

THE TWIN CITY'S WELCOME

BIG CROWDS TO GREET BRYAN

Excursion Trains Will Carry Many People to Winston-Salem To-day to Hear Mr. Bryan—Moravian Minister to go to Africa—Hegel-Summer Wedding—Lady Falls and Breaks Arm—Young Ladies of Baker Academy Initiated into Secret Society—News Notes of Forsyth's Capital.

Special to The Observer. Winston-Salem, Sept. 17.—The Twin-City is prepared to give Mr. Bryan an earnest welcome and a royal reception to-morrow. The weather man has promised fair weather, but if his prediction falls the commoner will speak in one of the tobacco warehouses. The local committee is looking for a great crowd. Excursion trains will be run from North Wilkesboro, Mount Airy and Martinsville. A telegram received to-day states that W. A. Spray will send a big delegation. If the weather is favorable Mr. Bryan will deliver a brief address to the school children of Winston-Salem from the front porch at Mr. J. C. Buxton's residence. Mr. and Mrs. Bryan will be taken from the union passenger station to the elegant home of Mr. Buxton, where they will be entertained until the time for the speaking.

Rev. G. C. Brenecke, of Waterbury, Wis., who has been doing pastoral work in the southern province of the Moravian Church during Bishop Henderson's absence for several weeks, left to-day for home. After taking a medical course the young divine will go to Africa as a missionary of the Moravian Church. During his stay here he won many admiring friends.

Mr. Carlton White, who graduated from the Salem Academy, left to-day for New York to enter Columbia University, having been awarded a scholarship in that institution.

Miss Claude Winkler, a member of the Salem Academy, left to-day for New York to enter Columbia University, having been awarded a scholarship in that institution.

Invitations have been issued to the marriage of Mrs. Blanche Sumner to Mr. Walter J. Hegel, Wednesday morning, September 18th, at 10 o'clock, at the home of the bride, on Academy street, Salem. Mrs. Sumner is a young woman of attractive personality, whose sweet contralto voice is much admired. Mr. Hegel is a young man of exceptionally fine business ability and is associated in the management and ownership of the Salem Iron Works.

Miss Magale Kohns, a retired missionary from Japan and secretary of the woman's board of missions of the Methodist Protestant Church, conducted the morning and evening service at the M. P. church yesterday. In the afternoon she addressed the female members of the church, at which time a woman's missionary society was organized with 19 members. The officers elected are as follows: President, Mrs. J. M. Cummings; vice president, Mrs. W. M. Hassell; recording secretary, Miss Ellis Orrell; corresponding secretary, Mrs. W. W. Martin; treasurer, Miss Mabel Williams. Collections taken during the day for foreign missions aggregated \$161.72.

BROKE HER ARM. Mrs. R. L. Dalton had the misfortune Saturday to break her arm at the wrist while out driving. Thinking the horse was attempting to run away, she sprang from the carriage, falling on her left arm. A physician was called in and set the broken arm.

Rev. E. A. Hotten closed a meeting at Wachovia Arbor yesterday. The services resulted in seven applications for church membership.

GIRLS INITIATED. Miss Eleanor Green, of Durham, is here to witness the initiation of new members into the mystic order of the "Alpha Delta Phi," one of the secret societies of the Salem Female Academy. Those admitted on this occasion were Misses Helen Hayes, of Bristol, Tenn.; Norbert Bryan, of Washington, N. C.; Katie and Mary Dewey, of Rose Hill; Jennie and Helen Wilde, of the West Indies; and Dorothy Don, of Asheville. Although this society is only two years old, it is an important factor in the lives of the students, and one to which they are very loyal.

The county commissioners to-day made settlement with Sheriff Alspaugh and turned over to him the new tax books. His collections of State and county taxes aggregated about \$180,000. The insolvent list amounted to \$2,750.

SALISBURY READY. All Preparations Made for Extending Royal Welcome to Mr. Bryan To-day—Many Republicans Will Hear Him.

Special to The Observer. Salisbury, Sept. 17.—Everything is almost in readiness for the great Bryan reception to-morrow and if any sort of decent weather prevails, there will be an almost unheard-of crowd to hear him speak. Carpenters are at work upon the stand from which he will speak and the committees have raised the money necessary to forward the Nebraska on the trail. A committee of Salisbury ladies will meet Mrs. Bryan and take care of her during the stay here. It is the purpose of Mr. Bryan to deliver a long speech at this place, the necessity of doing his best following his old friend, Secretary Shaw, being apparent.

The Republicans will do the proper thing by him. Some of the most influential of that party will shut up their business places and contribute to the crowd. The Democrats were especially attentive to Secretary Shaw and although Republicans don't bank much upon reciprocity, they are going to swap kindnesses this time with the Democrats. Congressman Blackburn said in his speech here that he was amazed by many of the Republicans not to bring Shaw here, that he would be insulted. The Congressman replied that he did not fear any incivility and requested the Republicans to treat Bryan as well.

SMALL HOPE FOR RECOVERY

Capt. Jake Fisher's Condition Critical—Another Salisburian Seriously Ill—Damage Suit for \$20,000—Rowan News Notes.

Special to The Observer. Salisbury, Sept. 17.—Blasting for the material to be used in the foundation of the great transfer shed between Salisbury and Spencer has begun and the work will begin at a very early date. This is to be one of the largest freight stations in the South and will contribute in great degree to the relief of the congestion of freight on the Southern. The removal of the dirt alone will cost in the neighborhood of \$15,000.

Captain Jake Fisher, whose serious illness was noted in this morning's Observer, spent a restful night and Dr. Archie, of Concord, a son-in-law, took hope of him. This afternoon change for the worse removed that consolation and there is hardly a chance for him through the night.

Mr. D. L. Saylor, one of the city's grand old men, is very ill at his home on the extreme end of Innis street and grows gradually weaker. He is a great friend of The Observer and has been a subscriber since his first issue. He has been in wretched health for the past several weeks and his death is but a short time off.

Mr. W. T. Hodges, representing the McMillan Company, went to Concord this afternoon after several days here with his company's books. He found Salisbury a fine field for the dissemination of his goods and Salisbury found him a delightful dealer from whom to purchase. He is remembered as the former principal of the Goldsboro graded schools and a rare gentleman.

Miss Bessie Henderson leaves to-morrow for the Adirondacks in New York where she visits Mrs. Catherine Henderson, sister for several weeks. The largest damage suit instituted by a Rowan person in a long time has started against the Southern for the death of Harvey A. Smiley, a fireman on the Yadkin road who was killed in July. The action is brought by G. W. Garland, of this city, and Col. John A. Barringer, of Greensboro. It is quite likely that the case will be fought directly in the Federal court, the noted James case having had such a circumlocution years ago through the State courts, that the Federal tribunal will be employed. The attorneys ordinarily prefer the petit juries and, inasmuch as the condition of the Yadkin is such as to furnish a fine theme for oratory, the Southern is lucky that the case goes elsewhere.

Mr. Smiley was killed near Salisbury two months ago. The Yadkin road-bed was admittedly bad and the engine was being pushed backwards. The rails spread and the locomotive, turning over, crushed and scalded the young fireman to death. Negligence in running the train is alleged in the complaint and the condition of the road will be made a great point.

The attorneys will attempt something not new but not habitual. They will ask for punitive damages. The corporation commission has reported the road in a wretched condition and these matters will be hard pressed. The amount of damages asked is \$20,000.

The Livingstone College Carnegie library building, the Flood Theological building and the Industrial Hall are now approaching completion. The library and the theological seminary buildings are beautiful structures and gifts of philanthropy. Carnegie gave the library and it has no strings to it. The A. M. E. Zion Church, donors of the theological building and names it after Bishop Hood, the oldest prelate of the colored Church and very probably the oldest bishop in the world. The students, aided by colored architects and carpenters, have done all the work. They made the bricks, laid them, and showed a degree of industrialism not to be discredited. It is that quality which caused Rev. Dr. Murdoch to say to Bishops Whipple and Mrs. J. H. Livingstone is the ideal colored institution of the United States. The institution is not yet opened. It promises more than ever, which is saying a great deal. No colored college anywhere is such a benediction to the race as this one.

SEVENTY PRINTERS EXPELLED. Washington Union Dismisses Them for Refusing to Pay Strike Assessments.

Washington, Special, 18th, to New York. The Columbia Typographical Union of Washington to-day voted to expel 70 members who refused longer to pay an assessment levied for strike benefits on account of the strike against employing printers in the District of Columbia, which has been on since last January. The dismissed members are all employed in the Government Printing Office, and it is said that the number expelled may reach 150 before the matter ends.

The action taken to-day may lead to no end of trouble in the government office. Public Printer Billings has given it out flat that no man shall be molested in his work on account of the fact that he does not belong to a union. The President has recognized the union shop. To-day's action makes the government office, in fact, what it has been in name, an open shop.

The feeling shown at the meeting of Columbia Typographical Union toward the expelled members was intense, and it is predicted that there will be frequent clashes between those expelled and the union printers who voted to expel them.

The bookbinders' union has voted to ask the President to investigate the Government Printing Office on account of the action of Public Printer Billings in suspending A. J. Tanner, an employe in the bindery.

X. M. C. A. in New York. Calcedonian.

Greatest New York is the greatest X. M. C. A. centre in the world. It has more than 45 organizations and 20,000 members; it has 400 secretaries and employes, and 2,000 of its members are office-holders and committeemen. Its largest building, the Twenty-third street branch, cost \$1,500,000 and has 2,500 members. Branch associations are located in all parts of the city, and are extending into the Bronx and out into the parks of Brooklyn.

OLD OFFICERS RE-ELECTED. Stockholders and Board of Directors of C. & N. W. Railway Pleased With Present Management—Road is Progressing.

The Most Popular Chew Made. There is real enjoyment in chewing SCHNAPPS tobacco. That's why it has won millions of chewers every year, until now more is sold than all similar tobaccos. SCHNAPPS, the most popular product of the Reynolds factories, is manufactured in the very heart of the Piedmont tobacco belt, known to the world as producing tobacco with an aroma so delightful and appetizing that it introduced and popularized the chewing of tobacco. The Clean, Pure Chew is manufactured by the cleanest and most healthful processes ever devised, under the direction of men who have made the chewing tobacco business a life study, and who have managed the R. J. Reynolds Tobacco Company since 1875. Only choice selections of thoroughly cured leaf are used in SCHNAPPS, and expert tests prove that this class of tobacco requires and takes a smaller amount of sweetening than any other kind of tobacco grown—and that it has a wholesome, stimulating and satisfying effect on chewers, besides being the most economical. There are a great many imitations claiming to be "just as good" as R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

IT IS MARSA. To the Editor of The Observer: Miss Lindsay Patterson has not invited me to her party but the wine she wants, whose name she has forgotten, is Marsala, brought from "the singing seas of her beloved Sicily." Lachryma Christi is its only rival and no one could listen to "run nigger run" or go through her square dances after drinking that. What a charming descriptive power is shown in her article in yesterday's Observer. CONNOISSEUR. Greensboro, Sept. 17, 1906.

IT IS FOR LADIES, TOO. They Can Stop Their Hair Falling Out With Herpicide. Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair-dressing there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CRYSTAL PALE BEER IS A PURE FOOD DRINK. Our brewery is located amid the mountains. Our beer is brewed from the purest mountain spring water. It is heavy in nutritious malt, but so extremely light in alcohol that it is, in truth, a real temperance beverage! It is more nutritious than milk, and far less harmful than coffee. It is always thoroughly aged and sterilized beyond possibility of germ infection. Write, phone or send for a case. It brings health and consequent cheer to the home. The New South Brewery & Ice Co. (Inc.) Asheville, Wisc. Liquor and Soda Water Co. Distributors.

Try This For Indigestion! It will restore your lost appetite, renew and whet the desire for wholesome food and give you power to properly digest what you eat. You will again know the keen enjoyment of a good square meal. Fehr's Malt Tonic is a predigested tonic food composed of barley malt, hops, and the purest of pure crystal water. Nothing more—no drugs—no chemicals. Its provision is to aid nature by strengthening the nerves, blood and muscles, so that the stomach can do its own digesting. It is delightfully palatable. FOR SALE BY ALL DRUGGISTS. Fehr's Malt Tonic Dept., Louisville, Ky.

Get a Re-Print Copy of the Original Lawson's History Of North Carolina. Valuable to Any Library. Formerly Sold for \$2.00, Now Sold THE OBSERVER PRINTING HOUSE.

THE MOON IS MADE OF GREEN CHEESE. Many people would lead her to believe, when the housewife goes to purchase flour for her baking day—but if she has once used the Pride of Charlotte flour she will take nothing else. It is made of the choicest selected wheat and ground at our mill. MECKLENBURG FLOUR MILLS. J. Lee Kolman, Proprietor. Phone 25.

MANTLE WORK. It is a specialty of ours, and our mantels are far superior, both in mechanical workmanship and style, to the ordinary stock mantel. We'd like you to inspect our designs at first hand and know personally and perfectly the difference between our work and others. We'll prove money saving knowledge to you. We also handle tiles and grates. Write for catalogue. J. H. WEARN & CO. CHARLOTTE, N. C.

Cooling Breezes. The ocean is not the only waters which make cooling breezes. The waters of the Catawba also make them, for here in Charlotte the breezes made by the Catawba have a surpassing advantage over those of the ocean. To get the cooling breezes of the ocean, we have to go to the ocean. The old Catawba sends us an electric current and we supply the fan. We have in stock a large lot of fans and we can send out men at any time to hook them up with juice from the Catawba Power Company, or from the C. C. steam plant. THE D. A. TOMPKINS CO. Electric Supplies. CHARLOTTE, N. C.

Trunks, Bags and Suit Cases. Largest and best selected line in the city. We offer our celebrated CHARLOTTE TRUNK as the best example of strong, practical trunk-making on the market. Sizes 28, 30 and 32-inch (extra) stand \$2.25, \$2.50 and \$3.50. Sizes 24, 26, 28 and 29-inch (Ladies' size) \$1.00, \$1.25, \$1.50 and \$2.00. OUR SCHOOL TRUNKS have the world's Sizes 23, 24 and 26-inch at \$1.00, \$1.25 and \$1.50. Make a visit to our store. GILREATH & CO.
