## Of Certain Cotton Mills a High-Grade Investment. Why?

ist. Because but one-half or less of the actual cost of the mill and equipment

is represented by such preferred stock. Ind. Because it is provided in the stock certificate issued that no bonded in-debtedness shall be placed on the company's plant without retiring the preferred stock.

ferred stock.
3rd. Because said stock certificate provides that no dividends shall be paid on the common stock and no surplus accumulated until the seven per cent. is paid on said preferred stock.
4th. Because if said preferred stock is not paid off with seven per cent. divi-dends in full at the end of ten years, it must be replaced by 6 per cent. gold bonds secured by the property of the company-the company being priv-leged to retire said stock after five years.
We can supply limited amounts of these high-grade stocks in some of the most modern mills in this section.
