We do not refer to this to claim that the whites are entitled to any credit for treating the colored people respectfully...

GLADSTONE REGRETS.

Gladstone already regrets his resignation. He now evinces a certain degree of willingness to resume office. He has gone so far as to deny for publication a report that he had told the Queen that nothing could induce him to take office again...

THE LEADING QUESTION.

It is thought that the leading question in the coming general electoral contest will be the question of local government. AFTER THE FRACKS. A Number of Prisoners Discharged—Others Held—Trouble Among the Lumber Men.

CHICAGO, July 3.—About one hundred of 180 or more persons arrested yesterday on account of the disturbances incidental to the strike have been released on \$300 bail.

The report which was circulated last night that a man had died from the effects of a clubbing received from a policeman, proved untrue.

In addition to the street carmen's strike, there has been considerable trouble of the lumber docks here within the past few days, caused by lumbermen attempting to unload lumber with their own gangs of men instead of employing members of the Lumber Shovelers Union.

What might have been a serious riot occurred at the dock of S. B. Barker & Co. It seems that the T. W. Harvey Lumber Co., owners of the barge St. Joseph and who use their own men in unloading their boat and ignore the Lumber Shovelers Union, attempted yesterday to deliver a consignment of lumber to S. B. Barker & Co.

Gladstone in the Commons.

He is the very genius of the place; his presence or absence makes all the difference whether Parliament is infinitely interesting or abysmally dull.
