The signal was justified as the temperature fell 15 degrees Sun-day night. The cold wave signal is a white flag with black square in the centre, which was hoisted all day yesterday from the flag staff over the signal office. This is the first time the signal has been hoisted here, and a great number of people did to work, just as is suitable for the occasion and community. The Cotton Business. The cotton compress has been stopped for the season, and while there are a few hundred bales on the cotton platform, no more of it will be compressed until business opens again in the fall. An OBSERVER re-presentative yesterday found Mr. Harway at the depot and asked him why the compress had ceased opera-tions. Said he: "The most of the why the compress had ceased opera-tions. If Mr. Cleveland determines to re-appoint Mr. Pearson, doubtless it will be pleasing to the Independent Republicans; but it may fail to please a good many Democrats, who at the same time do not disparage Mr. Pear-son's qualifications. The President's decision will be watched with great interest by the party. Mr. Pearson's case will be regarded as a test case.
