- Maj. E J. Brevard, who lost three horses by a stroke of lightning at Iron Station, was brought to the at Iron Station, was brought to the city yesterday by his nephew, Dr. R, J Brevard. Maj. Brevard, we are sorry to learn, has been sick for several weeks past, but we trust that with the good attention which he will receive in Charlotte, he will soon recover his usual good health.

An eminent Presbyteriun divine announced to his congregation that he would be obliged to take a vacation on account of bronchitts, when the elders immediately raised his salary and advised him to take Dr. Bull's Cough Syrup and be cured.

THE FIREMEN'S TOURNAMENT. The Depot Policeman.

Victory Claimed by the Hornets, but the Judges Call for an Agreement ---Three Good Reel Races Yesterday.

the programme of reel races which they had prepared for May 20th, but which was postponed by reason of rain. The streets were muddy yesterday, but, with the aid of scrapers, a very good track was secured from Independence Square to the plug at the corner of Tryon and Fifth streets, distance one hundred and fifty yards At 4 o'clock the engines, trucks and reels were brought out and arrayed on the Square, the firemen being pres ent in full numbers and fully uni formed. The mayor, board of aldermen and fire committee made an official inspection of the companies and apparatus, and were highly pleased with the general good condition of everything percaining to the depart-ment. They tendered their congratulations to Chief Magill, his assistants and to the firemen. After the inspec tion, the races were called by Capt Harrison Watts and Mr. George E Wilson, starters, from the block on Independence Square. At the plug. Mr. T. R. Robertson flagged for plug time, and Capt. F. A. McNinch for water. Messrs Bennett Barnes, Harvey Deal and M. C. Quinn recorded the time. The Hornet company was first in line, and, starting off at the fall of the ball, made a splendid run. Time to the plug 22 seconds; plug to water, 51 seconds.

The Pioneer company came next, and made an equally fine run, tieing the Hornets on the plug run. Time to plug, 22 seconds; plug to water, 141 seconds.

The Independents were the third in line, and came within one second of tieing the other two companies. Time to plug, 23 seconds; plug to water, 15% seconds. It was evident to all that a mis-

ake had been made in the water time of the Hornets, and the contest was declared a draw, the Pioneers refusing to run again. The judges ad mit that a mistake was made in recording the 51 seconds, and now have the matter under advisement. The Hornets claimed the victory, and decided to make another run after the withdrawal of the Pioneers. It was a run against the record, and the time to the plug was lowered by one second, the run being made in 21 seconds. The team making this fine record was composed of W. J. Byer-ly, captain and plugman; O. F. As-bury, wrenchman; J. J. Manning, uncoupler; C. M. Davidson, nozzleman; E. F. Cresswell, slack puller; John Byerly, J. G. Witherspoon, W. B. Correll, J. A. Alexander, W. R. Wearn, E. O. Gilliam, J. Killain, C. Geiger, D. S. Whitt, Ben. Duncan, W. M. Lyles and I. H. Withers.

After the reel races a foot race was run, participated in by teams from each of the three companies. The distance run was 100 yards. Score of best three: Jim Adams, 124 seconds; Chas. Geiger 13, and Joe Garabaldi second prize, \$2.50.

The prizes for the reel races have not been awarded, as explained by the following action of the judges: At a meeting of the judges appointed by the Fire Department of Charlotte, called to consider the difficulty arising between the different companies engaged in the contest of to day, it was resolved,

1. That before any final action should be taken in the matter the secretary is hereby instructed to as-certain from the chief of the Fire Department, and the president of the various companies participating in the contest, whether or not the said companies would abide the action of the judges in the premises, and in the event of an agreement so to do, that the presidents of the respective companies put such agreement in

writing. 2. That upon the receitpt of communication from such officers, that the secretary call a meeting of the judges to take final action in the matter.

Geo. E. Wilson, chairman of meeting; H. A. Deal, secretary; M. C. Quinn, Bennett Barnes, time keepers F. A. McNinch, judge at nozzle; T. R. Roberson, judge at the hydrant.

Exporting Rich Costumes.

We were yesterday invited by Mr. Young, of Wittkowsky & Baruch's, to look into their mail order department, and were truly surprised at the elegance and finish of several costumes that were being sent away to different States. One was a rose shrimp silk with Washington train, fronted with rich oriental lace, square corsage, also trimmed with bullions of tulle and gathered ruffles of Randolphian lace. This costume was accompanied by five others equally beautiful in design, finish and workmanship, and were being sent to Wadesboro, N. C. Among them we particularly admired a white camel's hair cloth, the skirt of which was finished with relief panels of rich garnet velvet, Mary Stuart vest of garnet velvet, trimmed a la "Caribineer" with silver braid. It was a garment worthy of the very highest commendation. Next we saw some exquisite white dresses made from Egyptian and oriental flouncings, with Persian lawn petticoat and train, elaborately finished with fine laces, and vest of Smyrna crepe. With these goods was an elaborate costume of China crepe, brocaded with a garnet flower. The elegance of this costume surpasses our descriptive powers; it was marked "Hot Springs, Ark." Another costume, with bonnet and hat to match, was going to Kansas, It is certainly very credit able to think that Charlotte is becoming a dress-making centre for some of the best people in the regions of the far West.

Two Commissioners to be Elected. The board of county commissioners will meet in regular monthly session at the court house tomorrow morning The first business before it will be the election of two new members to fill the places of Mr. R. M. Oates and Col. John L. Brown, who recent ly resigned to go on the board of aldermen. There is no scramble for the places, and it is not even known who will be candidates. There is a good deal of talk of bringing Capt. W. E. Ardrey back to the board, but it is not known whether Capt. Ardrey would accept if elected. The greater part of tomorrow's session of the board will be taken up with the examination of applicants for pensions. There will be, including widows of soldiers, at least one hundred applications, and each applicant, it is said has good grounds upon which to base claims for a pension.

Mr Henry Baumgarten is a crack photographer, and one of his best pictures was taken a few days ago at | ing the 20th forever, because the per King's Mountain. It is a photograph of the King's Mountain base ball club. in full club dress, in the foreground of which is the picture of a little daughter of Capt. W. T. R. Bell,

By agreement between Mayor Johnston and the railroad officials, a special policeman has been detailed for regular duty at the Air Line passenger depot in this city, the duties of The firemen yesterday carried out this officer to be identical with those of the former depot policeman Porter. The officer appointed to fill this station is Mr. Isadore Markee, and he goes on duty at once. He is paid a salary of \$40 per month, half of which is borne by the railroad com-

Takes Charge To-Morrow---Another

Appointment. Collector C. Dowd takes charge of his office in Statesville to morrow morning, relieving Mr. Cooper and the Republican party of the revenue business for this district. Collector Dowd will start in with two citizens of Charlotte assisting him. Mr. R. M. Miller, Jr., and Mr. P C. Wilson. Mr. Lil Smith, it is understood, still declines to serve as chief clerk, pre ferring to live in Charlotte and help the railroad along with its business, Mr. Miller is the disbursing clerk of the collector's office. Mr. Wilson re ceived his appointment yesterday morning and takes a clerkship in col lector Dowd's office He accepts the appointment.

In commenting upon the delegates in attendance upon the Episcopal convention in Asheville the Citizen tak+s occasion to say some pleasant things about some Charlotte people We copy: "Another old and promi inent member of the Convention is Mr. John Wilkes of Charlotte. His presence as a delegate to sucessive sessions of the Convention dates from long before the war. He is not a professional man either, but engaged, on a very extensive scale, in the manufacture of machinery. He is though not a very impressive talker, a very influential one, well informed on church matters, with excellent

ly sound judgment, and clear strong "Mr. H. C. Jones, of Charlotte, is another member of the present Convention well known throughout North Carolina for emment professional attainment; and high personal character. He is a hard worker, a very useful member of the body, and with his fine gift of oratory, a very influential speaker."

Salisbury's 30th of May.

Yesterday was Federal decoration day in Salisbury, and that fact accounts for the scarcity of colored people in this city during the day. Almost all who could muster good clothes and a dollar went along, and all had a good time. They had a special train from Charlotte, and it went out packed, returning about 9 o'clock last night. The Neptune firemen went in uniform and attracted much glory. They report that there were eight thousand colored people in Salisbury, and no fights. Bishop rial address, and speeches were made by others, after which the graves of the Federal dead, in the National cemetery, were decorated. Charlotte darkies all behaved themselves well, and say that they were treated kindly in Salisbury. The streets of that town were fairly lined with colored people and the lowest estimate on the size of the crowd was fully 6,000. It is that way every year in Salisbury, and the people of that town mourn because Federal decoration day does not come around

IS THE 201H THE 318T?

"R. D. G." on May 20ch, 1775, &c. STATESVILLE, May 29, 1885. To the Editor of THE OBSERVER.

Your Washington correspondent, 'R. D. G." in his communication of the 24th inst., speaks of the rule I gave you for calculating the week's day of any date, as if it were good only for dates under the Gregorian calendar. If he will look a little closer he will see that it applies equally to all dates under the legal and official calendar used by English speaking nations, which has been the "Gregorian" since 1751, and the "Julian" before 1751; that is the "old style" was authoritative up to that year (as it still remains in Russia) and the "new style" since then, My rule finds the week's day of any date, (no matter how far back), as it was dated at the time, and as it appears in books and records of the time, made by official and regular authority.

Further, "R. D. G." seems to intimate that because by the "Julian" calendar May 31, 1775, would have been Sunday, this is some ground for doubting the opinion of those who say the 31st was not the real date of the Mecklenburg Declaration But though I am inclined to believe in the old fashion May 20th Declaration myself, I beg to suggest to "R D. G." that there is another way of looking at this subject which always appeared to me of having some plaus ibility in it, and it is this: According to the "Julian" calendar, May 20th, 1775, was Wednesday, and by the "Gregorian" calendar that very same day was May 31st, the difference then being 11 days between the old and new style. Now the "Char leston newspaper," and other such authorities would be certain to use the then legal and official coloridar. the then legal and official calendar, which was the "Gregorian;" but it is quite possible that the Presbyterians of Mecklenburg, who hated the Pope and all his doings, and whose co re-ligionists in 1751 vigorously denounced the adoption by Parliament of Pope Gregory's calendar, may have adhered, with their usual perserverance to the old style "Julian" calendar in the backwoods of Carolina for as long as twenty years after Parliament in London adopted the other, and may have persisted in calling a certain day "May 20th," when people more supple and nearer headquarters were correctly calling the same day "May 31st." When we think what confusion the change of calendar pro-duced in the family records of births, marriages, &c., in the old Presbyterian bibles, we may partly guess how reluctantly those pioneers of the bor

I sometimes wonder whether there is not in this a solution in the controversy about which date, May 20th or May 31st, is the true date of Meck lenburg's action; that is, whether one and the same actual day was not dated "May 20th" by the Mecklenburgers, and "May 31st" by the metropolitan newspapers and others. And if it be indeed true is only correct when reached by the old Julian style, I am still in favor of celebratsistency with which those iron willed Scotch Irishmen stuck to it, and wrote it down that way, in spite of the Pope and the Parliament, was in itself a characteristic Declaration of Independence deserving perpetual commemoration on the date they stubbornly called it, Yours.

A Disabling Disease.

A Disabling Disease.

No disease which does not confine a man to his bed so completely unfits him for bustness as dyspepsia. When the stomach is foul, the brain is always muddy and confused, and as the cares and anxieties of life are a sufficient burden for the organs of thought to bear, without being tormented by the miseries born of indigestion, it is highly desirable for the brain's sake, as well as for the sake of every other portion of the system, that the disordered stomach should be restored with the utmost dispatch to a healthy, vigorous condition. This object can always be accomplished by a course of Hostetter's Stomach Bitters, the purest and best of vegetable specifics, which evacuates the morbid humors through the bowels, rouses and tones the torpid stomach and regulates the liver, imparts firmness to the nerves, and clears the sensorium of its mental cobwebs. Persons subject to a tacks of indigestion, billous headache, irregularity of the bowels, sickness of the stomach, or "the blues," should take the Bitters once or twice a day throughout the present season. out the present season.

All of One Mind. Dr. B. Wilson Carr of Baltimore, says he has used Rosad ils in cases of scrofula and other diseases, with a uch satisfaction.

Dr. T. C. Pugh, of Baltimore, recommends Rosadails to all persons suffering with diseased blood, saying it is superior to any preparation he has ever used. Rev. Dabney Hall, of the Baltimore H. E. Conference, South, says he has been so much benefited by the use of Rosadalis that he cheerfully recommends it to all his friends and acquaintaices.
