Greensboro. June 12.—Everything has been Pythian here to-day. One hardly meets a soul upon the street who does not wear a Pythian badge. The incoming trains have all been loaded with Pythians. Pythians own the town. It has been given over to them by the mayor and the common council at the instigation of the local brethren.

council at the instigation of the local brethren.

There are at least 200 Pythian visitors in the city to-night and more are coming. The main street looks indeed like a gala occasion with the flying flags and waving bunting.

The committee on reception of visitors has had its hands full, but every stranger within the gatas has at once been made to feel at home. Pythian Hall, on Elm street, was made a general rendezvous and a reception committee was present at all hours to greet the new comers.

At 8 o'clock, however, it was changed from a public reception room to one more private and the grand lodge there assembled to ensage in those mysteries of which the outside public knows not a whit.

ENTERTAINED AT GRAND OPERA HOUSE.

But at 9 o'clock an adjournment gramme was given which delighted the audience sufficient to fill the auditorium to its utmost capacity. The programme as arranged by the committee was given in part. It was as follows:

Flute Solo-"Larkhetto." Furste-Flute Solo—"Larkhetto," Furstewan, Herr Conrad Lasher; selection
by orchestra; address of welcome, C.
C. McLean; vocal solo, "Unto Thy
Heart," Fran Allitson, Mrs. C. W.
Hanner, with violin obligato; response to address of welcome, A. S.
Barnard, grand chancellor; violin
solo, "Danses Tziganes," Op. No. 1;
"Tivander Nachez," Herr R. Roy;
drill by uniform rank, Knights of
Pythias, of Asheville.

Pythias, of Asheville.

Two features are worth more than a mere mention. The flute solo by Herr Conrad Lasher fairly took the audience from the first. The drill by the uniform rank, Knights of Pythias, of Asheville, took the house by storm. It is the first time this drill has ever been witnessed in Greensboro and the perfect clockwork-like evolution excited the deepest wonder and happily ended a most enjoyable entertainment. excited TO-DAY'S PROGRAMME.

The programme for to-morrow will embrace a convening at 9 o'clock of the grand lodge in Castle Hall for the transaction of business. In the afternoon the delegates and visitors will be given a trolley ride over the eity. In the evening the D. O. K. K. will hold a secret session in Neese Hall and let new members into the mysteries of the order. These interesting ceremonies will be fol-lowd by a grand banquet in Smith Memorial Hall. ### SCOTLAND COURT.

Judge Moore Concludes Term and Leaves for Wadesboro-Law Firm Dissolved-Laurinburg News Notes. Correspondence of The Observer.

Laurinburg, June 11.—Judge Moore has concluded the June term of court for Scotland county and has gone to Wadesboro, where he holds court this week. This was a mixed term of court and consumed the entire week. For the most part, petty criminal matters were disposed of, but some consent judgments were taken and one or two civil cases tried. This was Judge Moore's second visit to our county and our people are highly pleased with his conduct and manner f holding his courts.

Judge Neal, who has been holding

Forty-Eight Applicants, Including One Lady and Six Negroes, Take Ex-amination at Wrightsville. Special to The Observer.

Wilmington, June 12.-The annual meeting of the North Carolina board of pharmacy convened in the ballroom of the Seashore Hotel, at Wrightsville beach, this morning for the purpose of examining applicants for license. President E. V. Soeller, of Tarboro; Secretary F. W. Hancock, of Oxford, and all the other members of the board were present, viz. Messrs. C. D. Bradham, of Newbern; W. W. Horne, of Fayetteville, and C. B. Miller, of Goldsboro. The class for examination numbered 48 and, with the exception of last year when there were 56, the class is the largest on record. Of the number one is

est on record. Of the number one is a lady and six are negroes, the class coming from all parts of the State. The examination was set at 9 o'clock in the morning and several of the number, of smbryo pharmacists were not through with their papers at 8 o'clock to-night. The examination was considered thorough, but not undly rigid. The names of the applicants will not be announced until the papers have been examined. til the papers have been examined and graded by members of the board.

Destruçüve Tornado Strikes Tifton Ga.

Atlanta, Ga., June 12.—A special to The Journal from Titton, Ga., says a formado swept over the town late this afternoon, damaging more than fity houses. Eight tenement houses were destroyed, two persons were seriously injured and many others alightly hurt. The Presbyterion church also was wrocked. The damage so far reported, amounts to \$20,000. No reports have been received from the outlying country.

The talk of an electric car line from Reidsville to Madison is creating a great deal of interest in Stokes county and it is probable that an effort will be made to have the line continue from Madison into the center of this county, by way of Piedmont, Moore's spring and Vade Mecum. All of the stokes county resorts are interested in the project. Reidsville, being on the main line of the Southern, would make the resorts more accessible to the Northern tourists who go to Florida for the winter. Stokes county is rich in natural resources, and means for getting its minerals, fine tobacco, grain and lumber to market are bad-ly needed.

Dr. George E. Walton, an eminent authority on minerel waters, in a ten-column article about Vade Mecum Springs, says: 'The water of Vade Mecum, N. C., is in my opinion, the best in the United States of the alkaline-purgative class. It is of the same character as the celebrated Carlsbad of Germany, and, like that water, exceedingly well adapted to Carlsbad of Germany, and, like that water, exceedingly well adapted to the cure of diseases of the liver, gastic catarrh, gall stones gravel and diseases due to excess of uric soid." Winston-Salem, June 12.—Policeman J. J. Adams has entered for the Democratic nomination for sheriff. The announcement of Mr. Adams' candidacy was quite unexpected and caused considerable talk among those who are keeping tab on the political situe.

Birmingham Age-Herald,
The pending immigration bill in Congress is sectional, because it is an assault upon the development of the South. The sections and interests that are gorged with immigrants propose to suit themselves regardless of the South. The entire Southern vote should be lined up against the bill. It means that a white South is to be rendered impossible. Sirmingham Age-Herald,

welfth Annual Convention of Com-mercial Law League of America Will be Held in Mountain City July 30-August 2-Distinguished Speak ers on Programme.

Correspondence of The Observer. Asheville, June 11. — The Com-mercial Law League of America will meet in Asheville this year in twelfth annual convention. Much interest is already manifest among the lawyers of this city. The sessions of the convention will be held at Battery Park Hotel from Monday, July 80, to August 2, inclusive. It is expected that between 400 and 500 members will be in attendance from every part of the country and that, in addition, many other visitors will be here to attend the sessions. The programme for the meeting, a copy of which has just been received here, contains many interesting features. The social numbers on the programme will be interesting features of the convention and the delegates and visitors will be given one of the best times of their lives. Included in the social features are a side trip to Lake Toxaway, Tuesday afternoon, July 31, with a 6 o'clock dinner at Toxaway Inn. The first night of the convention there will be a reception and dance at Battery Park Hotel. This affair will be largely attended by both members of the league and local people. Wednesday afternoon, August 1, the visitors will enjoy a drive over

the Biltmore estate and to Biltmore House, while that evening the annual ball will occur at the Battery Park. The annual banquet will be given Thursday night, August 2, at 8

Among the distinguished visitors who will be here and address the convention will be Governor R. B. Glenn, of North Carolina; Governor N. Blanchard, of Louisiana, and, Hon. John Temple Graves, of Georgia. Judge J. C. Pritchard, of Asheville, and John G. Gray, of Seattle , Wash., will discuss the bankruptcy law. The delegates to the convention will be welcomed by Mayor Alf. S. Barnard. while the response to the address of welcome will be delivered by Hon. F. L. Siddons, of Washington, ex-presi-dent of the Commercial Law League. The annual address of President George Wentworth. Carr of the league will follow the response.

## Wages vs "Salaries"

The cry of the industrial world is for men who can actually do some thing. We have applicants every day by young men and old men who want "positions."

who want "positions."
"What can you do?" is the first question we ask, because we really need men. We need right now four good machinists and two moulders. These don't come along. If most of those who do come would answer our question in full frankness they would say, "I can't do anything in particular with any degree of efficiency except draw my 'salary' and quit promptly when the whistle blows."

The good mechanic's wages will usually range from \$50 to \$100 a month and these stand in the line of increase and promotion. The untrained man gets \$25 to \$40 a month and stands in the line of nothing. It seems a pity we haven't a better system of training the boys and young men in a way to make them capable of actually doing something. A machinist apprenticeship can't hurt any boy, even though he expects to be a lawyer or a doctor.

There's plenty of time between school and college terms to give a boy or young man a practical apprenticeship. This time is usually worse than wasted. The boy not only fails to learn to do some useful thing, but does acquire idle habits, sometiness vicious habits.

In our manufacture of pulleys, shafting, hangers, engine lathes, looms, spoolers, reels and other cotton and cotton oil machinery, we rejoice in the young fellow who has served his time and can actually take hold of the building of some of our machines. It's depressing to have the other young fellow come along—the one who has wasted the time of his boyhood and youth in idleness and who can do nothing in particular. Our view of the matter is that none of the schooling should be omitted, but that a reasonable portion of the intervening time should be applied to learning some trade. It's as easy to teach a boy to love work with the result of capability as it is to let him drift into habits of idleness with the result of incapability.
