The New Survey of the Nicaragua

Canal Route. The report of Civil Engineer Menocal, of the navy, who was sent last December to Nicaragua to make a fresh survey of the route for the proposed interoceanic canal through that State, is a compendium of care-fully ascertained facts which Congress, if it sees fit to go into canal-making, may study to great advan-tage. A result of the new survey has been to cause a different location WITTKOWSKY of parts of the line of transit hitherto WITTKOWSKY recommended by the friends of the WITTKOWSKY Nicaragua enterprise, the changes WITTKOWSKY being et a character to facilitate the WITTKOWSKY work of construction. The total WITTKOWSKY length of the line, as amended, from WITTKOWSKY Greytown to the Caribbean sea, to Brito, on the Pacific, is 1698 miles, of which 38.98 miles will be excavat-"Nearly all the peanuts brought to ed canal and 130.82 miles will be this market c me from Virginia." navigation upon Lake Nicaragua, the said a dealer. "A good many are river San Juan, the basin of the river grown in Tennessee, too; but the cen tral point of the peanut raising business, which is one of the greatest industries of the State, though of very recent, is at Norfolk, Va. In old times—fifteen years ago—all the peanuts were imported from Africa. The African peanut was small and the peanut wa The African peanut was small and round, the shell containing usually but a single kernel. The American peanut is simply the African nut modified by the conditions of the soil in this country. The best peanuts are hand nicked; others are threshed. in this country. The best peanuts are hand picked; others are thrashed out like grain. In Norfolk there are several factories where peanuts are prepared for the market. They are first thoroughly cleaned and then sorted. The bad ones are picked out by young girls, who stand on either side of a wide revolving belt on which the nuts are thrown. Afterward they are packed in bags and ward they are packed in bags and shipped to the market. Peanuts have become a recognized article of commerce, and are quoted every day on 'Change like corn or wheat. They sell wholesale at from 3\frac{1}{4} to 5 cents a pound. Best hand picked bring about 5 cents usually. Spanish peanuts, an imported article, sell for a high price frequently as much as 20 cents a pound. Peanuts are largely used to make alleged olive oil. Not m re than a fourth part of the olive oil made in this country is real; generally it is made either of peanuts or cotton seed. The only way to distinguish peanut from olive oil is to pour nitric acid into in. The peanut or cotton seed oil will char, but the real olive oil will not. Most of the peanuts of oil will not. The peanut or cotton seed oil will char, but the real olive oil will not.
