"Elastic" There's a good deal in that word. When applied to Bookcases it suggests a living, growing, active, useful library. It also suggests "GLOBE-WERNICKE." This line is very much alive, every practical size, every popular finish, every device that makes for beauty and utility has been added, while every mill ever sold can be duplicated at any time. We carry the goods in stock. Call or write for catalogue. Stone & Barringer Co.
