He had not been at the machines a great while until it was demonstrated that he was des-lined for a higher duty. He was equal to any emergency. It mattered not how serious the straif the office became involved in, so long as Jim was in the shop there was confidence was in the shop there was confidence and ultimate triumph. It naturally followed that a man of Jim's talents and ambitions should finally find a place at the editorial desk and so it came about that by degrees he step-ped from the machine to the post of managing editor of The Observer. He was a tireless worker. No task seem-ed too great for him and he loved the shop. All the time and to everybody

Special to The Observer. Weldon, Sept. 1-Roanoke river owing to the continuous rains, has risen left. several times to the danger point,

threatening all the crops along its banks with utter ruin, but fortunately only low-lying tracts have been seriously damaged by the overflows. It is hoped that fair weather has now come to stay awhile, and that the rich river plantations will escape fur-

ther injury. The bad weather compelled the Weldon Cotton Mills to shut down for a day and a half, but they are now in full blast again. These mills, two in number, under the same management, are in excellent financial condition and will soon receive important improvements, one of which the addition of a gasoline engine

forts of the depot fail to realize that Weldon has good, attractive streets and residences. A stroll up Washington avenue, which is the principal

throughfare, will aid wonderfully giving the chance visitor a correct notion of the town. It is seldom one sees in so small a community so many lovely homes as may be seen in two or three handsome squares of this really pretty and city-like street.

Weldon just now is deeply interested in the new bridge that is soon to be built across the Roanoke river. The contract for the work was given a few days ago to the Roanoke Bridge Company for \$11,000.
