his home to work up and arrange and they had there remained neglected. What this looseness in the management of the Auditor's office will amount to cannot be positively stated until the investigation is ended.

A Damaged Steamer. London, Jan. 20.—The steamer Herman, from Norfolk for Breman, has arrived off Dover. Her boats are smashed and she is damaged amidship on starboard side, having

been in collision.

## IN CONGRESS.

THE SENATE TAKES ANOTHER TILT WITH THE RAILROAD BILL.

The House Devotes the Day to Eulogies on South Carolina's Deceased Representative, Evins.

Washington, Jan. 20.—Senate.— Colquitt presented the credentials of Joseph E. Brown, re-elected Senator from Georgia for six years from the 4th of March next. They were re ferred to the committee on privileges

At 2 o'clock the Senate resumed consideration of the inter state commerce bill The House bill—the Reagan bill, so called—having already been in the Senate read twice by title and placed on the calendar, was now taken from the calendar and read in full. The question before the Senate was on motion of Cullom heretofore made to strike out all after the enacting clause in the House bill and insert instead the several provisions of the commission bill already debated and agreed to in the Senate. The latter bill was now also read in full. Beck spoke for some time upon Republicanism in 1860. For the first | the pending bills and in the course of his remarks moved to amend the House bill by striking out from the first section the provisions regarding discriminations in passenger accom-modations and discriminations on ac count of color. This would leave the bill, he said, in the condition in which it had been originally brought into the House by Judge Reagan. Beck said he would also move to amend the House bill so as to prohibit railroads from charging more for conveying freights over part of their line than they charge for carrying them over the whole length of their

Maxey said the question now was on one hand whether we should have a commission to supervise railroads, or, on the other hand, should pass laws for their regulation and leave all infractions of laws to be dealt with by the courts. With regard to the constitutional right of Congress in the premises, as strict a State rights man as he (Maxey) was, he recognized that Congress had such right, but he opposed the proposed commission, and with regard to the House bill he thought that any measure of railroad regulation must necessarily be tenta tive. The power and wealth of railroad men were increasing dangerous ly fast. Almost every railroad in Texas was under the control of Jay Gould. As between the House and the Senate bill Maxey favored the House

bill, believing that the commission would do no good. Coke rose to address the Senate on the bill, but yielded to a motion to go

into executive session. A message from the President was South America, the Spanish West Indies, Hayti and San Domingo and the share of the United States therein The Senate then went into executive session. After fifteen minutes the doors were reopened and the Senate adjourned.

House.-On motion of Chase, of Rhode Island, it was ordered that four o'clock tomorrow be assigned for the consideration of the resolutions on Senator Anthony. Oates, of Alabama, from the com-

mittee on public lands, reported a bill prohibiting aliens and foreigners from accquiring title to and owning lands in the United States. Placed on the House calendar. Hewitt of New York from the

committee on ways and means, reported a bill amending section 3019. revised statutes, so that it will read as follows: Section 3019—There shall be allowed on all articles wholly manufactured of materials imported on which duties have been paid when exported, a drawback equal in amount to the duty paid on such materials and no more, to be ascertained under such regulations as shall be presented by the Secretary of the Treasury, and all the provisions of the law inconsistent herewith are hereby repealed. Referred to committee of the whole.

After some opposition from Singleton, of Mississippi, and Willis, of Kentucky, who desired respectively to bring up Congressional library and eductation bills, the House, at 12:25, went into committee of the whole, Wellborn, of Texas, in the chair, on

the Indian appropriation bill. Ellis, of Louisiana, explained the provisions of the bill which appropriates \$5,664,135 or \$1,863,914 less than the estimates, and \$195,000 less the amount carried by the bill for the current year. In the discussion of the bill which followed many of the existing problems in connection with the affairs of the Indian race, and the disposition of Indian lands were brought up.

Pending further debate the com mittee rose, and the public business being suspended, the House proceeded to pay a fitting tribute to the memory of the late J. H. Evins, of South Carolina

Eulogistic addresses were made by Bratton, Dibble and Tilman, of South Carolina, Browne, of Indiana, Hardi man, of Georgia, George, of Oregon, Dowd, cf North Carolina, and Dur-ham, of Texas, and then, as a mark of respect to the memory of the deceased, the House, at 4:05 p. m. adjourned.

### Meeting of Creditors of the Busted Wire Concern.

PITTSBURG, January 20. - The creditors of Oliver Bros & Phillips, and Oliver & Roberts, Wire company, met here this morning at 10 o'clock to discuss the affairs of these firms. The attendance was large, all the creditors being represented. H. W. Oliver, Jr., presented a statement showing that the liabilities of Oliver Bros & Phillips aggregate \$1,508,338, and assets \$2,319,252; the liabilities of Oliver & Roberts, Wire company (limited) are \$902,432, and assets \$12,595.10. A proposition was submitted to pay five instalments, one upon each February first for the next five years, beginning February 1886, with secured notes at 6 per cent. interest, a general mortgage to be made to the trustees to be named by the creditors, covering all property of the firm, and the business to go on. A committee of five was appointed to examine the statement and report upon the proposition. After several hours consideration they reported favorably upon the acceptance of the terms offered. No final action will be taken by the creditors until Thurs day, 29th inst. The greatest har mony and disposition to help the firm out of the difficulty, prevailed.

# Fatal Explosion of an Oil Tank.

CHICAGO, January 20.- A despatch to the Daily News from Sioux City, Iowa, says the lard rendering tank in the pork packing house of J. E. Booge & Co., exploded this morning tearing down that portion of the building. Very few men were about the tank at the time, but of these John Owarral, Joseph French and John Keeler were instantly killed. Another man named Joseph Brener, received injuries from which he will probably die. The factory employs probably die. The factory employs 270 men, and had the accident occurred a few minutes later the loss of life would have been terrible. The damage to the building is \$25,000.

FITZ JOHN PORTER

Gen. Slocam Looking After His Case. WASHINGTON, Jan. 19.-A resolution was introduced in the House to day by Gen, Slocum, calling on the President to transmit to Congress an appeal made to him on behalf of Fitz John Porter, with an accompanying paper. The appeal referred to was sent to the President by Fitz John Porter about two months ago, and is a request by Porter for reinstatement in the army, he (Porter) claiming that the President can reinstate him without further action by Congress. The paper referred to as accompany ing this appeal, and which is called for by the resolution, is an elaborate review of the opinion of the At torney General, upon which the President's veto of the Porter rein-statement bill of the last session was based, in which the view taken by the Attorney General is controverted. This review was prepared for Porter by Mr. Bullitt, a prominent attorney of Philadelphia. The resolution was referred to the military affairs committee, and will probably be reported back. General Slocum has prepared a list of forty cases occurring within the past ten years, in which the exe cutive has, upon the direction of Congress, reinstated officers in the army. in four of which cases reinstatement was made by President Arthur. This list Gen. Slooum will present to the House, when occasion offers.

## SILVER FINDS. The Rich Discoveries in the Cobuttah

Mountains. Dalton, Ga., Jan. 20. Extraordi nary discoveries of silver in the Cohuttah mountains have been made For several weeks past Mr. Jerome Prince, of Boston, and an assayist of San Francisco have been pursuing investigations in that region. They are making their tests with an electric machine, and today announced the result of their investigation They state that they have traced a vein 1,500 wide, which extends entirely through the mountain, a distance of eight or nine miles. They represent Boston capitalists, who have extensive mines in Nova Scotia, Colorado and California, and state that the Georgia mines are ten times more valuable than any they ever before assayed. The assays have run as high as 80 per cent, and they state that \$20,000,000 could not buy the vein they have tested. An extensive smelter will be erected at Dalton. # Who is Mrs Winslow? As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a f male physician and norse, princitally among children, the has estecially studed the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as norse and physician, she has compounded a Soothing syrup, for children teethind. It operates like magic-glving rest and health, and is moreover sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her, especially is this the case in this city. Vast quantities of the Foothing Syrup are daily sold and used here. We think Mrs Winslow as immortalized her name by this invaluable article, and we sincerely betieve thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her biessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Swithing Syrup Try it mothers—try it now.—Ladies' Visitor, New York City Sold by all druggists. Mrs Smith's Case, and what the Rev. Mc Mckinstry has to say

To the Public: I have been a fearful sufferer for fifteen years, most of the time with what has been called Eczema, or Salt Rheum. Psoriasis and Lepra, and the like, and have always been told that there was no cure for me, and, have been so discouraged that I had as soon die as live. I have been so badly afflicted sometimes that there was not the smallest spot from the crown of my head to the soles of my feet that was not diseased and as red as crimson. It would commence in small white spots, which had a silvery appearance, but were not deep, but if I attempted to heal them, or soon after their first appearance, they would burn and rnn together until there was a complete dry, red scale, which would become so inflamed as to crack and lock flery and angry, and the burning sensation would be almost intolerable.

and angry, and the burning sensation would be almost intolerable.

I was at times so lame that I could scarcely get about, and could not dress myself without assistance. I have tried many remedies, and have paid \$100 in a single instance to a physician, but have ever obtained only temporary relief. Although helped for a time, I soon relapsed again to be as badly troubled as ever, and during the winter of 1841 and 1822 I suffered so much as to be entirely discouraged. Last June, however, I was advised by Elder and Mrs. L. C. McKinstry, who are well known in these regions, to try your CUTICURA REMEDIES; and I felt somehow a little coufage, from their opinion of them, to try their virtue. About the second week of July last I commenced taking the remedies, and within six weeks I began to see a permanent improvement, until now (Oct. I) I am about as good as new, and my flesh is as the flesh of a child.

I certify that the above statement of my wife is orrect, and I join with her in expressing my grati-ude for the great benefit she has received. B. SMITH.

I certify that the above statement is correct. Mr. Smith is a prominent man in this community where he lives. He is a well known-dealer in stock and his statement, with that of his wife, is fully entitled to credit. and his statement, with and entitled to credit.

# Cotton Seed

We will pay 18 cents per bushel of 30 pounds for good sound cotton seed, delivered at our mill by wagon. Will pay 17 cents per bushel for seed delivered at any station on railroads running to Charlotte, for car loads of ten tons and over, we paying freight on same. Parties shipping less than ten tons will be called on to pay half the freight, as the railroads charge as much and in some cases more for part that for full car load.

Or we will give one ton of meal in exchange for two tons of seed. This exchange being of great value to the farmer should be taken advantage of one ton of meal being worth much more for feed ing or fertilizing than two tons of seed.
