BULLS REEP GRIP ON COTTON

Further Recovery Was Made From Severe Depression Resulting From Sass Francisco Dissister Despite Considerable Realizing by Friday's Buyers for a Turn.

New York, April 21.—The cotton market opsaed firm at an advance of 6 to 10 points in response to higher cables and bullish week-end statistics, together with experiations of a further reaction following the first severe depression resulting from the San Francisco disaster. Trading was moderately active and with the sweather in the South favorable there was considerable realizing by yesterday's buyers for a turn, under which prices cased off 5 or 3 points from the top. But the builts seemed to have a firm grip on the washer with the ports to-day for the weather is willing to sell a part of its probable yield in advance.

HALL IN REBOUND OF STOCKS.

der to Support Market Against Effect of California Calamity Came Back for Sale—Profit-Taking on Bank Statement's Strong Showing. Bank Statement's Strong Showing.

New York, April 21.—The movement towards recovery in the stock market, which was pronounced yesterday, came to a pause to-day. There was some evidence of strength during the early dealings, but the natural forces of reactions after the first recovery asserted themselves. Stocks which were purchased yesterday entirely for the purpose of supporting the market came back for sale to-day and the trading element, which had followed the rebound, also resold stocks. The tendency was emphasized after the appearance of the bank statement, the strong showing being taken advantage of to realize profits. The market was not very active at any time and fell into extreme duliness at intervals. Some of the stocks which have market was not very active at any time and fell into extreme duliness at intervals. Some of the stocks which have suffered from direct property losses in California made wide recoveries to-day.

Additional imports of gold are looked for next week. There was some recovery in stocks from the decline after the bank statement, but the closing tone was lirregular.
