> THE OBSERVER, Charlotte,

While visiting Tarboro, on July 8th, I was requested to visit Miss Mary E. Staton, seven mile from town, who for seven weeks had been suffering excruciating agony from some blood poison, supposed to be poison oak. On last Tuesday, at her request I went to see her and expressed to see her and exp request, I went to see her, and expected to see great suffering, but was not prepared for the scene that met me. I found the patient broken out all over with an eruption which had occasioned such intense itching that during the paroxysms she was perfectly uncontrollable, and had scratched and torn herself to pieces until her agony was indescribable. During these paroxysms she would have to be held, and has accessed and torn herself to pieces until her agony was indescribable. to be held, and her screams could be heard a long distance. She would pray for death to come to her relief; her whole body was purple and raw, and exuded a rellow water which satuarted the bed through several thick quilts—that day she had posthrough several thick quilts—that day she had pos-tessed herself of a thick gutta percha coarse comb and before she could be prevented, had raked her-self with it with such force as to break out some of the teeth, thus adding to her agony. She was at-tended by as good physicians as Tarboro and her neighborhood could afford, but their treatment af-forded only occasional relief by outward applica-cations, and no permanent benefit, as the parox-ysms continued to return with increasing violence. Upon viewing the condition of the patient I called thefamily together and told them to bear witness that I PROMISED NOTHING. I could not tell whether that I PROMISED NOTHING. I could not tell whether that I PROMISED NOTHING. I could not tell whether my Remedy would relieve or not, as I had never even imagined such suffering, but it could do no harm and might do good. I then gave her a large dose of the Bitters, and as soon as the paroxysm was over, I sponged her whole body with the Wash, while doing so she would call out. "Oh. that does feel so good." I then gave her another dose of the Bitters, and she was soon in a sweet sleep. I continued this treatment, and whenever the itching would recur, I would sponge the body instantly with the Wash, which, in every instance allayed the irritation or itching, and warded off those violent weind recur, I would sponge the body instantly with the Wash, which, in every instance allayed the irritation or itching, and warded off those violent paroxysms. She did not have an attack during the day, and by 4 o'clock on Wednesday afternoon, the disease was under perfect control. The itching would recur, but every time was allayed by the application of the Wash. I left her Wednesday easy and comfortable, with directions for the treatment to be continued during the night, and as long as was necessary. I came again to see her to-day, Saturday, the 12th, and found her up and dressed, and in the regular prosecution of her household duties. She is entirely relieved, although she will, of course, have to take the Bitters some time to completely eradicate the poison from her blood. During Wednesday, she would frequently call for the Bitters, as she craved its soothing and quieting effects, and during the day I administered a whole bottle, with the above results, thus proving, what I have always claimed, that my Remedy is an Infallible antidote for all blood impurity. I am,

Respectfully,

MRS. JOE PERSON.

An Extraordinary Case of Care by the Mrs. Joe Person Rem-

The following letter, dated January 14, 1865, has just been received, and will be shown to any person who is interested in the subject Names and dates are withheld for obvious reasons: 'MES. JOE PERSON:

"Madam-On the 22th of last May a boy child well developed in every respect was born in this city, but the "King of Terrors" began to chisel about its little heart, and notwithstanding its plump and vigorous constitution the poison in the blood soon began to manifest itself in what the medical men term 'Eczema,' 'Pupura,' or 'Hereditary Taint.' Some old 'mothers concluded the child had the 'yellow thrash.' Yet whatever the disease it was certainly a stubborn master for the The mother took the little sufferer to the coun-

try, hoping that the pure fresh air might be beneficial, and Dr. —, of Lumberton, was called to treat the case. He pronounced it Ecz. ma, and did all he could for it, but to no purpose, any more than to check the fever to which the disease subjected the boy. "At the first trost the victim was again removed

to the city, and immediately Dr. was called and he pronounced the disease 'Pupura,' and prescribed accordingly, feeding up the disease on fron and other minerals until the babe's mouth became so sore that for two weeks it did not nurse, A friend suggested as a last hope and resort 'MRS. JOE PERSON'S REMEDY.'

"All means of procuring any more help or medicine had failed, and in this hour of deepest despair the poor mether went and asked her druggist to let her have one bottle and one package of the Remedy, and was retused, because she did not have the money to pay for it. She pawned her wedding ring and raised \$1.50 to pay for the medi-

"When she gave the child the first dose, three weeks ago to-day, the little fellow was a mass of scaly sores from the hips to the knees, and at seven months old had never borne his weight on his feet. To-day, by the help of God and a faithful administration of the Bemedy the child is well and strong in the legs, and last Sabbath morning while the mother was weeping at the necessity of drying up her breast, he took hold and nursed as strong and vigorous as ever. The administration of the Bemedy is still kep up to effect a complete cure.

"Belleving in its efficacy i have prevailed upon Mrs.—— to take it for Inflammatory Rheumatism."

RHEUMATISM AND TONIC.

CHARLOTTE, N. C., Dec. 10, 1884.

I have used Mrs. Joe Person's Remedy, and it is the finest medicine I ever used for Rheumatism. For more than twenty years I have been afflicted with muscular Rheumatism, and had tried every known remedy, but without avail. I was often so bad off and suffered so much that I could not lie down, but had to be propped up in bed. I had been subject to these severe attacks for twenty years. I tried Mrs. Person's Remedy last spring, and am perfectly cured. It is the best medicine in the world, I think. No words of mine can express the benefit I have derived from its use. I suffered from palpitation of the heart upon the least exertion. Of that I am perfectly relieved. My health is now perfect, and it is all owing to Mrs Joe Person's Remedy I am strong and well, and can take extended exercise without fatigue. I advise all who need a Tonic, or are suffering with Rheumatism or Eczema, to take it. I was induced to try it by it having cured my little grandson of MRS. S. M. HOWELL.
