## Laying Wires for Blaine. New York Correspondence Bultim re Sun

A piece of current ioside political goesip is to the effect that the defeat of Dovenport is being utilized by the Blaine men of the State to quite as much purpose as his election would have been If elected, indeed, Daven. port would have been under obligations to the mugwumps, as well as to the Blaine Republicans, and the forone hundred and sixty nine have policy as well as the policy of his party, though of course the haif-

### **Operations of the Money-Order** Bureau.

In his annual report to the Postmaster-General, Superintendent C. F. McDonald, of the money-order bureau, points to the growth of the business from its inception in 1866, when there were 766 money-order offices that issued \$4,000,000 in orders, down to the last fiscal year, when the 7,355 offices issued orders amounting to about \$120,000,000. The fees now aggregate about a million dollars per annum. During the fiscal year 762 money-order offices were established and 16 discontinued. Since the close of the fiscal year 303 offices have been added and 4 have been discontinued. The total amount of payments and repayments of moneys orders was \$117,996,205, and the excess of payments over issues \$137,283 The figures exhibit a decrease in the amounts of orders issued and paid and of fees received. This slight falling off, says the superintendent, may be attributed in part to the general stagnation of business during the past year, and perhaps, in small measure, to the increased use of postal notes. The total amount of payments and repayments of postal notes was \$9,948,023, and the excess of issues over payments \$48,250. The absorbs the manors, allays the intense itching, aggregate amount of fees received (patieularity a night after setting warm in best,) aggregate amount of fees received from the public was \$152,018. Miss Jones gave her name and place of residence to the old lady, at her request, and thought no more of it. A day or so ago Miss Jones received a letter from a lawyer in Buffalo, which stated that by the death of an old lady in that city she was heiress to \$50,000. HANAN SHOE.

Nos. 31 & 32 Park row; New York, Sept. 23, 1835. MESSRS. ROGERS, PEET & CO.

MESSRS. ROGERS, PEET & CO. Gentlemen; Having noticed in this morning's Sun your advertisement concerning the Hanan's Waukenphast shoe sold by you, I cannot refrain from expressing, unsolicited, my satisfaction with a pair which after a year's almost continuous wear, I am just about discarding. I had been ao-customed to having my shoes made to order, pay-ing from \$9 to \$13 a pair for the same. Last sum-mer—I mean a year ago--wishing for a pair of shoes at short notice for a trip to the mountains, I stepped into your establishment and purchased a pair of Hanan's. For ease and comfort an long come shout as near to the Irishman's ideal as any-thing I ever saw. He said he " didn't care what kind of shoes he had so long as the uppers were indestructible and the soles were made of eter-nity." They have worn out the scond sole and the uppers are still perfectly sound and whole. I am glad to add my testimony to their excel-lence, though a total stranger to the Haman's or block to make any use of this communication you may see fit. You may see fit.
