Saluta County Poor Farm bain Gaug Sentence, Brings us Fact That There Are such Caress-Stir in Dispen-Arcles Over Prospective of Glass-Traveling Man Dead in Bed in Columbia Blind Tiger King Acquitted to News.

Observer Bureau, 1201 Main Street, Columbia, S. C., April 6.

In the matter of Clarence Thrailkill ing assigned to serve a three-year e he got for his part in the of Ben Burton, on account of red condition of his health forling him doing duty on the county ar, an interesting sidelight is thrown m the subject in a letter the Governor cived this morning from Sheriff ple, by way of explanation.

The letter indicates that the Saluda nty poor farm is being used genrally for this kind of cases. If other y supervisors throughout the follow the lead made by Salude, the situation with regard to these mort-term prisoners will be materially and alarm the State. alarmingly chaniged throughout

nor Heyward has referred Sheriff Sample's Jetter to Solicitor Timperman, directing the solicitor to tiring the matter before the Saluda grand jury for a thorough investigation. The Governor does not feel that ould deal with the matter with the information he has in hand.

The letter says: "My dear sir: Your letter dated the 4th instant has sir en received and noted. It is a fact that Mr. Clarence Thrallkill is at work on the county poor farm by lorder of they county supervisor and board of county commissioners of Saluda county, which order was made by reason of the fact that reputable physicians stated in certificates that Mr. Thrailkill was not physically able to undergo the exposures and hardships of hard labor on the county gang. So far as I am informed. I have no jurisdiction in this matter, Mr. Thrailkill having surrendered himself for service to the county supervisor and has been assigned to work by him. It may not be amiss to state that, as I am formed, others have been assigned to work in the poor house when their sentences were similar to Mr. Thrailkill's when it appeared that the parties condemned to service were not physically able to perform the service under the ns exacted on chain gang service. I believe it only proper to mention that, in connection with the poor farm of this county, there is a twoor four-horse farm, and Mr. Thrail-kill is assigned there as a laborer and not as an inmate of the poor house. It has been a custom in this county work the chain gang as a whole, on the poor farm, when weather conditions seemed to make it advisable to do so. If there are any instructions that it is my duty to fill, or any information that I can give, command

D. S. SAMPLE, Sheriff of Saluda County.
