ENGLAND EXCITED.

THE MINISTRY THROU UP THE SPONGE.

Result of the Defeat on the Budget. Vase-Discussing the Crisis-A Parson Victory-Rumor That Gladstone Will Retire-A Sensational Story About Gordon.

LONDON, June 9.-The Cabinet council was convened at noon and was in session until 11:30 o'clock. It is understood the situation was thoroughly discussed, and it was decided that in view of the defeat last night it would be inconsistent for the members of the Cabinet to remain longer in office, and it was resolved that their resignations be tendered to the Queen at once.

The Freeman's Journal today commenting on the defeat of the Government last night on the Budget says: The defeat is due to the action of the Parmentiers in refusing to uphold the Cabinet, from which they received nothing but broken promises, and from which Ireland could expect nothing but injustice, as was fore-shadowed in the proposed attempt to again saddle upon Ireland the iniquitous provisions of the Crimes Act. The result of the defeat last night will cause Earl Spencer and his lieutenants at the Castle to quit Ireland, leaving behind them the memory of an administration which was pre-eminently noted for cold blooded brutality and frigid, calculating injustice.

The Freeman's Journal today commenting on the defeat of the Government last night on the Budget says: The defeat is due to the action of the Parmentiers in refusing to uphold the Cabinet, from which they received nothing but broken promises, and from which Ireland could expect nothing but injustice, as was fore-shadowed in the proposed attempt to again saddle upon Ireland the iniquitous provisions of the Crimes Act.

LONDON, June 9.-Great surprise is expressed at the defeat of the Government. It was expected that an effort would be made last night to prevent the proposed increase of duties upon beer and spirits but there was noidea that the opposition would overturn the cabinet. It seems to be regarded as extremely doubtful whether the ministry could resign and leave uninitiated so many important matters relating to the home and foreign affairs. Nothing, moreover, now stands in the present crisis could have occurred. Apparently men of all parties are of the opinion that the government should remain provisionally, that is until after the general election.

A SENSATIONAL STORY FROM KHARTOUM.

LONDON, June 9.-A despatch from Cairo says: Some excitement has been created here among English officials and residents by the arrival of a Coptic merchant from Khartoum. He states that he witnessed the capture of Khartoum and that immediately after the massacre of the garrison the Mahdi demanded the head of Gordon for a trophy, but his warriors produced the head of the Austrian consul, Mr. Hansal. When the mistake was discovered a second search was made for Gordon, but the Mahdi's followers were unable to find any trace of the hero of Khartoum. They found several other Europeans but no documents were found on their clothes to show that either of them was General Gordon. The Coptic says that it is possible that Gen. THE DIRECT TAX.

A Decision Favorable to the Rights of the States.

WASHINGTON, June 8.-Comptroller Durham has just rendered an important decision as to retaining money due the State of Mississippi as a set off against direct taxes. Comptroller Durham holds that under the Constitution the direct taxes were assessed against citizens of the State and not against the State, and hence were not an indebtedness of the State in its corporate capacity, but that the certificate of the former comptroller is binding on his successor, subject to revision only by Congress or the Courts. He decides, therefore, to withhold final action upon the matter until the next annual report can be called to the same, which will be done in his next annual report to the secretary of the treasury. The principle involved in this case affects a good many States and a very considerable amount.
