Priest in Trenton Sharply Rebukes Women for Immodesty of Attire in Course of Sermon.

reuton, N. J., Special to New York Herald. The Rev. Father Thaddeus Hogan, one of the most prominent Catholic rectors in the Diocese of Trenton, created consternation among women in his congregation this morning when sharply rebuked them for the immodesty of their summer attire, expressing horror particularly because

of their "peek-a-boo" waists. He declared that such dress was unbecoming to any decent woman and should not be worn anywhere in public, especially in a house of worship, where the spirit of absolute purity in though and appearance should prevail. He also expressed himself very emphatically against the growing prac-tice of placing elaborate decorations on graves,

Repainting. Paint has no protection against the elements, and climatic changes

work hard and fast upon it. The best paint will eventually wear down, and the surface will have to be repainted. But when Pure White Lead and Pure Linseed Oil are used the surface is left smooth and free, all ready for the painter to begin his work. If, on the other hand, a hard,

lifeless, inelastic paint (such as zinc and barytes) has been used, it cracks, peels and wears off unevenly, leaving a scaly surface, necessitating the expensive and dangerous process of burning off before satis-

factory repainting can be done. To paint with cheap paint is to repaint at high cost, and too soon. Those who use
