This administration is yet scarce three weeks old, and yet its actions have been such as to convince the country that it is to be a good, oldfashioned Democratic administration, and that reform and economy and as little fuss and feathers as possible are to be its characteristics. The President no sooner got into his quarters in the white house than he went to work like a man who wanted to earn his salary, overlooked the letters and documents requiring his attention, and then found time to receive the public who called to pay their respects, or the gentlemen and delegations who called on business. And thus he has been doing daily since.

The Secretary of the Interior and Attorney General at once issued orders for the disposal of the carriage horses, vehicles, &c., kept for the use of the heads of these departments and attaches, without authority of law, and also gave notice to a number of unnecessary employes that their United States at Vienna, Austria, services would be dispensed with. The Postmaster General at once disposed of a number of postal exammers who had been drawing pay for little service.

The Secretary of the Navy has em-

ployed an expert to investigate the methods of book-keeping in that department, and the Secretary of the Treasury has appointed a committee to go through that department, ascertain where the working force can be reduced without detriment, and to institute a thorough investigation of the books and the methods of doing business, with instructions to re port to him from time to time. One of the remarkable things is that Secretary Manning is the only member of the Cabinet who is not a lawyer. He is putting the same system into the Treasury Department that has characterized his private business

Sharon's Heaft Bowed Down.

Business Houses Laid in Private advices from San Francis co say that ex-Senator Sharon is fast reaking down under the troubles forced upon him by Sarah Althea and her lawyers. The old man was always weak physically, but the mortification and chagrins, the reproaches of his friends and the coldness of his children, all growing out of his rela-tions with the pestiferous Sarah Al-thea, are more than human nature can stoically bear. It is said that his daughter Flora, wife of Sir Thomas Hesketh, of England, is so disgusted with her father that she has had no communication with him since the suit began. Her own social position in England has been cruelly injured. As for Sir Thomas himself, he is mad through and through. Another complication is the marriage of the son, Fred Sharon, a few months ago. under circumstances which set every der circumstances which set every tongue to wagging. A rapid and permanent restoration to health has been the result. I consider myself entirely cured. Signed, Mary E. Garry," This valuable remedy can be had of any druggist.

Beset on All Sides By malaria, how shall we escape the dread infection? is the question which the denizens of fever
and ague districts ask themselves. The answer
comes from former sufferers who for years have escaped the visitations of the periodic scourge,
through the protecting influence of Hostetter's
stomach Bitters. When the necessity for using
preventive measures arises, use this means of prevention at once. It regulates the fiver, facilitates
digestion, and liberates impurities from the system, when such exist, by promoting healthful action of the bowels and kidneys. Act early. In all
regions where miasmatic vapors breed disease, it
is absolutely necessary to be provided with a safe
guard, and this is true, though a sojourn in such
localities is destined to be brief. No one can afford to breath malaria for a short time. The Bit
ters is a sovereign specific for rheumatism, debility and nervousness. Keep it on hand.

SAVED HER LIFE.

RIDGE, McIntosh Co., GA. DR. J. BRADFIELD: Dear Sir-I have taken sev eral bottles of your Female Regulator for falling of the womb and other diseases combined, of sixteer years standing, and I really believe I am cured entirely, for which please accept my heartfelt thanks and most profound gratitude. I know your medicine saved my life, so you see I cannot speak too highly in its favor. I have recommended it to several of my friends who are suffering as I was. Yours very respectfully,

MRS. W. E. STEBBINS. TESTED A QUARTER CENTURY. It Stands Unrivaled.

DR. J. BRADFIELD, Atlanta, Ga-Dear Sir: I take pleasure in stating that I have used for the last twenty years, the medicine you are now putting up, known as Dr. Bradfield's Female Begulator, and consider it the best combination ever gotten to gether for the diseases for which it is recommen ed. With kindest regards, I am, respectfully, W. B. FERRELL, M. D. ATLANTA, GA. DR. J. BRADFIELD-Dear Sir: Some fifteen year

ago I examined the recipe of Female Regulator and carefully studied authorities in regard to its components, and then (as well as now) pronounce t to be the most scientific and skillful combination of the really reliable remedial agents known to science, to act directly on the womb and uterine ergans, and the organs and parts sympathizing di rect'y with these; and, therefore, providing a speetfic remedy for all diseases of the womb and of the adjacent organs and parts. Yours truly, JESSE BORING, M. D., D. D.

An Exploded Boom.

Boom met the new, fat and saucy Atlanta Big Bold

Boom, on a hot, sultry day. "Who are you?" asked the B. B. B. Boom. "I am the old Anti-Potash Boom," was the sad reply, as the prespiration rolled down, and it Isan "Don't lean on me," said the B. B. B. Beom. may look strong, but I am quite young-only 14 months old, and am growing rapidly, and am mighty weak in the knees, I am doing the work which you have falled to do, although you are 50 years old. You are old, and tough, and rich, and don't require a support. But what causes you to

"Well. I hardly know," replied the Anti-Potash Boom. "My physician t-lls me that my abilities have been over-rated, and that while trying to while out all opposition by boast and brag, that I have only proven my inability to cope with what he calls my superiors. Old age is also creeping on mehaving fought near 50 years before any one knew I was living-and now I am unable to perform feats that others are doing. I am collapsed; my friends have turned aganist me and call me names, and oh Lordy, how sick I become at the very sight of B. B. B. Hold my head while I die."

A SUNBEAM.

Compared to other remedles, B. B. B. is the railent sunbeam of midday, flinging its glittering glare to saddened hearts, while others are pale noonbeans, pushing along through misty meshes of darkness, in search of something they can cur It cures blood diseases and poisons, catarrh. old ulcers, scrofula. rheumatism, skin diseases, kid ney troubles, etc., and we hold a 32 page book full of evidence—Atlanta evidence—that cannot be doubted proving all we claim. Our certificates are not phantasinagorieal, nor far fetched, but are voluntary outbursts of men and women of Atlanta.

RHEUMATISM. resisted all the usual remedies. Within twentyfour hours after commencing B. R. B. I observed
marked relief. She has just commenced her third
bottle and is nearly as active as ever, and has been
in the front pard "rake in hand," cleaning up.
Her improvement is truly wonderful and immenseby gratifying.
