OUR FAIR.

The indications are that the coming Fair on the grounds of the Carolina attractive if our business men and citizens generally take that interest in it which they should take in all such commendable enterprises. The gentlemen who have organized the Carolina Fair Association, and established these Fairs have been actuated only by the desire to stimus late competition and thus benefit the various industries represented, and thought and no little labor to make the Fairs a success worthy of Charlotte, and of the county and counties adjacent, whose products are there represented or to be represented. Mecklenburg county, and Charlotte in particular, has, or should have, some local pride in these Fairs, for in their success or failure they reflect credit or discredit upon city and clans, by agencies of the most uncounty, but especially upon the city where they are held. There is not interested or not, who is not gratified at a fine exhibit, and who does not feel disappointed if the exhibit does not meet popular expectation. So much for local pride. Local pride is good, but local pride is better when backed up by active work and material assistance. The premium list offered by the Carolina Fair Associa- ed them and been cast in the electoral tion is a liberal one, but this might college as Republican votes were be, with a little co-operation among lation of the right of every voter in our business men, made much more the United States, and cast as Demo attractive by special premiums, not one or a few, but a number to cover. the leading objects to be encouraged. This would draw more attention to the Fair, and would stimulate compe stimulate. We throw this out as a hint to our citizens who desire to see the coming Fair one of which we may all be proud.

Judge Foraker, Republican candidate for Governor of Ohio, opened his canvass at Plymouth, in that State, yesterday with a bloody shirt speech that left John Sherman away in the shade. He not only gave his fancy full reach in this speech but took such liberties with the truth that her friends would be unable to recognize her after the tussle. If Foraker aspired to the title of champion falsi fier of facts and figures, and hypocritical slanderer of the white people vote at all. As but four or five is unattended by any griping pain. When he orates after this fashion he must feel that there is walking before him in this campaign.

Among the Southeners who seem to have succeeded in finding President Cleveland among the fastnesses of the Adirondacks, where he is spending his vacation, is Col. A. H. Belo, formerly of Salem, this State, but now of Galveston, Texas. According to the New York Sun, Belo was at last accounts, having a good time, whist in the evening. Judge Foraker said that Chatham county, Georgia, in which is situated the city of Savannah, has twelve thousand voters of whic seven thousand are colored Republicans. To overcome this Republican majori ty and procure Democratic control of the county, all the election pre-cincts were abolished and one voting is the sum Dr. Pierce offers for the detection of place established in the city hall in the any calomel or other mineral poison or injurious city of Savannah to which all voters drug, in his justly celebrated "Pleasant Purgative and deposit there ballots, if they seed, therefore easily taken, while their operation Democratic population of the city of Savannah punctually present themtheir ballots, thereby excluding the colored Republicans practically from all participation whatever in the election, and thus stripping them of their most sacred rights.

In order that there may be absolute friendship between the people of the North and the people of the South, it is not asked by the Republican party that the people of the South should vote the Republican ticket. All we ask of them is that they will accord to every citizen that right to which he is entitled under the constitution and laws-that they will accord to the colored men of the South the same rights that they themselves enjoy, of voting as they please and having their vote honestly counted. If by argument and perhunting and fishing, and playing suasion they can induce the colored man to vote the Democratic, all well and good; we have no cause for complaint and would not make any. But until these rights are accorded to all, it must not be expected that we shall either hold our peace or cease to seek a remedy for such an evil.

## AND HOW IT ENDED.

Just twenty-seven miles from the classic city of Athens, Ga., is located the thriving little town of Maxey's, the residence of Mr. Robert Ward, who has just been released from a most perilous predicament, the particulars of which he has consented to give to the public. He writes as follows:

> MAXEY'S, OGLETHORPE Co., Ga., July 9th, 1885.

For twelve or fourteen years I have been a great sufferer from a terribl form of blood poison (syphilis) which ran into the secondary, and finally place during the day, the result is what was intended, that while the your druggist.

dice yield at once before these "little glants." Of it was pronounced a tertiary form. My head, face treatment, and shoulders became almost a mass of corruption, and finally the disease commenced eating away my skull bones. I became so horribly repulsive that for three years I absolutely refused to let people see me. I used large quantities of most noted blood remedies and applied to nearly all physicians near me, but my condition continued to grow werse, and all said that I must surely die. My bones became the seat of excruciating aches and pains; my nights were passed in misery; I was reduced in flesh and strength; my kidneys were terribly de-

> ranged, and life became a burden to me. I chanced to see an advertisement of B. B. B., and I sent one dollar to W. C. Birchmore & Co., merchants of our place, and they procured one bottle for me. It was used with decided berefit, and I continued its use, and when eight or ten bottles had been used I was pronounced sound and well. Hundreds of scars can now be seen on me, looking like a man who had been burned and then restored. My case was well known in this county, and for the benefit of others who may be similarly afflicted I think it my duty to give the facts to the public, and to extend my heartfelt thanks for so valuable a remedy. I have been well over twelv months and no return of the disease has occurred ROBERT WARD.

MAXEY'S, Ga , July 1, 1885 .- We the undersigned, know Mr. Robert Ward, and take pleasure in saying that the facts as above stated by him ; are true, and that his was one of the worst cases of Blood Poison we ever knew in our county, and, that he has been cured by the use of B. B. B .- Botanic
