Special to The Observer. Greensboro, Sept. 1 .- The State Reexecutive and campaign mmittees met here this afternoon were in session during a greater part of the afternoon and evening. The meeting was called in accordance with a resolution passed at the Republican State convention held here July 10th. They ever that these rates are unjust and unreasonable and that a fair rate would would be 58 cents to Washington and Baltimore and 61 cents to Philadelphia and New York. alleged that the rate on peaches from Macon and Atlanta is only 58 1-2 cents to Buffulo and 58 cents to Pittsburg, although the distance to those cities is much greater than that to any of the four cities first named.

The complainants also allege that they are inconvenienced by the demands of the private car company which operates the refrigerator cars and that they are forced to pay excassive charges for refrigeration. They say the refrigeration charges are 12 1-2 cents a crate, although nine cents a crate would be fair. They aver, too, that it is the duty of the desindants to furnish the refrigerator oars and not to farm out that business to a private company and compel shippers to make two contracts for the shipment of goods of that kind The commission is asked to investigate the charges and issue an order correcting the evils complained and to see that the injustice cited is discontinued.

In the other case, the Merchants' Traffic Association, of Daver, com-plains that the New York, New Haven Hartford Railroad Company and all of the important lines of railroad doing business between the Northern Atlantic coust and th Parific coust discriminate against Denver merchants nd jobbers in favor of those of San Francisco and other Pacifi coast points in the matter of freight rates. it is alleged that the defendant companies exact a rate on calleo and ome similar merchandise from Atlantic coast points to San Francisco and other Paciefi coast points of \$1 per hundred pounds, on carload lots, carload lots; whereas, to Denver and for carload lots.

On Paying of Bills

It is well to pay bills promptly, but not to pay the same bill twice. Sometimes book-keepers, by mistake, send out bills after they have been paid. If you pay by check, however, the canceled checks are returned to you and can be produced as receipts. Checking accounts are therefore more than a convenience. They are an insurance against overpayment. Every man or woman who pays bills should do so with checks.

Your checking account will be welcomed at The Charlotte National Bank, where you are assured of absolute security and the most courteous service
