The effort of Congressman Black-burn and his followers to overthrow the present Republican organization in this State met a decisive defeat at the State convention at Greenaboro last night, when ex-Judge S. Witness the proceedings at their convention night before last and yesterday!

There is no special reason why a Democrat should have "ruthers" as between the Republican factions in North Carolina and yet we are rather glad that the organization Republicans whipped out the Blackburn aggregation at Greensboro. This because the result is water on Mr. Hackett's wheel. He should now be able to beat Blackburn handily, but still the Democrats of the eighth district need to be active and alert.
