

REPUBLICAN BOAST VAIN.

GOVERNOR SEES NOTHING IN THE REASON TO JUSTIFY HIS RECENT VIEW TAKEN BY THE REPUBLICANS OF THE STATE—THE GOVERNOR BELIEVES IN PARSON ARTHUR L. BISHOP.

Observer Bureau. It West Cabarrus Street. Raleigh, Nov. 12.—Governor Aycock was interviewed by the result of the North Carolina election. He said: "The Republican seems to take some comfort from the returns in this State. There is nothing in the returns which justify this cheerful view. There is not a Republican in the State, including the State chairman, who can claim any party who have left the Democratic party in the last two years. The Democrats being entirely satisfied over the result refrained in large numbers from voting. The Republicans having been led to believe that they had some hopes, counted out and voted. There was of course local troubles in various sections which kept many Democrats from voting, without changing their political condition."

NO PARDON FOR BISHOP. To-day Mrs. Arthur L. Bishop, called again on Governor Aycock to ask him to commute the sentence of her husband, convicted of manslaughter at Charlotte and now in the penitentiary here. With her was her little boy and also a lady friend with her little son. The Governor will not take any action in this case. He does not see the propriety of so, and in this view he will not doubt be fully sustained by the people of the State, by far the greater number of whom do not think Bishop got a tinge of the punishment he deserved for his great crime.

Judge and Mrs. Pritchard arrived here to-day from Asheville. The judge at noon began the hearing of the case of Forrest against Southern Lumber Company, of which W. J. Edwards, of Sanford, is the receiver, he being also the receiver for the Carolina and North Carolina Railway. Forrest seeks to remove the receiver of the lumber company and to have a special master appointed to take testimony to investigate alleged irregularities. Not long ago Cameron Mackay was appointed special master to take testimony to investigate alleged irregularities in the business relations of the company with J. Fred Forrester. The hearing was postponed till Monday.

State Chairman Simmons left this morning in company with Attorney General Gilmer and Private Secretary Pearsall, for Goldsboro, to join H. C. Howland, the lessee of the Atlantic and North Carolina Railway, and go with him, Senator Aldrich and a party of New England capitalists over the line of that road and to see Senator Howland and surroundings. It appears that great plans are being made to have Congress take steps to construct the inland waterway through the sounds and rivers, so as to connect New York and New England by a water way safe from storms.

CHAIRMAN SIMMONS TALKS. Your correspondent interviewed Chairman Simmons at the railway station. Just before he left, about the political situation. The chairman said: "Under the circumstances we have won a great victory in North Carolina. A light vote was cast; greatly lighter than expected. However, our majority holds up very well. Our interesting fact is that on joint ballot we will have exactly the same majority in the coming Legislature which we had in the last year. We lost one Senator and we gained one member of the House. The fight of the Republicans on the Watts law was made through the legislative ticket. The result shows that they absolutely lost while we held our own. In fact this Watts law question was the only thing in the campaign which gave vitality life and in the end, but for it the vote would be lighter on both sides. There is absolutely nothing in the election to give any comfort to the Republicans. Our people could have polled 15,000 majority, had there been any real energy to command it. Our majority will probably be about 10,000. The Republicans have made claims that they would make gains in the eastern counties, but the election shows that we carried every county except Sampson. As to the eighth district, which we do not concede to the Republicans, I am advised that Blackburn boasted before the election that five Democratic election officers would vote for him in Stanley. I am advised that there are irregularities in that county which affect the substance of the vote. You may be sure that these will be thoroughly investigated by the State election board, which is soon to meet."

A RAILROAD CHARTERED. Sumter & Northern Will be a Connection for the Seaboard—Governor Refuses Pardon Petitions—Delegates to Boll Weevil Congress.

Observer Bureau. 209 Main Street. Columbia, S. C., Nov. 12.—Governor Heyward this morning received an important letter from Shreveport asking him to convene a convention to be held in Shreveport on the 12th, 13th, 14th and 15th of next month to consider the boll weevil situation. The delegates will be named. The Secretary of State this morning issued a commission to the Sumter & Northern Railroad Company, whose purpose is to build a Seaboard connection for Sumter through Sumter, Lee, Darlington and Chesterfield counties to McBea, on the Seaboard in Chesterfield county. The road to pass through Bishopville. The capital stock is \$2,000,000 with the privilege of increasing to \$600,000. The incorporators are: R. E. Carnes, W. R. Scarborough and J. Ed. Stucky. The new road is to run through the townships: Sumter, Providence, Mechanicville, Bishopville, Bull, Stokes Bridge, Hartsville and Alligator. A commission is also issued to S. Vernon Muckenfus, of Spartanburg and G. Edgar Rodgers, of Charleston, as incorporators of the Jordan Manufacturing Company, of Spartanburg, a \$2,000,000 cotton and woolen factory.

The Governor this morning refused to pardon Leonard Daniel Roach, given six years at Wallhalla in 1902 for manslaughter. The Governor will take no more pardons in his from Hoyt Hayes' country for the present. Among other pardon petitions refused this morning are those of Will Harris, given six months at Pickens for assault; John Dixon, given five years at Greenville, in 1901 for manslaughter; States Foster, given 25 years at Union, in 1898 for murder; Arnold Martin, given seven years at Darlington for betraying a girl under 14 years old. Joe Eaton, Confederate veteran fined \$25 at Anderson for technical violation of the dispensary law in making corn whiskey for personal use, was pardoned.

Auditor Gibbs, of Richland county says that 20 leading men of this place are liable to execution being issued against them for failure to pay their income tax, and that those executions will be issued in a few days unless those liable call and pay the amount. It will be the first case of executions being issued under this new law, which a graduated scale with half a mill on incomes of \$2,500 or more a year have all business expenses and one to three mills on larger incomes. Of the \$1,146 in larger incomes, 11 have paid. The law provides a fine of \$500 for divulging the names of such tax payers, and the auditor feared that issuing executions might lay him liable to this fine, but he has gotten an opinion from the attorney general which has sufficiently fortified him to proceed against these high class delinquents.

Attempt to Rob Virginia Bank. Richmond, Nov. 12.—There was a strong attempt to rob the National Bank of Virginia last night. The vault was entered and the smaller of two safes therein broken open. The larger safe, however, which there was \$15,000 in, was not touched. The burglar was seen by the watchman and was shot at once and then to Washington and Porto Rico. The watchman said that he was the bearer of a message to President Roosevelt last night.

YALE DEFEATS PRINCETON.

FIROUS LINE-BUCKING WON TWO TOUCH-DOWNS FOR THE NEW HANOVER MEN, PRINCETON'S LIGHT FORWARDS BEING UNABLE TO BRACE THEMSELVES ON THE SLIPPERY GRIDIRON—AN ELEMENT OF LUCK, BUT NO CHANCE FOR PRINCETON'S FAST BACKS ON SUCH A FIELD.

Princeton, N. J., Nov. 12.—Everything is blue in old Nassau to-night. Yale to-day administered the second defeat of the season to the orange and black by the score of 14 to 0. Princeton will have to brace the elements for to-day's defeat. The intermittent downpours of Friday had made the gridiron soft and slimy, and the orange and black were the chief sufferers. Their backs, reputed to be the fastest in the country, could gain no heading on the slippery field, and their forwards, much lighter than Yale's, were unable to brace themselves for the fierce attack of the New Haven boys.

It would be an injustice to Yale to attempt to detract from her glorious victory, but there was surely an element of luck in both touch-downs. On the first score, Princeton's over-anxiety was her undoing. Three times early in the opening half were the representatives of old Nassau penalized for off-side and once a distance of 30 yards, a great advantage for a fierce line-bucking aggregation like the Yale eleven. In the same half Yale suffered only once for a penalty, and at the time the ball was so far in Princeton's territory that the five yards available practically nothing. The game was absolutely devoid of spectacular plays. Yale's eleven is not constructed on the spectacular line, and the soggy field militated against Princeton's reputed brilliant back field. Yale's straight plays aimed at center of tackle, only twice did she essay a quarterback run.

NAVY WINS FROM VIRGINIA.

One Touchdown in the First Half Only Score in a Well-Fought Game. Annapolis, Md., Nov. 12.—The Navy defeated the University of Virginia at football to-day by a score of 5 to 0. But one more game will be played by the midshipmen to-day, the first touch-down contest with West Point at Philadelphia. The Navy's score was made in the first half. Norton, after taking the ball on Virginia's five-yard line, made a straight plunge through center and scored a touchdown, but failed to kick goal.

Indians Fall to Score Against Pennsylvania. Philadelphia, Nov. 12.—Although the football team from the Carlisle Indian School failed to score against the University of Pennsylvania eleven on Franklin Field to-day, the three touchdowns made by Pennsylvania were earned with difficulty. The Indians were lighter than Pennsylvania, but what they lacked in weight they made up in speed. Starnow was the night particular star of the battle. Three times he stopped runs that promised to cross Pennsylvania's goal, and on two occasions made runs that were little short of sensational. Score: Pennsylvania, 18; Indians, 0.

Harvard Scored on by the Holy Cross. Cambridge, Mass., Nov. 12.—Harvard had little difficulty in defeating Holy Cross on Soldiers' Field this afternoon by the score of 23 to 0. Holy Cross scored little on the center. Harvard was weak in her defence at times, but she had the ball through most of the game.

Other Games. Georgetown, 9; Bucknell, 0. Dartmouth, 6; Amherst, 4. Purdue, 27; Indiana, 0. Kansas, 12; Washington, 0. Syracuse University, 20; Lehigh, 4. Brown, 6; Colby, 0. Yale Freshmen, 16; Harvard Freshmen, 9. Williams, 25; University of Vermont, 11. Bowdoin, 12; Bates, 6. Stevens Institute, 23; Pratt Institute, 6. Colgate, 26; Hamilton, 2. Michigan, 22; Chicago, 12. Minnesota, 23; Wisconsin, 0. Northwestern, 12; Illinois, 0.

MOORESVILLE MATTERS.

New Factory Soon to Begin Operations—Mail Box Called In—Personal Mention. Mooresville, Nov. 12.—A congregational meeting will be held at the Presbyterian church to-morrow morning, when two new ruling elders are to be elected. The up-stairs over the new buildings being erected by Messrs. W. C. Johnston and B. A. Troutman, has been rented to Mr. Robert F. Baker and several other gentlemen. The room is to be fitted up for a manufacturing of overalls, shirts, etc. The establishment is to begin operations some time about the first of the new year. It is quite gratifying to his numerous friends to learn that there is a slight change in the condition of Hon. A. Leasli for the better. He is yet at the hospital at Davidson.

Mr. J. R. McKinney, the jeweler, who has been for the past several months at a window in the furniture store of Nesbit & Pressly, will move next week into the room next to McNairy & Rodgers' livery stable on Main street. The box for the collection of United States mail located at Doolie, has been called in by the government. The box was open for two weeks, and collected only one letter.

Mr. and Mrs. C. T. Carr entertained a number of friends at a delightful luncheon last night. Mrs. Annie Lardner and Miss Fannie Lardner Moore, of Charlotte, are the guests of their brother, Dr. Leasli Moore. Mrs. Wilhelm returned to Statesville to-day after a visit to her sister, Mrs. Isaac Harris.

A cold, heavy rain is now falling and has been nearly all day. The streets were not bronzed with the usual Saturday shoppers to-day, but a number of the farmers out in the time of trading horses there being a number of drovers here with Western stock. NEW MATTRESS FACTORY FOR CHARLOTTE. W. C. Thomas & Co. have about installed their new plant for the manufacturing of mattresses. The new concern occupies the whole of the second floor of the building formerly utilized by the Chasmar-King Supply Co. at the corner 7th street and the railroad. The office of the company is on the first floor. Mr. Thomas is one of the most successful mattress makers in the country. Before coming to Charlotte he met with success at Cronley, near Wilmington, his business having grown beyond his facilities. Charlotte needs more enterprises on the order of that conducted by W. C. Thomas & Co. Such industries are the making of the city. All kinds of mattresses are made from the cheap excellent grade to the best on the market. A specialty is made of the Hygienic Pine Mattress, which is said to have many advantages. The factory extends a cordial invitation to the local trade to call and see how their beds are made, which is of itself an interesting operation, with the machinery. The capacity is 125 mattresses a day. From fifteen to seventeen men will be given employment at the work.

THE OLIVER FARM OF 270 ACRES Just south of the city, offers just now a rare opportunity for investment. As a farm it is in the highest state of cultivation and pays a handsome dividend from its cotton crop. Simply as a farm it is well worth the \$25,000 which price we are offering it, but it is a real value far beyond that, because its location to the city will soon make a large part of it available for SUBURBAN HOME SITES. It is also within about 100 yards of the Southern Railway and the pole lines of the Catawba Power Company cross the property and a contract between said company and the owner calls for cheap electricity whenever needed for light or power purposes. We state without hesitation that this property at \$300 per acre presents the finest opportunity for a very profitable investment of anything now offered on the Charlotte market. You will live to regret it if you do not take this opportunity.
