## MAKES CHILD-BIRTH EASY.

The time has come at last when the terrible agony incident to this very critical period in a woman's life can be avoided. A distinguished physician, who passed the greatest portion of his life (forty-four years) in this branch of practice, left to child-bearing women this priceless legger and life saving appliance. legacy and life saving appliance.
"THE MOTHERS' FRIEND,"
and today there are thousands
of the best women in our land

who, having used this wonderful remedy before confinement, rise up and call his name blessed.

We receive letters from every section of the country thank-ing us for placing this prepara-tion in the reach of suffering woman. One lady from North Carolina writes us that she would like to thank the proprietors on her knees for bringing it to her notice, as in a previous confinement she had two doctors, and they were compelled to use chloroform, instruments, etc, and she suffered almost death; but this time she used "MOTHER'S FRIEND," and her labor was short, quick and almost like magic Now, why should a woman suffer when she can avoid it? We can prove all we claim by living witnesses, and anyone interested can call, or have their husbands do so, at our office, and see the

### THECCAROLINA FAIR.

Fine Line of Exhibits on the Grounds --- The Opening To-Day -A Glance Through Floral Hall,

This morning witnesses the opening of the Carolina fair, and those who have been interested in the matter have the pleasant satisfaction of knowing that an excellent fair is assured. More visitors will be here than for many years past, and the exhibit, as a whole, will be perhaps better than any that has been made on the present fair grounds. The line of exhibits already in place yesterday afternoon is larger and more interesting than the exhibit of the last fair, and would in itself make a good show. Floral hall was yesterday comfortably filled, and we can safely predict that there will be no vacant space left by noon today. One of the best arranged exhibits in the hall is the ladies' department, and this is contributed to from Winston, Mt. Olive and other places, in addition to the home contributors. treme northern portions, slightly Mrs. Sally Yates Faison exhibits a very elegant line of embroidery and needle silk work, and Mrs. S. E. Allen, of Winston, makes a valuable riable in northern portion, slight and beautiful contribution of fancy work. In this department there will be something worth seeing by the visitors to the fair. The trades and manufacturing display is a credit to our city, and the farmers are coming nobly to the front with big things agricultural. The Van Ness display in the art gallery is very full and interesting.
