WHERE THE LIGHTNING HIT YESTERDAY.

Appointments in the Departments—An Ohio Man Makes a Protest Because He was Locked Out—Postoffices to be Filled—Uncle Sam's Balance Sheet.

WASHINGTON, July 1.—The President made the following appointments today: Wm. W. Rockhill, of Maryland, to be Secretary of Legation of the United States to China; Mattie K. Chisman to be postmaster at Hampton, Virginia.

APPOINTMENTS IN THE DEPARTMENT OF JUSTICE.

The Attorney General has made the following appointments in the Department of Justice to fill vacancies caused by removals: Frank Strong, of the District of Columbia, to be general agent at a compensation of \$10 a day; Leigh Chalmers, of Texas, and J. Monroe Heiskill, of Maryland, to be examiners at \$8 a day, and D. A. Fisher, of Ohio, to be examiner at \$6 a day; Edward W. Watson, of Mississippi, and H. J. May, of Indiana, to be assistant attorneys at \$3,000 per annum; Benj. Wilson, of West Virginia, Lewis Cochran, of New Jersey, and F. P. Dewey, of Pennsylvania, to be assistant attorneys at \$2,500 per annum; Felix Brannigan, of New York, to be assistant attorney at \$2,000 per annum. These appointments take effect today.

UNCLE SAM'S BALANCE SHEET.

The debt statement issued today shows the decrease of the public debt during the month of June, according to the old form, to be \$3,993,993 75. The decrease of the debt since June 30, 1884, is \$63,404,708 64; cash in the treasury, \$188,612,429 23; gold certificates outstanding, \$140,323,140; silver certificates outstanding, \$139,901,646; certificates of deposit outstanding, \$29,785,000; refunding certificates outstanding, \$240,000; legal tenders outstanding, \$346,681,016; fractional currency outstanding, (not including the amount estimated as lost or destroyed) \$6,964,175 88. This is the final statement according to the old form. Hereafter the new form of the debt statement will be the only one issued by the Treasury Department. The decrease of the public debt during the month of June, according to the new method of stating the accounts, is \$9,156,861 63. The items are the same in both accounts.

ASSISTANT SECRETARIES OF THE INTERIOR.

Mr. Muldrow was today formally appointed first assistant secretary of the interior, the new office created by Congress, and Geo. A. Jenks, of Pennsylvania, was appointed second assistant secretary of the interior. Jenks had an interview with Secretary Lamar today and was introduced to the chiefs of the divisions. He will begin the discharge of his official duties as soon as a room can be fitted up for his occupancy. E. S. Wilson, of Jackson, Miss., editor and proprietor of the New Mississippian, was today appointed receiver of moneys at Evanston, Wyoming.

OTHER APPOINTMENTS.

The President this afternoon appointed Wm. Dorsheimer to be United States attorney for the Southern district of New York, and Martin T. McMahon to be United States marshal for the same district; James B. Hays, of Wisconsin, to be Chief Justice of the Supreme court of Idaho; Wm. L. Copell, of Texas, United States marshal of the Northern district of Texas; James M. Liddell, of Mississippi, United States marshal for the Northern district of Mississippi; Charles B. Pearce, of Texas, United States attorney for the Northern district of Texas; Benjamin F. Jonas, of Louisiana, to be collector of customs for the district of New Orleans, La.

A CIVIL SERVICE MUDDLE.

Complaint has been lodged with the civil service commission by Owen Kellar, of Caldwell, Ohio, to the effect that having been certified by the commission for appointment to a twelve hundred dollar position in the treasury department and having been notified by mail that the position awaited his arrival, he came to Washington, and upon reporting in person the appointment was refused him. Kellar says the reason of the refusal was none other than that he is a Republican. Judge Thoman, the Democratic member of the commission, is absent, but the remaining members have taken the complaint under consideration and it is probable that a letter will be addressed to the Secretary of the Treasury, asking for his statement of the facts in the case. This is the usual course in such cases. Genl. Chenoweth, first auditor of the treasury, to whom Kellar was assigned to duty, said today that he had refused to accept Kellar on the ground that he was personally offensive to Democrats in the district where he lived. In fact, he had received a letter from Representative Warner protesting against Kellar's appointment. He (Warner) described Kellar as a man who had been active in support of Taylor who ran against Warner for Congress. He also said that Kellar had taken every opportunity to insult the Democrats of the district. Chenoweth said he did not want such a man in his office, and told him, so he also informed Kellar, that if he had to appoint him on a certificate of the civil service commission he would discharge him the next day, but if Kellar preferred he would return his

papers to the commission and let them take the usual course. Kellar agreed to the latter alternative and the papers were returned.

EXPIRED TERMS.

There are at present eleven Presidential postoffices where the commissions of the postmasters have expired and where no appointments have yet been made. These offices are Millford, New Hampshire; Waterford, N. Y.; Manitowoc, Wis.; Gilroy, Cal.; Augusta, Me.; Belforte, Pa.; Mitchell, Ind.; Ewart, Mich.; South Haven, Mich.; Preston, Minn.; and Corinth, Miss.

FOURTH CLASS VACANCIES.

Vacancies in the fourth class postoffices number not less than 2,500, and some estimates make the number much greater. Nearly all the vacancies have been caused by resignations or removals because of misconduct on the part of the postmasters. In many cases postmasters have written to the department asking why no attention has been paid to their requests to be relieved from the duties of office, made in March last. The explanation is to be found in the great number of cases that are constantly pressed upon the attention of the first assistant postmaster general where an immediate change is desirable in order to secure good service.

QUARANTINE AGAINST FEVER.

The city of Lewes, Del., has established a quarantine against the marine hospital station at Delaware Breakwater, where a case of yellow fever is under treatment.

FOREIGN NOTES.

Opposed to the Crimes Act—Summoned to Rome—The English Turf—Cholera's Progress in Spain.

LONDON, July 1.—Lord Arthur William Hill, member of Parliament for Down, Ireland, and controller in his election speech at Down referred to the recently proposed bill for the renewal of the crimes act and said such measures were in his opinion needless, as ordinary laws were sufficiently ample for the government of Ireland. The present land act, he said, was a failure. He would support the land purchase bill which the Liberal government had proposed.

SUMMONED TO BE CONSECRATED.

DUBLIN, July 1.—Rev. Dr. Walsh, recently appointed by the Pope, Archbishop of Dublin, has been summoned to Rome to be consecrated. This summons is regarded as a signal mark of honor.

ENGLISH RACES.

LONDON, July 1.—At the New Castle and Gosforth park summer meeting today the race for Northumberland plate of 1000 sovereigns was won by R. Craig's, (formerly J. R. Kern's) five year old chestnut horse, Blue Glass; Anson's three year old bay colt, Hambleton, 2nd; R. Jordan's five year old brown horse, Green bank, 3rd. There were seven starters.

THE NEW YORK OFFICES.

The New Appointees take Charge of their Respective Posts.

NEW YORK, July 1.—Collector Robertson this morning delivered to the new collector, Mr. Hedden, the keys and books of the custom house. There were only a few deputies and the heads of deputies present when the ceremony was performed. For the following hour the new collector was busy swearing in his deputies according to law. All of the old deputies will be retained for the present. Robertson will remain in the Custom house for a day or two until his successor becomes acquainted with the duties attached to his office. He will then resume the practice of law.

Silas W. Burt, new naval officer was at his post this morning. There will be no change in personnel of his office for the present.

Mr. Beattie, new surveyor, has not put in appearance up to now.

A Pair of Suicides.

PITTSFIELD, Mass., July 1.—Eli Buel aged 60 years, committed suicide on his first wife's grave in the cemetery here this morning. His first wife committed suicide by hanging, and he had been divorced from his second wife.

Paying the Interest.

CHARLESTON, S. C., July 1.—The various banks and corporations of the city began today paying the semi annual interest and dividends on the capital of twelve million dollars invested in State and other securities. The amount to be disbursed is about \$300,000.

Louisville and Nashville Railroad Finances.

NEW YORK, July 1.—The Louisville and Nashville statement for the month of May shows a gross earnings of \$1,102,414; operating expenses, \$711,227. There was also charged to the construction account \$195,73, leaving a net balance of \$371,614.

THE STREET CAR TROUBLE.

An Attempt to Run Cars Prevented by Hostile Demonstration of the Strikers.

CHICAGO, July 1.—The west division car company sent out three cars on its Madison street line early this morning, but the drivers were compelled to return to the barns. Fully one thousand strikers and citizens were assembled near the car barns, and when the cars came out they were met with a volley of bricks and stones, which shattered the window panes and did other damage to the cars. Several of the drivers and conductors were struck by the flying missiles. A deputy sheriff was on the platform of each car, and in the excitement one of the officers drew a revolver and threatened to fire, but desisted. It is now stated that the company will endeavor to run their cars under the protection of the city police, and trouble is feared.

At 11:30 a car with 8 policemen and a reporter as the sole passengers, started from the barn on the Western street track. The car got through without any difficulty except occasional hootings. Trouble was expected at Halstead street but there was none.

This car was followed by two others also with police and deputy sheriffs. No passengers were taken. The cars went over the route without molestation. On the return trip, however, the cars were met by a mob of 4,000 to 5,000.

They followed the cars with hoots and vells to Union street. From there on to Halstead street the scene was of the most riotous description. The crowd hurled beer barrels, bricks, stones and all sorts of missiles at the cars, smashing windows and nearly wrecking them. Several arrests were made, but the police were almost powerless to handle the mob. At Union street all sorts of obstructions were thrown upon the track, and several of the ring leaders were arrested, and a shot was fired at one of the supposed leaders. Missiles were even thrown from buildings in the street at the cars. The cars were moving along slowly with great crowds following and uttering threats. Proceeding further west an enormous crowd of threatening men had assembled near Ann street and the air was filled with stones as the cars tried to work their way through. The policemen were hit and injured and the cars badly wrecked, and were finally thrown off the track and overturned near the sidewalk line.

The authorities massed the entire reserve police force along Madison street and made a number of arrests. The police have been patient, and with the exception of one shot fired near the corner of Union street, revolvers were not used.

AN INCENDIARY FIRE.

How a Mother Saved Her Child—Narrow Escapes.

CLEVELAND, O., July 1.—A disastrous fire occurred at Nos. 347 and 351 Broadway this morning at 3 o'clock. The building was occupied by two families. Mr. Cohen with his wife and four children occupied the front rooms. Cohen jumped from the burning building and his wife dropped the children on bedding she had thrown out, and in doing so was slightly burned. Mrs. Rosenberg with her 3 girls, and Miss Rosa Meisel occupied the rear part up stairs. She escaped with her 14 year old daughter while two younger children aged 11 and 9 years and Miss Meisel perished in the flames. Mr. Trow, a traveling man, who boarded with Mrs. Rosenberg, jumped from his window and had his arm broken and face badly cut. He and Miss Weisel were to have been married next Sunday. The current belief of the citizens and the fire department is that the fire was incendiary. This belief is almost plausible from the fact that the stairways were nearly consumed when the fire was discovered.

FIGHT WITH THE INDIANS.

A Pretty Lively Backet While it Lasted.

TOMBSTONE, Arizona, July 1.—A. J. Himeke, a miner, brought news yesterday from the frontier of an engagement between Indians and whites last Thursday, 30 miles southeast of the frontier, in which it is reported that 36 Indians and 16 Americans were killed, and several wounded. Today further information is received from San Bernardino through Thos. Cracker, whose ranche is situated on the trail from Fort Bowie to Sonora. He reports an engagement between the entire force under Lieut. Davis and the Apaches. Fifteen Indians were killed and 15 to 20 taken prisoners. The loss to the whites is not stated.

VIRGINIA'S UNIVERSITY.

The Closing Day—A Plea for Federal Aid to Popular Education.

CHARLOTTESVILLE, Va., July 1.—The closing exercises of the University of Virginia took place today, and after the delivery of diplomas the closing address before the society of the alumni was pronounced by Hon. Charles E. Stuart, of Alexandria, Va., his subject being Federal aid to free schools. He said Federal aid to free school systems of the States is a subject worthy of consideration, a living issue, because even now Congress is discussing it, vigorous because it commands, not asks, attention; non political because it is one of the rocks upon which all the parties have split, and around whose base discordant voices of party faction are stilled. The people testify their interest in it but it comes home to the humblest citizen, the yearning for the gladsome light of education for himself or for his children. Assistance to free school systems of States should come from the Federal government because the need is general, and the taxes from which the fund is to be derived are as boundless as the general government. It must be aid and no interference with the rights and duties of States, to aid only, because the word implies voluntary assistance upon one part, unhampered with improper conditions upon the other part. It is to be extended to free school systems because the educational systems of the States to be valuable must be open to all, without money and without price; but it is to be extended to free school systems of the States, not to a general system, not to one controlled by the Federal government, but one in accordance with the policy of each State, directed by its own agents, under laws formed by its legislation, subject to but one condition—free education to all men without regard to race.

Trouble Over the Whisky Question.

LOUISVILLE, July 1.—A special to the Times from Mt. Sterling says: In a fight at Stepstone, a small station on the Chesapeake and Ohio R. R. seven miles from this place last evening, Dr. James Carter was shot and dangerously wounded, and a negro, name unknown, was killed. The affair grew out of the trial of a druggist for selling liquor without a physician's prescription, which resulted in his being fined \$5.25. Stepstone is a local option place, and the friends of free whisky and temperance people are arrayed against each other.

A Boy Murderer.

MACON, Ga., July 1.—A day or two since a negro boy ten years old, living on the line of Houston and Crawford counties 17 miles from this city shot a negro girl of the same age, killing her instantly. The boy has not been arrested.
