BROWN-EASTERDAY.

Pretty Rome Wedding at Concord-Supper Followed the Ceremony, Special to The Observer.

Concord. June 28.—The first of a series of three prominent and interesting weddings for Concord this week was solemnized yesterday afternoon, when Miss Chassie Ray Brown became the bride of Mr. Charles William Easterday, a prominent business of the series of the serie ness man of Baltimore. This was one of the prettiest home weddings seen here for many a day. The great popularity of the bride gave an interest to the event, the memory of which will dwell through life with those who were so fortunate as to withess the event and share, in a degree, in the spirit of the union of hearts. The pretty home of Mr. and Mrs. Alfred Monroe Brown was beautifully and tastefully decorated in white with an intermixture of ferns and flowers.
Promptly at 5 o'clock Miss Ola
Brown struck the piano and to a
beautiful wedding march the bridal
party came down the stairs and entered the parlor, arranging around an altar made of ferns and water lillies. Miss Grace Brown and Mr. Luther Brown came first, followed by the maid of hono r, Miss Jennie Coltrane, The groom came with his best man, Earle Thompson, and the bride, on the arm of her father, followed and met the groom in front of the bridal altar and they were made man and wife by Rev. J. S. Shenk, of St. James E. L. church.

Supper followed the ceremony and delightful refreshments were served, the punch bowl being in charge of Mrs. Frank Brown on the enclosed veranda. Many beautiful presents attest the universal popularity of the young bride who is one of the most universally esteemed of the younger set. Mr. Easterday is a business man of Baltimore. While he is not known here by many, he has already won a place in the confidence Capt. Ingraham, of the American sloop-of-war St. Louis, de-manded his release. Cooling Breezes

The ocean is not the only waters which make cooling breezes. The waters of the Catawba also make them, for here in Charlotte the breezes made by the Catawba have a surpassing advantage over those of the ocean. To get the cooling breezes of the ocean, we have to go to the ocean. The old Catawba sends us an electric current and we supply the fan.

We have in stock a large lot of fans and we can send out men at any time to hook them up with juice from the Catawba Power Company, or from the 4 C's steam plant,
