Appointed Postmaster - A Pension Attorney Suspended - Cotton Export Statistics - Georgia's Revolutionary Claim.

WASHINGTON, July 16. - The President today appointed Eugene L. Blower to be postmaster at Enfield, Ala., vice H. C. Russell, resigned.

J. AMBLER SMITH SUSPENDED FROM PRACTICE. From several distant sources letters have lately been received at the war department enclosing the cards of J. Ambler Smith, an attorney of this city, and inquires the meaning of the words, "Desertion mark quietly removed," printed upon the card.

ONE FIRM OF WESTERN ATTORNEYS WROTE THAT they had received a number of these cards with a request for their distribution, and that as the remark referring to the "quiet removal" of the charge of desertion seemed to cast a slur on the department the firm felt it its duty to bring the matter to official notice.

IN VIEW OF these facts the secretary of war, on the 7th inst., suspended Smith from practice before the war department.

COTTON EXPORT STATISTICS.

The chief of the bureau of statistics reports the total number of bales and value of exports of domestic cotton from the United States during the month of June, 1885, and during the six and twelve months ended June 30, 1885 as compared with similar periods of the preceding year as follows:

THE COTTON CONVENTION.

The Day Spent in Election of Officers, Submission and Consideration of Reports.

GREENBRIER WHITE SULPHUR SPRING, W. Va., July 16. - President Gardner called the Cotton Convention to order at 10 o'clock.

F. L. Divey, of New Orleans, was elected president for the next two years by acclamation; Jerome Hill, of St. Louis, was elected 1st vice president, and took the chair, the newly elected president not being present.

The committee on deck loads reported as follows: "Your committee beg to report that they do not deem the article of coal for ships' use of sufficient importance to be considered. As to the carriage of cotton on deck we strongly disapprove of the practice and suggest that the president of this exchange be instructed to petition Congress to pass an Act to prohibit the same and requiring masters of vessels carrying cotton to foreign parts to state under oath at their sailing if any of the cargo is on deck."

The committee on weather signals reported in favor of additional stations for the cotton belt, and the president appointed a committee of three to memorialize Congress to furnish such stations by legislation.

The committee on through bills of lading reported as follows: "We call the attention of this exchange to the various decisions of the courts in different sections of the country upon the subject of the liability of common carriers upon bills of lading signed by agents, when no property was actually received. Cases have occurred where bills of lading have been signed in regular forms and drafts negotiated thereupon, and it afterwards appeared that no property had been shipped, which cases have been brought into litigation and variously decided upon by the different courts.

WARD'S WOES.

HIS DESPERATE STRUGGLE AND HOW IT ENDED. Interesting Information From Maxey's Co., the Home of Robert Ward - Fourteen Years in the Tois - A Happy Denouement.

Just twenty-seven miles from the classic city of Athens, Ga., is located the thriving little town of Maxey's, the residence of Mr. Robert Ward, who has just been released from a most perilous predicament, the particulars of which he has consented to give to the public.

For twelve or fourteen years I have been a great sufferer from a terrible form of blood poison (syphilis) which ran into the spine, and finally it was pronounced a tertiary form.

Mr. Robert Ward was in the army with me. I have known him ever since, and he has stated the truth about his own case and the effects of the B. B. B. on him.

We must say that in the case of Robert Ward the B. B. B. has effected one of the most wonderful cures that has ever come to our knowledge.

ATLANTA, GA., July 1, 1885. We are acquainted with A. T. Brightwell and W. C. Birchmore & Co., whose names appear above and take pleasure in saying that they are gentlemen of undoubted veracity and worthy of confidence in any assertion they may make.

REMARKS. If B. B. B. will cure such terrible cases as the above, is it not reasonable to suppose that any and all cases of Blood Diseases can be cured?

Atlanta, Ga., June 12, 1885. During the past few months I have given B. B. B. severe tests in the cure of Blood Diseases, and unhesitatingly pronounce it a safe, sound, harmless and speedy Blood Purifier, fully meriting the confidence of the public.

ATLANTA, June 12, 1885. During the past few months I have given B. B. B. severe tests in the cure of Blood Diseases, and unhesitatingly pronounce it a safe, sound, harmless and speedy Blood Purifier.

A NEW YORK DRUMMER. I heard an Alabama physician of prominence say: "A patient who was almost dying from the effects of tertiary syphilis and who had been treated by several physicians without benefit used less than one dozen bottles of B. B. B. and was entirely cured. He had ulcers on his arms and his bones protruded through the flesh and skin at the elbows and death seemed inevitable."

MR. JOE PERSON'S REMEDY.

Merit Will Tell in the Long Run. TARKENTON, N. C., Feb. 4, 1885. Mrs. JOE PERSON - Madam - Ship us at once 5 cross of your Remedy and 2 cross Wash. We are doing well with it in Tarkenton, Arkansas, it is increasing and it has given satisfaction, so far as we have learned, in every case. We are Respectfully, E. B. HODGES & CO.

WHAT IT HAD DONE. TARKENTON, N. C., Feb. 4, 1885. For several years I have had a trouble with my chest, which I fear is cancer, that being general health has been weakened from its effects. I had lost my appetite, the sight of food was repulsive to me, I would not wake up in the morning, and I would not sleep at night, and I would be hours before I could get to sleep again.
