Correspondence of The Observer.

Greensboro, Dec. 14.—The exercises attendant upon the formal opening this afternoon of the Cornelia Phillips Spencer building of the State Normal and Industrial College for women, planned by the president, faculty and students of the institution were interesting, elethe 20 members of the club will go direct home from Warrenton. The ating, inspiring.

The assembly hall was filled to its utmost capacity by friends of the institution from the city, from other points of the State, the students, faculty, members of the board of directors, and representatives of the State gov-

Seated on the stage were noted: Mesars. Connor, of Northampton, Gray, of Releigh; Gattis, of Hillsboro; Parks, of Renderson; Bally, of Mocksville; hacy, of Raleigh; Ex-Superintendent ne, of Catawba; State Superintendent Joyner; State Treasurer, Lacy, Rev. Dr. Egbert Smith and Senator A. M. Scales, of Greensboro, President Winston, of the State Agricultural and Mechanical College; President Venable, of the State University; President Robinson, of the Greensboro Female College; President Charles D. Molver, of the State Normal and In-dustrial College, and others. To the last term. eft of the stage, the College Glee Club, under the direction of Prof. Clarence R. Brown, at appropriate intervals. de-lighted the audience with exquisite vocal music, while in the rear, Brockman's orchestra charmed with the witchery of stringed instruments.

tend. The exercises were opened with invecation by Rev. Dr. Egbert W. Smith, the First Presbyterian church of Greensboro, and a beautiful rendition of the "Chorus of Pilgrims" by the College Vocal Club.

Dr. George T. Winston, made the principal address. He had known Mrs. Spencer as a student at the University, as its president, and in after years, covering a space of more than 30 years, and his selection as the speaker of the occasion, was most appropriate.

Phillips, J. A. Morgan. Dr. Winston devoted the first part of his address to the discussion of woman: lected for the annual debate between her influence from the earliest dawn Trinity College and Emory College, of human life, and her educatory pow-er in every realm of human endeavor, which will be held during the Easter holidays at Craven Memorial Hall: showing that whatever of education, "Resolved, That it should be the pol-icy of the United States to confine itin common decency, behavior, civilization, religion, or any thing else that self to the ownership and government was uplifting, man had acquired, he of territory included in North America owed it to woman, in the home, as mother, wife, daughter or sister. His and adjacent islands." The preliminary for the choosing of the representatives basic epigram was "that the noblest mission of woman, was the building February 17th. Each college has won one debate each and the struggle for and preservation of the home, because this principle is fundamental, while the victory this year will be earnest that of technical education is suppleand interesting. mental." With many illustrations, wise, witty, and severe, the speaker enlightened and charmed his attentive audience. The latter part of his address was a splendid presentation of the peculiar appropriateness of the naming of the principal dormitory of the State College for women, their student home, after Mrs. Spencer, who was a "typical North Carolina woman, as wife, mother, grandmother, patriot and home lover, and State lover. He showed how she, was really the

second founder of the State University, and how she had helped in affairs of State, in war and in peace, by her pen, her hands, and in close counsel with such men as Swain, Vance, Cameron, Graham, Rffin, Bridges, Scales,

Davis, Morehead, for more than a generation. He paid a splendid tribute to her

versity, was presented and made a short address, speaking of Mrs. Spencer as one of the rebuilders of the University.

President Lucy H. Robinson, of the Greensboro Female College, next made most interesting talk, giving delightful personal reminiscences of her acquaintance with Mrs. Spencer.

Other short speeches were made by State Treasurer Lacy, Superintendent of Public Instruction Joyner, Senator trains from the various roads. A. M. Scales, Hon. R. T. Gray, Speaker of the House of Representatives S. M. Gattis, and the audience adjourned to the new building, where the inspection was made, and the notable occasion in the history of this notable institution came to a close.

REV. DR. BOYD PROTESTS.

He Disclaims the Speech Accredited to Him by Chicago Papers—His Pur-pose in Advocating Separate Presbyteries.

To the Editor of The Observer:

I am really afraid that if I don't send you a line, my old friends in North Carolina will think "that another good man has wone wrong" as you say in a recent editorial criticizing myself. The truth is that a good editor has gone wrong. You have made the mistake of thinking that Chicago dailles are as infallibly accurate in their news columns as The Observer. I never spoke of the war as "a rebel-You can't make my friends believe that. Lee and Jackson's picture, which came to me through the hands of Mrs. Jackson herself, hang in too conspicuous and honored a place in my home for that. Let me tell you something about these terrible Yankees among whom I live. They don't call it the "war of the rebellion" them-selves. The children are taught that it was "a war of the States." And more, my little girl came home the other ay from school delighted that Miss X had said that Lee was the greatest general since Washington. This teacher is a Yankee.

I advocated separate Presbyteries in by all and greatly enjoyed. After for the negroes. I did it because I delicious refreshments were served the want to see a national Presbyterian crowd amused themselves by telling Church and not a sectional church. I want to remove all obstacles to a union of all families of Presbyterians. I want to see the church of which I am now a member invade the South with such triumph that the whole Southern church shall be captured. Then I can meet my old friends and brethren at Crutchfield, Chas. La the General Assemblies. I want to meet them, for sometimes I feel homesick for Charlotte and the South. But A TRAVELING PAIN. There is no disease quite so peculiar that if I were to return I would be friendless in a place the memories of which are tender and dear to me. Finally, Mr. Editor, let me call to my old acquaintances through your columns and say. "Don't believe it." JOHN H. BOYD. Evanston, Ill. Dec. 15, 1994. A TRAVELING PAIN. There is no disease quite so peculiar as rheumatism. The pain which is in the little finger to-day may be in one of the toes to-morrow. And so it travels all over the whole system, seek-ing an outlet, and finding none, it set-the pains start out, and settle down and multiply. Dr. Drum-
