To Pay His Respects to a News paper Which Said Naughty Things of Him.

Indianappolis, June 15.—Rev. Sam Jones. whose failure to arrive here this week to assist Sam Small in conducting the revival services has caused much disappointment and some strange talk as to the cause of his not coming reached hereSaturday.
He will remain eight days and will hold four services a day, after which he will leave for St. Paul. When asked if he would make any answer to Dr. Jeffery's last letter he said that he had no desire to get into any controversy with any one, and only wanted his track kept clear, as he carried no whistle. When shown a statement published in the German Telegraph of this city, that he had failed to arrive here at the appointed time because he was drunk in Kentucky, he intimated that he would probably have something to say ings. The German Telegraph slander shows the nature of the methods der shows the nature of the methods used in fighting IMr. Jones in this city. It was probably inspired by some of the liquor men who are very bitter against the Georgia evangelist on account of his determined stand for temperance. With the best people of the city backing him, Mr. Jones will be helped rather than injured by will be helped rather than injured by the publication of such falsehoods.

Decision of Land Grants and Amendments to the Legislature Appropriation Bill.

WASHINGTON, June 16.-SENATE.-Almost immediately after the open-ing of the Senate, Edmunds moved to go into executive session, but yielded to the request for the transaction of the morning business.

Davis, presented a memorial of the Massachussetts legislature, which was read. The memorial recites that the general court of Massachussetts views with deep concern the recent interferences of the government of Canada with the fishermen of the United States and urges Congress to secure immediate relief for

hat class of citizens. After remarks, by Mr. Hoar, on the fishery question, the Senate, on mo-tion of Edmunds, at 12:30 went into executive session.

The Senate has rejected the nominations of John C. Snields, of Michigan to be chief justice of the Supreme court of Arazona, and Abraham Rose, to be postmaster at Vinton, Iowa. The following nominations have been confirmed:

David L. Hawkins, of Missouri, to be assistant secretary of the Interior; A. P. Swineford, of Michigan, governor of Alaska; G. A. Hesson, survey or of customs, at Memphis; J. V. The Senate then proceeded to the consideration of the house bill, reealing the pre-emption tin ture and desert land acts.

Blair offered an amendment providing in effect as to the desert lands that on the expenditure of three dol-lars for improvements. The government should part with the title and that none of the lands should be held in larger hodies than 640 acres in a single ownership.

After debating until 5:30 the Sen-

House.—Morrison, from the committee on ways and means, reported back adversely the resolution offered by Grosyenor, of Ohio, declaring in favor of the restoration of the wool tariff of 1867, and the resolution offered by Wilkins, of Ohio, expressing the sense Congress as adverse to any changes in the present wool tariff; and they were laid upon the table. The House then went into committee of the whole (Blount in the chair) on legislative appropria-

The clause relating to pension office gave rise to the usual discussion as to the partisan methods employed in the conduct of that bureau by the present and previous administrations. Then a long, and at times amusing, discussion ensued as to the number of Democrats and Republicans respectively, who entered the Union army at the beginning of the war. As this was a time-worn subject, but little genuine interest was taken in the debate, which promised to continue to such length that Randall suggested a night session at which the gentlemen might give their views on the matter, while Payson suggested to some continue of the session at the session at which the gentlemen might give their views on the matter, while Payson suggesting the session at the session ed to some gentlemen around him. the propriety of appointing a special committee to settle once for all, the vexed question of political status of the Union army. Finally the dis-cussion was closed with a speech by Curtin. of Pennsylvania, in which he appealed to the House to proceed to business and quit fighting the war

over again. Cannon, of Illinois, offered an amendment which, after a short debate, was agreed to, increasing the appropriations for the Bureau of labor in the aggregate \$39,610, so as to make the appropriation equal to the estimates of the commission of labor. Then there was a brief recurrence of the discussion of yesterday, Hiscock, of New York, reiterating his statement, that according to the correct estimates, there would be at the close of the next fiscal year a deficiency of from \$11,000,000 to \$14,000,000, and Morrison, of Illinois, contending there would be a surplus of at least \$30,000,000.

Cabell, of Virginia, offered an amendment reducing from \$2,050,000 to \$1,900,000 the appropriation for salaxies and expenses of agents, surveyors, gaugers and storekeepers in the bureau of internal revenue. The sum suggested by him, he said, was amply sufficient and was \$50,000 in excess of the expenditures of the excess of the expenditures of the

Randall said there would be no danger in adopting the amendment. It was based upon information which had come to the committee since the estimates were submitted. The amendment was agreed to. RELIEF CATARRH.

Wonderful to Relate!

"For Forty Years I have been a victim to CaTarer - three fourths of the time a sufferer from
EXCRUTIATING PAINS ACROSS MY FOREHEAD and MY
NOTELLS. The discharges were so offensive that I
hesitate to mention it, except for the good it may
do some other sufferer. I have spent a young fortune from my hard earning during my forty years
of suffering to obtain relief from the doctors. I
have tried patent medicines—every one I could
learn of—from the four corners of the earth, with
no relief And AT LAST (57 years of age) have met
with a remedy that has cured me entirely—made
me a new man. I weighed 128 pounds and now
weigh 146. I used thirteen bottles of the medicine,
and the only regret I have is that being in the
humble walks of life, I may not have influence to
prevail on all catarrh sufferers to use what has
cured me—GUINN'S PIONEER BLOOD RENEWER.

"No 267 decond St., Macon, Ga."

'Mr. Henry Chever, writer of the above, former-iy of Crawford county, now of Macon, Georgia, merita the confidence of all interested in catarrh, "W. A. HUFF, Ex-Mayor of Macon."
