WHAT THEY SAY ABOUT THE HANAN SHOE.

MESSRS. ROGERS, PEET & CO.

Gentlemen: Having noticed in this morning's Sun your advertisement concerning the Hanan's Waukenphast shoe sold by you, I cannot refrain from expressing, unsolicited, my satisfaction with a pair which after a year's almost continuous wear, I am just about discarding. I had been accustomed to having my shoes made to order, psying from \$9 to \$13 a pair for the same. Last summer—I mean a year ago—wishing for a pair of shoes at short notice for a trip to the mountains, I stepped into your establishment and purchased a pair of Hanan's. For ease and comfort on long tramps in the country I have hever had their equal on my feet: while for durability they come about as near to the Irishman's ideal as any. thing I ever saw. He said he "didn't care what kind of shoes he had so long as the uppers were indestructible and the soles were made of eten nity." They have worn out the second sole and the uppers are still perfectly sound and whole.

I am glad to add my testimony to their excellence, though a total stranger to the Hanan's or to any member of your firm, and you are at liberty to make any use of this communication you may see fit.
