This is to say that my personal attention was called last February to Dr. J. J. McKanna who came here at that time and used his Three-Day Liquor Cure on John Wyatt Walker, J. Will Stewart and others. I do not think I am exaggerating or doing the first two parties named an injustice when I say they were as completely addicted to the liquor habit as any two men ever were. Since taking this cure I see they are completely changed, have never tasted liquor since and say they have no desire for it.

Very Respectfully,
CHAS. A. PENN.

This is to certify that we are well acquainted with Messrs. Wade Toler, J. Wyatt Walker, J. W. Stewart, and Oscar Rudd, and have been for a long time. We knew them to be whiskey drinkers, and it affords us a great deal of pleasure to be able to say that they are now perfectly sober, and that they were cured by Dr. J. J. McKanna's Three Day Whiskey Cure, and we understand from talking with them that the taste is entirely gone, and that they have no desire whatever to indulge in the old habit. We knew them to be hard drinkers, and it is marvellous to us the way they have been cured.
