AN UNEXPECTED RESULT. New York World: The General Executive Committee of the Knights of Labor has expelled Martin Irons, of St. Louis, from the organization. His disobedience of orders and his refusal to arbitrate the Missouri Pacific strike troubles constitute the basis of action.

THE OLD BEBEL YELL.

New York World: Gen. Longstreet, although a good Republican since the war, took part in the Atlanta ovation to Jefferson Davis last week in full Confederate uniform. His reconciliation with Mr. Davis was complete and cordial. Negro field hands saluted the train bearing the ex Confederate Chieftain as he swept from Montgomery to Atlanta, and white militia companies, marched , behind negro bands in doing honor to the old gentleman. We are a long distance from 1861 after all.

Sr. Louis, May 4 - Martin'Irons, by whom the Gould Southwestern Railroad System strike was ordered, when asked what effect he anticited the method of ending the trouble would have upon the Knights of Labor, said: "We were fighting for recognition, and we got it from Con gress, which represents all citizens of the United States. Is not that complete enough recognition? Our order will grow after this even more rapidly than it has during the past few weeks, when applications have been so numerous for charters that we could scarcely find time to consider

them. In addition to the circular issued last night by the executive board of the Knights of Laber, ordering members of District Assemblies 17, 93 and 101 to apply to the railroad companies for positions vacated by them when the strike was commenced, an order was sent to the master workmen of each local assembly informing them the strike had been declared off and ordering them to notify ali we should apply to our foreign mails the Knights employed in East St Louis.
