THE VIRGINIA CONTEST. The nomination of John S. Wise as the Republican candidate for Gov ernor of Virginia has been for some time foreshadowed, and hence there was not much surprise when the re- land. sult was announced. He was Mahone's candidate, and Mahone is still the recognized boss in the Republican wigwam of that State. Riddleberger undertook to manage the contest in the interest of Blair; but while Riddleberger is a bold. dashing fellow, he lacks the manipulating skill which Mahone has, and hence when the measure of strength was tried, Riddleberger and his clan were flaid out flat. Finding themselves whipped they submitted as gracefully as they could, shook hands all round, and promised to support Mahone's can. As to the nomination, it is in some respects a strong one and in others a weak one. Wise is a man on the stump, and a good worker, but he lacks the personal bearing to command respect, and he is indiscreet to the extent of rashness. Lest his courage may be called into question he is discosed to play the role of bully, and as a consequence is constantly courting difficulty. He will hardly be on the stump a week before he runs afoul of some one who willigive him as good as he sends and make his canvass a warm one His kitchen discourse will be thrown into his teeth and this always makes colored constituents.

The indications are that Mahone and Wise will make a warm and aggressive campaign which will be watched with considerable interest outside of the Old Dominion. They must fight their battle now, however, without the aid of the Federal government and Federal officeholder, which they could command in past years.

Report of Gen. Campbell on the Indian Scare.

DODGE CITY, Kan., July 16. - State Adjutant General A. B. Campbell returned here last night from a four days tour through Fort Clark, Commanche and Kingman counties, investigating the Indian trouble along the line. He found the people much excited and many actually moving out and leaving their homes. In all his trouble he has heard of no actual his travels he has heard of no actual depredations perpetrated by the In-dians, and has seen no one who has seen a hostile Indian within the State. He caused local militia companies to be organized which he supplied with State arms, under direction of Governor Martin. Col. Campbell is now travelling along the south line of the Howa Gazette Reporter Demon-State with four companies of cavalry enroute for Deep Hole Crossing where Dodge and Fort's supply trail crosses Cineman river, and who he says will arrive there tomorrow night. With the protection at present existing along the South border of the State, Gen. Campbell is of the opinion that all the fears of the settlers will be dispelled and that a general feeling of safety will soon prevail. Many who had left their homes are already re-

RALEIGH, N. C., July 17 .- Tatton Mills, colored, a noted desperado, was hanged this afternoon in public at Halifax. In the spring of 1883 he waylaid Henry Porter and shot him in the head, causing instant death. Mills fled to Virginia, and after long pursuit was captured and put in jail at Halifax. In May last he was sentenced to be hanged on June 26. A petition to Gov. Scales for a commutation of his sentence to imprisonment for life was refused, but a reprieve was granted until today. A RUN ON THE HIBERNIAN BANK. London, July 17 .- A dispatch from Dublin says: The Hibernian bank has forty two branches in Ireland. The decline in the shares of the bank led to a rumor that inside parties were throwing stock on the market at a big loss in order to save themselves from future embarrassments. The run has commenced, and its doors are besieged with depositors, anxious to draw their money out of the con-cern. The bank officials, as a precautionary measure, to prevent the bank's assets from being thrown on the market and sold at ruinous fig-ures, have insisted that depositors shall give them a week's notice of their intention to withdraw their money before they will be permitted to close their accounts with the bank. The bank is legally entitled to this de of pluck and talent, a very fair talker mand of its officers, and it is hoped that by the expiration of that time the scare will have at least partially subsided, and that the bank will have realized sufficient money on its assets to promptly meet all demands from its patrons. The people protest against the action of the bank offichals in requiring a week's notice, for the southern district of Alabama; and the excitement runs high. Mi- Chas. LONDON, July 17 .- The Pall Mall Gazette has issued in a single edition a complete publication of the full text of all its revelations. The edi-tion is having an enormous sale, and the proceeds are to be devoted towards defraying the expenses of the commission which is examining the data upon which the Gazette's articles are based. The commission yesterday afternoon spent three hours at the Mansion House examining under oath before the Lord Mayor and City Recorder one of the Pall Mall Gazette's reportorial commissioners. The Lord Mayor presided over the examination. Neither he nor any of the dignitaries present would converse with members of the press about what transpired any further than to say that the examination was confined to the work of sifting the evidence gathered by the reporter in support of the Gazette's statement that among the criminal establishments purveying to vice in London was the procuration firm of Mesdames X. & Z., whose business consisted in supplying customers all over Europe with young female children certified by in jail at Warrenton for safe keeping and sought all possible means to evade punishment. Five thousand people, mainly colored, witnessed the precution. Mills was cheerful to the last. He made no confession.

One of the commissioners of the Ensign Jeffreys, U. S. N., who has been on trial before a courtmartial in New York, on the charge of "scandalous conduct," has been found guily. The court recommended that he be dismissed. President Cleveland approved the recommendation and the order for Jeffrey's dismissed was issued Thursday. His "soan dalous conduct" consisted in the appropriation for his own use of about 18,000 which should have been discributed by him to men in the service.

Happy Denouement.

Just twenty-seven miles from the classic city of thens, Ga., is I cated the thriving little town of Maxey's, the residence of Mr Robert Ward, who has just been released from a most perflous predicament, the particulars of which he has con-

ented to give to the Lublic. He writes as follows: MAXEY'S, UGLETHORPE CO., Ga.,

For twelve or fourteen years I have been a great ufferer from a terribl form of blood pol on (syphilis) which ran into the secondary, and thally it was pronounced a tertiary form. My head, face and shoulders became almost a mass of corruption, and finally the disease commenced entirg away my skull bones. I became so horribly requisive that for three years I absolutely refused to let people see me. I used large quantities of most noted blood remedies and applied to nearly all physicians near me, but my condition continued to grow worse, and all said that I must surely die. My bones became the seat of excuciating aches and pains; my nights were passed in misery; I was reduced in flesh and strength; my kidneys were terribly de ran: ed, and life became a burden to me.

I chanced to see an advertisement of B.B. B. and I sent one dollar to W. C. Birchmore & Co., merchants of sur place; and they procured sne bettle for me. It was used with decided benefit, and I continued its use, and when eight or ten bottles had been used I was pronounced sound and well. Hundreds of scars can now be seen on me Jook-

ing like a man who had been burned and them restored. My case was well known in this county, and for the benefit of others who may be similarly afflicted Ethink it my duty to give the facts to the public, and to extend my heartfest thanks for so valuable a remedy. I was nervous I could get no good sleep, but would be awake at night restless, and when I did drop at to sleep would soon awake with a start, and it would be hours before I could get to sleep again. My constitution was wrecked—hope was gone. I concluded, as a last resort, to try Mrs. Joe Pesson's Resned. I commenced using it last July have taken 17 bottles, and the effect has been wonderful. My general health is excellent. I sleep a well as ever did in my life and wake in the morning feeling retreshed and weil. I have not had a touch depalpitation of the heart, since soon after I commenced the Hernedy. My breast does not pain me at all, or give me any trouble. I do not know whether the Remedy will cure my breast or not, as the immp is stiff there, but if it never does no words of mine can express my gratitude for what the Remedy das done for me.
