Special to The Observer. Greensboro, Dec. 16.-Sheriff Burch, of Florence. S. C., arrived here last night with requisition papers for J. M. Glibert, who was arrested and placed in jail here several days ago, charged

with bigamy and abduction. The officer left with Glibert this morning. Gilbert came here several months ago and brought a little girl with him. He was devoted to the child, and the lit-

the one spent much of her time with him in his stall at the city market, and was taken along by the sheriff this morning to be placed in the custody of her mother. Gilbert claims that his wife number 2, who is prosecuting him for bigamy, and for abduction of their child, became his wife through an honest mistake. That at the time he married her, he thought his first wife was dead, but afterwards learned she was alive, and he then took

his little girl and eloped. Mrs. Gilbert asserts that she is wife number four, and says that Gilbert has three other living living wives one in Georgia, one in North Carolina, one in Tennessee, and herself in South Carolina. Rumor here is, that Gilbert would have had a wife in Greensboro about Christmas, had he remained here.

reorganization meeting last At a night the capital stock was largely increased. Mr. Cole was elected as vice president and one of the directors. Oscar Williams was elected president and J. W. Fisher, secretary and treas-urer. The company does a very large wholesale grocery business.

The clgar factory here, has manufactured over 11,000,000 cigars during the year 1904.

Miss Glenn Causey, a very popular young lady here, and Mr. D. V. Mc-Lead, of the Cone Export and Commission, gave their many friends a genuine surprise by getting married last night. Rev. E. C. Hodgin performed the ceremony in the presence of a few intimate friends. The bride and groom left on the 2 o'clock train for a tour in northern cities and will be "at home" to friends here after December 25th.

In buying food-articles, you must consider several things: Economy, Results. Easy Handling, Reliability; but the most important is Health.

Health means everything. In clothes, furniture, etc., if the buyer gets a poor or imitation article, the only harm is loss of . money. In buying food-articles, if imitations are supplied, there is a loss of money, and probably an injury to health -which is beyond price.

Remember these facts when buying baking powder.
