## When Women Suffer

It is a sign of dangerous weakness and disease. Pain is always unnatural, and if you are a victim of headache, backache, sideache, pain in arms, shoulders, legs, pelvis, or suffer from cramps, falling feelings, grinding pains, restlessness, the blues, etc., it is a sign that you need the gentle assistance which can be obtained by taking

"My back ached every month" writes Mrs. Francis J. Ashburn of Clarkrange, Tenn., "till I could scarcely stand on my feet. I had pain low down and headache --- not a day without it --- and awful pain in my right and left sides. I could hardly lie down, and could not sleep nights. Doctors tried, but failed to give me permanent relief. I began to take Cardui, which soon benefited me, and now I feel like a new person." Cardui is a purely vegetable remedy, for all female diseases. It acts gently and specifically upon the sick womanly organs, and by strengthening and fitting them to do their natural work, it has restored to health thousands of hopeless invalids. Try it.
